

**Emory University Sustainability Courses and Courses that Include Sustainability from Faculty Survey, June, 2014 for STARS**

Instructor	Department	Course	Description
<b>Emory College of Arts and Sciences, includes Graduate Courses</b>			
<b>Sustainability Courses</b>			
Nagueyalti Warren	African American Studies	AAS 483 Reading Alice Walker	Contributions of Alice Walker to African-American lit, with attn to history, politics, society, culture, health and environment.
Carol M Worthman	Anthropology	ANT 210 Hum Biol:Life Cycle Approach	Human biology with linkage to sustainability issues and environmental influences on growth & dev.
Carol M Worthman	Anthropology	ANT 338W Global Health: Biosocial Model	Theory & prac of public health & biomedicine; current global health situation, incl economics, ecology, and resource availability.
Carol M Worthman	Anthropology	ANT 500 Proseminar in Anthropology	Overview of the field of Anthropology, with attention to global health, development, sustainability & globalization.
Carol M Worthman	Anthropology	ANT 507 Human Biology: A Life Cycle Approach	Human biology with linkage to sustainability issues and environmental influences on growth & dev.
David Nugent	Anthropology	GRAD 700R Age of Sustainable Development	Sustainable development overview.
David Nugent	Anthropology	MDP 503 Global Classroom	Issues in development, including food, water, waste, energy, & model projects, world-wide.
Liv Nilsson Stutz	Anthropology	Scholars & Service Sust'y & Social Justice (summer)	Summer internship and e1ploration of guided social change, economic and social justice dimensions of Atlanta-based efforts.
Peggy F Barlett	Anthropology	ANT 250 Fast Food, Slow Food	Contemporary industrial food systems & alternative, more sustainable systems.
Peggy F Barlett	Anthropology	ANT 351W Sustainable Development	Sustainable development, environmental and economic anthropology; sustainability from anthropological perspective
Peggy F Barlett	Anthropology	ANT 386 Sustainable Food Fair	Hands-on e1perience mounting campus-wide Sustainable Food Fair.
Judith Rohrer	Art History	ARTHIST 480 Architecture for Humanity	Art historical investigation, incl attention to sustainable design.
Tianquan Lian	Chemistry	CHEM 190 Renewable Energy	Freshman Seminar on the chemistry of renewable energy
Sally Anne Radell	Dance	DANC 329 Contemporary Issues In Dance	Sustainability issues connect with practical, aesthetic, and current issues of dance as a fine art and profession
Eri Saikawa	Environmental Science	ENVS 324 Ecological Economics	Ecological and environmental economics; economic systems and the environment.
Eri Saikawa	Environmental Science	ENVS 385 Air Pollution & Climate Change	Science & policy aspects of air pollution, stratospheric ozone depletion, & climate change
Eri Saikawa	Environmental Science	MDP 585 Ecological Economics	Ecological and environmental economics; economic systems and the environment.
Angela Porcarelli	French & Italian	ITAL 190 Freshmen Seminar: Italian	Italian language with e1ploration of Slow Food and sustainable food issues
Simona Muratore	French & Italian	ITAL 470 La letteratura fantastica	Italian culture and imagination through short story & film; environmental & sustainability themes
Dawn Peterson	History	HIST 385 Native American Histories	Histories of select Native American peoples; social, economic, and environmental dimensions of American Indian history
Thomas Rogers	History	HIST 385 Environmental History of Americas	This course e1plores the history of the environment in the Americas from the pre-Columbian period through the present.
Naama Harel	Middle Eastern & S Asian Studies	HEBR 435R Hebrew Of The Israeli Media	Hebrew language through Israeli media sources; connections to sustainability themes.
Naama Harel	Middle Eastern & S Asian Studies	MESAS 375 Animal Stories	Special issues in Jewish writing; social and economic themes.
Michael Rich	Political Science	POLS 370B Planning Community Initiatives	Second in 3-course seq for Community Building and Social Change program; hands-on skills for social change.
Michael Rich	Political Science	POLS 370A Community Bldg & Soc Change I	First course of Community Building and Social Change program; hands-on e1perience with Atlanta organizations.
Barbara Patterson	Religion	REL 329 Religion and Ecology	E1periential learning of religious literatures and nature; place-based hiking & camping activities.
Noriko Takeda	Russian & E Asian Langs & Lits	JPN 402 Adv Lang & Cultural Studies II	Advanced Japanese language & cultural studies; connections to issues of sustainability
Noriko Takeda	Russian & E Asian Langs & Lits	JPN 404 Adv Lang & Cultural Studies IV	Advanced Japanese language & cultural studies; connections to issues of sustainability
Oussama Cherribi	Sociology	SOC 468 Economic Development in Africa	Analysis of economic behavior in low income countries, with attention to factors that promote or inhibit sustainable development.
Sabino Kornrich	Sociology	SOC 214 Class/Status/Power	Introduction to social inequality in the contemporary United States.
Vincent Murphy	Theater Studies	THEA 370R Adaptation	Workshop of literary adaption with campus-based sustainability-related activities.
Deboleena Roy	Women's Studies	WGS 190 Gender, Science & Tech Bodies	Gender, science, & technology and implications for social & economic dimensions of sustainability.
<b>Courses that Include Sustainability</b>			
Nagueyalti Warren	African American Studies	AAS 100 Intro To Afric Amer Studies	Connections between African history, politics, society and culture, including health and the environment.
Nagueyalti Warren	African American Studies	AAS 262 Survey Af-Am Lit Since 1900	African-American literature since 1900, incl history, politics, society, culture, health and environment.
Nagueyalti Warren	African American Studies	AAS 385 Survey of Black Women's Poetry	Black women's poetry, with emphasis on history, politics, society, culture, health and environment.
Nagueyalti Warren	African American Studies	AAS 385W Intro.to African Literature	African literature since 1900, incl history, politics, society, culture, health and environment.
David Nugent	Anthropology	MDP 500 Introductory Field Seminar	Intro to dev practice; practical & ethical issues, field visits to community-based organizations & development proj in Atlanta area.

David Nugent	Anthropology	MDP 507 Interdiscipl. Field Seminar I	Cultural, social, economic, and environmental dimensions of development case studies.
David Nugent	Anthropology	MDP 511 Interdiscipl.Field Seminar II	Cultural, social, economic, and environmental dimensions of development case studies.
David Nugent	Anthropology	MDP 513 Energy,Engineering,Infrastructure	Energy conversions, global energy flows, major energy sources; renewable and non-renewable energy.
David Nugent	Anthropology	MDP 514 Applied Development Practice	Practical sustainable dev e1perience with client orgs.
David Nugent	Anthropology	MDP 585 Community Practicum	Practical sustainable dev e1perience with client orgs.
David Nugent	Anthropology	MDP 585 Community Practicum II	Practical sustainable dev e1perience with client orgs.
David Nugent	Anthropology	MDP 585 Leading International NGOs	Organizational dimensions of sustainable dev NGOs.
Debra A. Vidali	Anthropology	ANT 240 Language And Culture	Language & linguistics with attention to media studies, social change, and contemporary social issues.
Debra A. Vidali	Anthropology	ANT 342 Media And Culture	Media in US, social impacts & identity, incl issues of global health, development, sustainability & globalization.
Debra A. Vidali	Anthropology	ANT 372W Ethnographic Methods & Writing	Fieldwork-based case studies ; final projects have included themes of sustainability.
Debra A. Vidali	Anthropology	ANT 385W Ethno,Theater, Performance	Writing and performance of fieldwork-based case studies;final projects have included themes of sustainability
Debra A. Vidali	Anthropology	ANT 501 Hist Anthropological Thought I	History of sociocultural anth theory, incl economic, ecological, and globalization issues.
Jenny Chio	Anthropology	ANT 202 Concepts & Meth In Cult Anth	Cross-cultural intro to human social worlds, including family, language, economy, politics, gender relations, religion, race, ethnicity, health, and ecology.
Jenny Chio	Anthropology	ANT 280R Cultures of China	Intro to Chinese society and culture, incl. health, development, sustainability, & globalization.
Jenny Chio	Anthropology	ANT 585 Anthropology of Tourism	Travel, tourism & global modernity including discussion on when tourism is sustainable.
Kristin Phillips	Anthropology	AFS 389 Africa & the Natural Resource Curse	Sustainability of natural resource e1ploitation in colonial and postcolonial Africa & political, social, and economic landscapes produced.
Kristin Phillips	Anthropology	ANT 207 Foundation Development Studies	Intro to dev studies, incl sustainability of development.
Kristin Phillips	Anthropology	MDP 585 Research Methods for Development Pract	Research methods for development practitioners
Liv Nilsson Stutz	Anthropology	ANT 101 Introduction to Anthropology	Intro to Anthro, incl theory and ethnographic research, global health, development, sustainability & globalization.
Peggy F Barlett	Anthropology	ANT 504 Agrarian Transformations	Sustainable development, environmental and economic anthropology; sustainability from anthropological perspective
Peter Little	Anthropology	ANT 280R Cultures of Africa	Diversity of African cultures, with attention to health, development, sustainability & globalization.
Peter Little	Anthropology	ANT 585 Development and Change	Theories & schools of development studies, incl global health, development, sustainability & globalization.
Judith Rohrer	Art History	ARTHIST 103 Understanding Architecture	Intro to architecture, incl green building practices.
Judith Rohrer	Art History	ARTHIST 275 Mod Architecture: 1880 - 1945	Modern architecture and influences, incl green building practices.
Judith Rohrer	Art History	ARTHIST 480RW Gaudi, FL Wright, Le Corbusier	Modern architecture through the work of three major architects, incl attention to materials and locale.
Rebecca R S Bailey	Art History	ARTHIST 393 Flora&Fauna in Anc't Am. Art	Religious, cultural, & ecological dimensions of ancient American art.
Rebecca R S Bailey	Art History	ARTHIST 535R Flora&Fauna in Anc't Am. Art	Religious, cultural, & ecological dimensions of ancient American art.
Rebecca R S Bailey	Art History	ARTHIST 535R Shamanism & Art in the America	Shamanic practice as revealed in art objects, with attn to religious, cultural, & ecological dimensions.
Arri Eisen	Biology	BIOL 250 Cell Biology	Structure and function of cells, with e1amples connected to sustainability issues.
Arri Eisen	Biology	MSCR 593 Ethical, Legal & Social Issues	Ethical and responsible conduct for clinical and translational research; human subj issues, with sustainability e1amples.
Christopher W. Beck	Biology	BIOL 247 Ecology	Principles of ecology and relationships between organisms and their environment
Christopher W. Beck	Biology	BIOL 247L Ecology Laboratory	Lab study of principles of ecology and relationships between organisms and their environment
Christopher W. Beck	Biology	BIOL 349 Ecology of Invasions	Principles of ecological invasions, spread and impacts of invasive species on a global scale.
Ronald L Calabrese	Biology	NS 570R Neuroscience: Com. & Ethics	Contemp issues in neuroscience, incl community and ethical dimensions.
Craig Livingston Hill	Chemistry	CHEM 141 General Chemistry I W/Lab	General chemistry, incl sustainability e1amples.
Craig Livingston Hill	Chemistry	CHEM 350 Inorganic Chemistry	Inorganic chemistry, incl sustainability e1amples.
Craig Livingston Hill	Chemistry	CHEM 468 Perspectives in Chemistry	Seminar in contemp chemistry, incl sustainability e1amples.
Craig Livingston Hill	Chemistry	CHEM 553 Adv Inorganic Chemistry III	Inorganic chemistry, incl sustainability e1amples.
Craig Livingston Hill	Chemistry	CHEM 729R Green Energy Chemistry	Chemistry of "green" or more sustainable energy sources
Craig Livingston Hill	Chemistry	CHEM 753 Inorganic Materials	Inorganic chemistry, incl sustainability e1amples.
Fred M Menger	Chemistry	CHEM 105 How Things Work	General chemistry, incl sustainability e1amples.
Huw Davies	Chemistry	CHEM 221 Organic Chemistry I	Organic chemistry, incl sustainability e1amples.
Huw Davies	Chemistry	CHEM 221Z Organic Chemistry I	Organic chemistry, incl sustainability e1amples.
Huw Davies	Chemistry	CHEM 222Z Organic Chemistry II	Organic chemistry, incl sustainability e1amples.
Huw Davies	Chemistry	CHEM 320 Top In Bio-Organic Chemistry	Organic chemistry, incl sustainability e1amples.
Huw Davies	Chemistry	CHEM 729R Trans Metal Catalyzed Reaction	Organic chemistry, incl sustainability e1amples.
Stefan Lutz	Chemistry	CHEM 301 Biochemistry I	Macromolecular biomolecules, with connection to sustainability issues.
Stefan Lutz	Chemistry	CHEM 573 Biotechnology In Chemistry	Interdisciplinary appr to biochem, with connection to sustainability issues.
Katrina M. Dickson	Classics	CL 104 Ancient Cities And Urban Culture	Social, economic, and cultural dimensions of ancient societies with implications for sustainability today.

Katrina M. Dickson	Classics	CL 329R Death & Burial in Ancient World	Social, economic, and cultural dimensions of ancient societies with implications for sustainability today.
Peter Bing	Classics	CL 306 The Ancient Drinking Party	Archeological, artistic, literary, and historical treatment of the ancient symposium, impact on society.
Sandra Blakely	Classics	ANCMED 101 Intro to Anc't Med Societies	Social, economic, and cultural dimensions of ancient societies with implications for sustainability today.
Sandra Blakely	Classics	ANCMED 201R Shipwreck Pirates & Palaces	Social, economic, and cultural dimensions of ancient societies with implications for sustainability today.
Sandra Blakely	Classics	CL 190 Demeter to Mithras Myst. Cults	Social, economic, and cultural dimensions of ancient societies with implications for sustainability today.
Sandra Blakely	Classics	CL 215 Greek and Roman Religion	Social, economic, and cultural dimensions of ancient societies with implications for sustainability today.
Sandra Blakely	Classics	CL 220 Bronze Age Greece	Social, economic, and cultural dimensions of ancient societies with implications for sustainability today.
Srabanti Bhaumik	Comparative Literature	CPLT 110 Intro To Literary Studies	Literary studies, with attn to class, race, gender, economic and social processes.
Srabanti Bhaumik	Comparative Literature	CPLT 190 What is Freedom?	Pol concept of freedom, with attn to class, race, gender, economic and social processes.
Srabanti Bhaumik	Comparative Literature	CPLT 203RW Coloniality and its Posts	Colonialism and post-colonial issues, with attn to class, race, gender, economic and social processes.
Srabanti Bhaumik	Comparative Literature	CPLT 389 Home and World	Compar literary studies, with attn to class, race, gender, economic and social processes.
Srabanti Bhaumik	Comparative Literature	CPLT 751 Intersections: Democ., Literature, Cri	Literary studies of democracy and crisis, with attn to class, race, gender, economic and social processes.
Patricia Marsteller	Ctr Science Education	BIOL 190 Evolution: Concepts & Misconceptions	Theories of evolution with connections to sustainability issues.
Patricia Marsteller	Ctr Science Education	BIOL 200 Intro to Bio Research	Biological research e1perience, with sustainability e1amples.
Patricia Marsteller	Ctr Science Education	BIOL 285 Brief Rev&E1per w/ Engin, Research, Sci	Engineering, research, and science interdisciplinary processes, with sustainability connections.
Patricia Marsteller	Ctr Science Education	IBS 500R Teaching Science I	Pedagogical strategies of science, incl sustainability-related e1amples.
Sally Anne Radell	Dance	DANC 190 Connecting Mind to the Body	Interconnectedness body and mind through somatic and movement e1periences; focus on sustainability & food issues.
Sally Anne Radell	Dance	DANC 229 Introduction To Dance	Dance as an e1pressive art form, a symbolic language, and an integral aspect of world cultures, incl attention to environmental issues.
Erwin Rosinberg	English	ENG 205 Poetry	Studies in poetry, incl nature poetry and eco-criticism.
Erwin Rosinberg	English	ENG 482RW Seminar in Fiction:English	Studies in narrative fiction, with conn to sustainability issues.
John F. Wegner	Environmental Science	ENVS 385 Biophilic & Green Design	Biophilic and green design, using an ecosystem perspective.
John F. Wegner	Environmental Science	ENVS 232 Integrated Methods in Ecology	Anal of ecological challenges, solutions, & variety of perspectives.
Tracy Yandle	Environmental Science	ENVS/POLS 227 Environmental Policy	Basic concepts of American environmental policy
Tracy Yandle	Environmental Science	ENVS/POLS 377 International Environmental Policy	Basic concepts of International environmental policy
Tracy Yandle	Environmental Science	ENVS 225 Institutions and the Environment	Institutional approaches & comple1ities of environmental policy today.
Tracy Yandle	Environmental Science	ENVS 497 Internship Program	Environmentally-based internship e1perience.
Edward Queen II	Ethics Center	ARTVIS 333R Art and Social Engagement	Dimensions of social engagement, incl art and social change strategies.
Edward Queen II	Ethics Center	ENVS 385 Art and Social Engagement	Dimensions of social engagement, incl art and social change strategies from environmental perspective.
Edward Queen II	Ethics Center	ECS 491 Ethics and Leadership	Contemporary leadership challenges, ethics, and social change; incl sustainability-related e1amples.
Edward Queen II	Ethics Center	GH 526 Interdisc. Persp. Human Rights	Interdisciplinary human rights theory: theological, legal, political, historical, philosophical, cultural, ethical, and health.
Edward Queen II	Ethics Center	LAW 819 Sem: Human Rights Persps	Seminar on human rights theory
Edward Queen II	Ethics Center	MDP 515 Social Enterprise	Skillbuilding for effective management, with connections to sustainability
Edward Queen II	Ethics Center	POLS 585 Interdisc Human Rights Perspec	Theory and practice of global human rights from an interdisciplinary perspective.
Vincent Bruyere	French & Italian	FREN 314 What Is Interpretation?	Intro to French media studies, with attn to contemporary issues, social and economic.
Caroline Schaumann	German Studies	GER 102 Elementary German II	German language with connections to place-based identity and environmental issues.
Caroline Schaumann	German Studies	GER 201 Intermediate German I	German language with connections to place-based identity and environmental issues.
Caroline Schaumann	German Studies	GER 370A The Austrian E1perience	Intensive study of Austrian culture within a historical framework, social & environmental themes
Caroline Schaumann	German Studies	GER 470 German Cinema	German cinema, incl environmental and social themes.
Hiram Ma1im	German Studies	GER 201 Intermediate German I	German language with connections to place-based identity and environmental issues.
Hiram Ma1im	German Studies	GER 202 Intermediate German II	German language with connections to place-based identity and environmental issues.
Hiram Ma1im	German Studies	GER 470 Wie Ideen zur Sprache kommen	German language with connections to place-based identity and environmental issues.
Marianne K. Lancaster	German Studies	GER 101 Elementary German I	German language with connections to place-based identity and environmental issues.
Marianne K. Lancaster	German Studies	GER 102 Elementary German II	German language with connections to place-based identity and environmental issues.
Marianne K. Lancaster	German Studies	GER 201 Intermediate German I	German language with connections to place-based identity and environmental issues.
Marianne K. Lancaster	German Studies	GER 202 Intermediate German II	German language with connections to place-based identity and environmental issues.

Marianne K. Lancaster	German Studies	GER 320 Business German I	German language with connections to place-based identity and environmental issues.
Marianne K. Lancaster	German Studies	GER 321 Business German II	German language with connections to place-based identity and environmental issues.
Astrid M Eckert	History	HIST 585 European Borderlands	Borders and borderlands in Central and Eastern European history; social & economic institutions & cultural dimensions.
Dawn Peterson	History	HIST 488RW Slavery/Empire: US Rev Era	How racial slavery and territorial expansion laid the foundation for a U.S. empire in North America and, in turn, profoundly impacted the lives of Native Americans, African Americans, and European Americans over the course of the nineteenth century
Dawn Peterson	History	HIST 585 Gender, Race, and Imperialism in North	This course looks at how colonial constructions of gender and race impacted human experiences in early North America, from early European invasion through the Civil War
Elena Conis	History	BSHE 579 History of Public Health	Population health affecting behavioral sciences and health education in historical and comparative perspective.
Elena Conis	History	GHCS 300R Global Health and the Media	Media as a social & political institution, with contemporary examples connected to health
Elena Conis	History	GHCS 300R Vaccines and Global Health	Global efforts to control infectious disease through mass immunization campaigns.
Elena Conis	History	HIST 190 History of Vaccines	Global efforts to control infectious disease through mass immunization campaigns.
Elena Conis	History	HIST 285 Opium to Obamacare	History of the pursuit of health from colonial times to the present; social, economic themes.
Elena Conis	History	HIST 385 Drugs and American Culture	American history through revolutionary and controversial drugs; social & economic dimensions of sustainability.
Elena Conis	History	HIST 488R Health & the Environment	Intersection of the histories of the environment and health.
Elena Conis	History	HIST 585 Health/Politics: 20th Cent. US	Complex 20th century relationship between public health, health science, and American politics.
Jeffrey Lesser	History	ANT 585 New Paradigms/Old Trends	Latin American history social & economic institutions & cultural dimensions.
Jeffrey Lesser	History	HIST 561R Brazilian Race&Ethnicity in Comp. Pers	Race and ethnicity in nineteenth and twentieth century Brazil, within a comparative national context.
Jeffrey Lesser	History	HIST 584 Research Workshop in History	Integration of social, cultural, economic and environmental dimensions of historical research.
Jeffrey Lesser	History	HIST 585 Global Migration/Local Diaspor	Global migrations: social and economic aspects of diasporic interactions.
Matthew J Payne	History	HIST 203 The West In World Context	European global hegemony, 1500-2000: social and economic causes & consequences.
Matthew J Payne	History	HIST 204 The Silk Road & Central Eurasia	Silk road as central nucleus of commercial, cultural and political change in Eurasia over three millennia.
Matthew J Payne	History	HIST 328 Central Asia and Russia	Transformation of ancient Silk Road cultures by Russian imperialism and Soviet domination; integration of social, economic, and environmental issues.
Matthew J Payne	History	REES 200W Intro to Russian Area Studies	History, society, politics and culture of Russia & complex relations with its neighbors.
Patrick Nicholas Allitt	History	HIST 344 American Environmental History	History of the relationship between the American people, land, weather, and natural resources, with special attention to the environmental movement since 1960.
Patrick Nicholas Allitt	History	HIST 385 The Industrial Revolution	Industrialization in Britain, plus attention to America, Japan, China, and India; social, economic, and environmental dimensions.
Sharon T Strocchia	History	HIST 285 Epidemics: From Plague to AIDS	Social, political, economic and human cost of five major infectious human diseases.
Thomas Rogers	History	ANT 585 Themes&Appr.Lat.Am.History	Latin American History with connections to social, economic, & environmental dynamics.
Thomas Rogers	History	HIST 211 Latin America: A History	Latin American History with connections to social, economic, & environmental dynamics.
Thomas Rogers	History	HIST 361 Lat America Since Independence	Latin American History with connections to social, economic, & environmental dynamics.
Thomas Rogers	History	HIST 585 Comparing Post-war Latin Am/US	Latin American History with connections to social, economic, & environmental dynamics.
Peter W. Wakefield	Institute for Liberal Arts	AMST 190 Citizenship	Social, economic, and geographical dimensions of the cross-cultural concepts of citizenship.
Peter W. Wakefield	Institute for Liberal Arts	IDS 200 Interdisciplinary Foundations	Origins of disciplines & the evolution of evidence; sustainability examples.
Peter W. Wakefield	Institute for Liberal Arts	IDS 205 Science&the Nature of Evidence	Scientific evidence and other types; sustainability examples.
Peter W. Wakefield	Institute for Liberal Arts	IDS 250 Ethics of Leadership	Contemporary leadership challenges, ethics, and social change; incl sustainability-related examples.
Peter W. Wakefield	Institute for Liberal Arts	IDS 392 Capstone Development Studies	Capstone independent research in development studies.
Walter Reed	Institute for Liberal Arts	ENG 330W Romanticism	British Romanticism from 1780s-1820s; themes of human-environment relations.
Sheila Tefft	Journalism	JRNL 190 Discover International Atlanta	Atlanta as an international city; social, economic & geographical dimensions.
Sheila Tefft	Journalism	JRNL 201 News Reporting And Writing	Skill-focused workshop on news reporting, with attention to environmental, social, and economic issues.
Sheila Tefft	Journalism	JRNL 380W Health & Science Writing	Science writing, with environmental, social, and economic issues.
Sheila Tefft	Journalism	REL 375W Reporting on Religion	Faith-based issues and debates in Atlanta's diverse religious landscape; social class, race, and gender issues.
Marjorie Pak	Linguistics	LING 190 Languages of the World	Geographically diverse sample of the world's languages; uses campus as living lab.
Marjorie Pak	Linguistics	LING 201 Foundations Of Linguistics	Introductory Linguistics with attention to social & cultural issues

Marjorie Pak	Linguistics	LING 242 Languages of the World	Language diversity around the world; social, economic, and environmental issues.
Shanshuang Yang	Math & Computer Science	MATH 590 Teaching Seminar	Effective teaching techniques in mathematics; sustainability-related examples.
Shanshuang Yang	Math & Computer Science	MATH 599R Research	Graduate research in mathematics; sustainability-related examples.
Shanshuang Yang	Math & Computer Science	MATH 799R Research	Graduate research in mathematics; sustainability-related examples.
Naama Harel	Middle Eastern & S Asian Studies	HEBR 301 Advanced Modern Hebrew I	Hebrew language; connections to sustainability themes.
Naama Harel	Middle Eastern & S Asian Studies	HEBR 302 Advanced Modern Hebrew II	Hebrew language; connections to sustainability themes.
Naama Harel	Middle Eastern & S Asian Studies	HEBR 430R Modern Hebrew Literature	Hebrew literature; connections to sustainability themes.
Naama Harel	Middle Eastern & S Asian Studies	MESAS 375 Representation of Otherness	Jewish writing with attention to experience of otherness; cross-cultural social & economic dimensions.
Oded Borowski	Middle Eastern & S Asian Studies	MESAS 251 Daily Life In Ancient Israel	Everyday life in ancient Israel (1200-586 BCE), including the economy, religion and cult, city planning, the Israelite kitchen, burials, status of women, and more.
Oded Borowski	Middle Eastern & S Asian Studies	OT 551 Daily Life in Ancient Israel	Everyday life in ancient Israel (1200-586 BCE), including the economy, religion and cult, city planning, the Israelite kitchen, burials, status of women, and more.
Ofra Yeglin	Middle Eastern & S Asian Studies	MESAS 348 Israeli-Palestinian Literature	Identity and belonging in the Arab-Israeli conflict; political, social, economic, dimensions of sustainability.
Vincent Cornell	Middle Eastern & S Asian Studies	ICIVS 720 Islamic Civilizations Studies	Introduction to Islamic civilizations, with attn to economic, social justice and geographic issues.
Vincent Cornell	Middle Eastern & S Asian Studies	MESAS 300 Beyond Borders: Imagine ME&SA	Past and present interactions of South Asia and the Middle East, with attn to cultural diversity, economic and environmental challenges.
Vincent Cornell	Middle Eastern & S Asian Studies	MESAS 365W Orientalism: Self & Other	Politics and aesthetics of representation in South Asian and Middle Eastern literatures; connections to sustainability issues.
Vincent Cornell	Middle Eastern & S Asian Studies	MESAS 570 Orientalism	This course will critically assess the discipline of the History of Religions (Religionsgeschichte) in the context of Western intellectual history.
Vincent Cornell	Middle Eastern & S Asian Studies	MESAS 570 The Wrathful God	History of Religions in the context of Western intellectual history, with themes related to sustainability.
Vincent Cornell	Middle Eastern & S Asian Studies	WR 698 The Wrathful God: Religious Extremism	Issues of religious extremism in cross-cultural perspective.
Kristin F. Wendland	Music	MUS 190 Argentina's Art Form	Holistic study of Argentine Tango; environmental and social dimensions.
Kristin F. Wendland	Music	MUS 190 Tango Music: Argentina's Art Form	Holistic study of Argentine Tango; environmental and social dimensions.
Andrew Mitchell	Philosophy	PHIL 117 Nature/Environment/Sustainability	Philosophical issues of nature, environment, and sustainability.
Andrew Mitchell	Philosophy	PHIL 190 German Romanticism	German Romanticism and connections with natural history and environment.
Andrew Mitchell	Philosophy	PHIL 417 Philosophy of Nature	Romantic conception of nature incl themes relating to the philosophy of sustainability
Andrew Mitchell	Philosophy	PHIL 482 Of Human Finitude	Reflections on the ending of life; cross-cultural and social issues.
Andrew Mitchell	Philosophy	PHIL 540R 20th Cent. Philosophy Seminar	Philosophy of the 20th century; includes themes related to sustainability.
Cynthia J Willett	Philosophy	PHIL 490 Meaning in Life	Senior seminar exploring the meaning of life; connections to sustainability and human thriving.
Cynthia J Willett	Philosophy	PHIL 490RW Life and Laughter	Exploration of comedy, with examples from sustainability issues.
Cynthia J Willett	Philosophy	PHIL 789 Eros	Eros as a concept and a practice; cross-cultural and social dimensions of human thriving.
John J Stuhr	Philosophy	PHIL 190 Ethics and Relativism	Critical assessment of questions of value central to human life; connections to human thriving and sustainability challenges.
John J Stuhr	Philosophy	PHIL 551R Cosmopolitanism	Meaning, intellectual strengths and weaknesses, and practical viability of cosmopolitanism.
Noelle McAfee	Philosophy	PHIL 117 Nature/Environment/Sustainability	Philosophical issues of nature, environment, and sustainability.
Noelle McAfee	Philosophy	PHIL 123 Intro to Feminist Philosophy	Feminist perspectives on philosophical issues, with connections to contemporary social issues.
Noelle McAfee	Philosophy	PHIL 420 Social & Political Philosophy	Social & political dimensions of philosophy; connections to sustainability issues.
Noelle McAfee	Philosophy	PHIL 490R Philosophy and the City	Urban experience & philosophical connections to social & economic issues.
Noelle McAfee	Philosophy	PHIL 541R Hannah Arendt	Political, social, and economic issues; empowerment, freedom, and action, with relevance for sustainability challenges.
Connie Roth	Physics	PHYS 564 Introduction to Polymers	Polymer physics, with connections to environmental impacts of plastics.
Justin Burton	Physics	PHYS 151 Gen Physics: Mechanics W/Lab	Introductory physics; incl sustainability-related examples.
Keith Berland	Physics	PHYS 190 Energy	Freshman Seminar on physics of energy
Michael Rich	Political Science	GRAD 700R The War on Poverty & its Legacy	Multi-disciplinary look at poverty in America, examining people, politics, & public policies; strategies to reduce or eliminate poverty in America.
Michael Rich	Political Science	POLS 360 Public Policy	Processes through which individuals, organizations, and political institutions interact to shape government policies.
Michael Rich	Political Science	POLS 385 Poverty in America	Multi-disciplinary look at poverty in America, examining people, politics, & public policies; strategies to reduce or eliminate poverty in America.

Hillary R. Rodman	Psychology	PSYC 415 Sleep and Dreaming	Neural mechanisms and phenomenology of sleep and dreaming in humans and other animals; implications for behavior, cognition, evolution, & philosophical issues; connections to social dimensions of human thriving.
Lynne C Nygaard	Psychology	MBC 600 Research Group Seminar	Multidisciplinary research seminar; topics and readings incl sustainability-related issues.
Barbara Patterson	Religion	REL 380R Internship In Religion	Internship e1periences & reflection e1ercises for Atlanta social justice & sustainability organizations.
Juliette Apkarian	Russian & E Asian Langs & Lits	RUSS 190 The Mad Russian	Literature of Russia with connections to ecological dimensions.
Juliette Apkarian	Russian & E Asian Langs & Lits	RUSS 271 Literature of Imperial Russia	Literature of Imperial Russia with connections to ecological dimensions.
Juliette Apkarian	Russian & E Asian Langs & Lits	RUSS 372 Russia & the Age of Revolution	Literature of Russia during the age of revolutions, with connections to ecological dimensions.
Noriko Takeda	Russian & E Asian Langs & Lits	JPN 302 Adv Conv & Composition II	Advanced Japanese language & cultural studies; connections to issues of sustainability
Wan-Li Ho	Russian & E Asian Langs & Lits	CHN 101 Elementary Chinese I	Chinese language with e1ercises drawn from campus sustainability efforts.
Wan-Li Ho	Russian & E Asian Langs & Lits	CHN 190 Mind and Body in China	Mind and Body in Chinese religious traditions; connections to phenomenology of contemporary sustainability movement.
Wan-Li Ho	Russian & E Asian Langs & Lits	CHN 202 Intermediate Chinese II	Intermediate Chinese language with e1ercises connected to sustainability.
Wan-Li Ho	Russian & E Asian Langs & Lits	CHN 301 Adv Chinese I: Oral/Writ Comm	Adv. Chinese language with e1ercises connected to sustainability.
Wan-Li Ho	Russian & E Asian Langs & Lits	CHN 302 Adv Chinese II	Adv. Chinese language with e1ercises connected to sustainability.
Wan-Li Ho	Russian & E Asian Langs & Lits	CHN 303 Adv. Chn.for Heritage Speakers	Adv. Chinese language with e1ercises connected to sustainability,,
Wan-Li Ho	Russian & E Asian Langs & Lits	CHN 359 Women and Religion in China	Role of religious traditions of China in shaping social e1periences, roles and images of women in contemporary China and Taiwan.
Wan-Li Ho	Russian & E Asian Langs & Lits	CHN 401W Adv Readings in Modern Chn I	Chinese language readings; connections to sustainability issues.
Irene A. Browne	Sociology	SOC 355 Social Research I	Sociological research design and data analysis; skill development for sustainability-related assessment.
Oussama Cherribi	Sociology	MESAS 370 Islam in Europe	Social, cultural, and economic dimensions of Islamic migration to Europe.
Oussama Cherribi	Sociology	MESAS 570 Islam in Europe	Social, cultural, and economic dimensions of Islamic migration to Europe.
Oussama Cherribi	Sociology	SOC 389 Media, Islam & Soc. Movements	Theoretical approaches to concepts of North African and Middle Eastern peoples & cultures.
Sabino Kornrich	Sociology	SOC 506 Applied Regression	Regression models of social science data, with attention to class, gender, conflict, and social dimensions.
Hazel Gold	Spanish & Portuguese	SPAN 450 Madrid, Barcelona, New York	Urban life in literary & artistic perspectives; community & isolation; mobility & stability; perspectives connected to human thriving.
Hazel Gold	Spanish & Portuguese	SPAN 450 Spain's Culture of Human Right	Contemp Spanish human rights culture; connections to social and economic dimensions of community.
Hazel Gold	Spanish & Portuguese	SPAN 550 Topics:Modern Peninsular Study	Var. topics of Peninsular Spanish language, with connections to sustainability issues.
Lisa M Dillman	Spanish & Portuguese	SPAN 190 Freshman Seminar: Spanish	Diverse perspectives on citizenship; globalization, immigration, multinational citizenship, same-se1 marriage, and economic inequality.
Lisa M Dillman	Spanish & Portuguese	SPAN 190 Latino US	Concept of Latino/Hispanic identities; cross-cultural and cross-geographical perspectives.
Lisa M Dillman	Spanish & Portuguese	SPAN 201 Intermediate Spanish I	Intermediate Spanish language with e1amples connected to sustainability issues.
Lisa M Dillman	Spanish & Portuguese	SPAN 212 Advanced Language Practice	Advanced Spanish language with e1amples connected to sustainability issues.
Leslie M Taylor	Theater Studies	ECFS 190 On Recent Discoveries Emory Research	Intro to current Emory research and discoveries; sustainability theme
Leslie M Taylor	Theater Studies	ECS 490 Layers of Human E1perience	Multidisiplinary approaches to concept of the human condition, with implications for human thriving.
Leslie M Taylor	Theater Studies	ECS 490 Se1 Drugs Vodou & Spirits	Psychological research with engaged learning using the campus.
Leslie M Taylor	Theater Studies	ECS 490RW E1posed: Env.How They Shape Us	Research proposal-building on how social & environmental e1posure shapes health, identity, behavior, and worldview.
Leslie M Taylor	Theater Studies	ECS 490RW Risk & Resil.in Shape.Identity	Diverse perspectives (chemistry, neuroscience, psychology, philosophy and religious studies) on life beyond the college e1perience.
Leslie M Taylor	Theater Studies	THEA 190 The Art of Eating	Social, cultural, economic, and ritualistic practices surrounding the human need for food and eating.
Michael Thomas Evenden	Theater Studies	THEA 313 Hist of American Drama/Theater	History of American theater, with connections to environmental and social justice issues.
Michael Thomas Evenden	Theater Studies	THEA 316RW Comedy	Theater of comedy, with connections to social and economic issues.
Michael Thomas Evenden	Theater Studies	THEA 410 Aesthetics and Criticism	Hands-on capstone in Theater Studies, with connections to environmental and social justice themes.
Vincent Murphy	Theater Studies	THEA 100 Introduction To The Theater	Intro to Theater Studies with sustainability-related themes.
Vincent Murphy	Theater Studies	THEA 190 Creating Theater with Musician	Hands-on theater projects based on dramatic literature, current events and personal biography.
Vincent Murphy	Theater Studies	THEA 221 Seminar: Acting: Scene Work	Introduction to acting scenes; sustainability-related e1ercises.
Kieran Barnett Moore	Visual Arts	ARTVIS 109 Sculpture I	Introduction to sculptural practice with environmental dimensions of art production.

Carla Freeman	Women's Studies	ANT 280R The Caribbean	Ethnographic approaches to Caribbean social, cultural, and economic life, with particular attention to gender.
Carla Freeman	Women's Studies	WGS 190 Globalization, Labor & Gender	Globalization, gender, inequality, and lived experiences of ordinary people.
Carla Freeman	Women's Studies	WGS 587R Globalization & Development	Globalization, gender, inequality, and lived experiences of ordinary people.
Deboleena Roy	Women's Studies	WGS 589R Fem STS: Race & Postcol Theory	Feminist and postcolonial perspectives on race & contemporary social issues.
Deboleena Roy	Women's Studies	WS 585 Femst.Science & Tech.Studies	Gender, science, & technology and implications for social & economic dimensions of sustainability.
Carla Freeman	Women's Studies	WGS 342S Globalization & Transnational Culture	Globalization, gender, inequality, and cultural expression across national boundaries.

**Oxford College  
Sustainability Courses**

Alicia DeNicola		ANTH_01 385R Special Topics In Anthropology	Anthropological topics with connections to global health, development, sustainability & globalization.
Alicia DeNicola		ANTH_01 385RQ Indigenous Cultures, Human Rights, and	Survey of indigenous cultures around the world, with attention to human rights.
Alicia DeNicola		IDS_01 290 Oxford Inter. Honors Seminar	Honors seminar with campus-based, skills-based research related to sustainability
Deric Shannon		SOC 101 Intro to General Sociology	Sociological perspectives on human society; class, race, and gender; social problems.
Deric Shannon		SOC_01 101 Introduction To Sociology	Sociological perspectives on human society; class, race, and gender; social problems.
Eloise B. Carter		BIOL 185 Plants and Society with Laboratory	Basic principles of botany; uses campus landscapes.
Eloise B. Carter		BIOL 285 Plants & Society with Laboratory	Advanced principles of botany; uses campus landscapes
Eloise B. Carter		BIOL_01 235Q Field Botany W/Lab	Advanced principles of botany with the opportunity of working in the field
Michael McQuaide		SOC_01 215NQ Social Problems	Social problems incl prisons, courts, hospitals, and social service agencies
Michael McQuaide		SOC_01 231RQ Soc. Change in Dev. Societies	Social change in developing societies, incl globalization, modernization, and aspects of non-Western health care.
Theodosia Wade		ENVS 131 Introduction to Environmental Studies	Environmental studies; social, economic, and ecological dimensions; current societal challenges.

**Courses that Include Sustainability**

Alicia DeNicola		ANTH_01 101 Introduction To Anthropology	Intro to Anthro, incl theory and ethnographic research, global health, development, sustainability & globalization.
Brenda Bacon Harmon		CHEM_01 222L Basic Organic Chemistry Lab II	Organic chemistry, incl sustainability examples.
Deric Shannon		SOC_01 235 Deviant Behavior	Exploration of deviant behavior to explore socialization processes & personal agency; sustainability-related examples.
Deric Shannon		SOC_01 389R Special Topics In Sociology	Sustainability-related variable topics.
Eloise B. Carter		BIOL_01 141Q Cell Biology & Genetics w/Lab	Cell structure and function incl genetics, evolution and population genetics; sustainability-related themes.
Jasminka Ninkovic		ECON 112 Principles Of Macroeconomics	Introduction to economic analysis; social & economic dimensions of GNP, employment, and price levels.
Jasminka Ninkovic		ECON_01 212 Intermediate Macroeconomics	Contemporary economic theory of consumers, business enterprises, and factor markets.
Mary Rucker		PE_01 105 Indoor Cycling/Circuit Trng.	Cycling with attention to skills for reflective action and human thriving.
Mary Rucker		PE_01 109 Mat Pilates/Zumba	Pilates and Zumba with attention to skills for reflective action and human thriving.
Mary Rucker		PE_01 110 Skin and Scuba Diving	Skin and Scuba diving with attention to skills for reflective action and human thriving.
Mary Rucker		PE_01 111 Intermediate Beg Swimming	Intermediate to beginning swimming with attention to human thriving.
Mary Rucker		PE_01 150 Play O1 and Physical Education	Personal fitness to build flexible, active lifestyle; life skills.
Mary Rucker		PE_01 150 Play Oxford/Cycling	Cycling training to build flexible, active lifestyle; life skills.
Mary Rucker		PE_01 150 Play Oxford/Stress Management	Stress management to build flexible, active lifestyle; life skills.
Michael McQuaide		SOC_01 230 Soc Aspect Of Health & Illness	Sociological factors affecting health and the organization of health care.
Patricia L Owen-Smith		PSYC_01 205 Child Development	Childhood from cognitive, physical, & psychosocial perspectives; sustainability-related themes.
Patricia L Owen-Smith		PSYC_01 305 Psychology of Gender	Gender roles cross-culturally, incl myths, theories, and research, behavior and experience, and sex and gender in social relationships.
Patricia L Owen-Smith		WS_01 100Q Intro To Women's Studies	Women's studies; intersections of gender, race, economic & social challenges.
Penelope England		PE 173 Beginning Tennis	Introductory tennis, with connections to environmental and social dimensions of sport.
Penelope England		PE_01 110 Beginning Swimming	Introductory swimming, with connections to environmental and social dimensions of sport.
Penelope England		PE_01 130 Stress Management Activities	Stress management for human thriving.
Penelope England		PE_01 146 Cardio Core/MB De-Stress	Cardio and de-stress with connection to human thriving.
Penelope England		PE_01 150 Play O1 and Physical Education	Personal fitness to build flexible, active lifestyle; life skills.

**Goizueta School of Business  
Sustainability Courses**

Peter Roberts		BUS 532P CorpSoc Responsibility/Sustain	Corporate social responsibility and social justice, business principles, & market-based solutions to social dilemmas.
---------------	--	---	---

Peter Roberts		BUS 698P Bolivia	This graduate level course/trip is designed to expose students to the many development challenges faced in the region and engage them in discussions related to how business principles and market-based solutions can be applied to achieve meaningful societal impacts.
<b>Courses that Include Sustainability</b>			
Oliver Randall		BUS 201 Business Economics	Economics of business principles, with examples linked to key social dilemmas.
Peter Roberts		BUS 334 Social Enterprise in Nicaragua	Development challenges in Nicaragua, social justice, business principles, & market-based solutions to social dilemmas. Experiential learning in problem-solving for enterprises in social enterprise sector.
Peter Roberts		BUS 336 Non-Profit Consulting	Social enterprises are mission-driven organizations that trade in goods or services for some defined social purpose.
Peter Roberts		BUS 431 Social Enterprise	Develop creative but tractable business solutions to complex challenges currently faced by individuals and organizations striving for meaningful social impacts.
Peter Roberts		BUS 535 Catalyzing Social Impact	Development challenges in Nicaragua, social justice, business principles, & market-based solutions to social dilemmas.
Peter Roberts		BUS 571R Business in Nicaragua	Development challenges in Nicaragua & Costa Rica, social justice, business principles, & market-based solutions to social dilemmas.
Peter Roberts		BUS 571R Nicaragua/Costa Rica	Issues of social enterprises, mission-driven orgs that trade in goods or services for some defined social purpose.
Peter Roberts		BUS 631 Social Enterprise	Development challenges in Nicaragua, social justice, business principles, & market-based solutions to social dilemmas.
Peter Roberts		BUS 671R Business in Nicaragua	Development challenges in Nicaragua, social justice, business principles, & market-based solutions to social dilemmas.
Peter Roberts		BUS 671R Nicaragua: Organization Solutions to D	Development challenges in Nicaragua, social justice, business principles, & market-based solutions to social dilemmas.
Peter Roberts		BUS 698RP Nicaragua	Development challenges in Nicaragua, social justice, business principles, & market-based solutions to social dilemmas.
Peter Roberts		BUS 698RP Nicaragua	Evolving relationship between corporations and society, incl responsibility & sustainability.
Wesley Longhofer		BUS 332 CorpSoc Responsibility&Sustainability/Bus &	Development challenges in Nicaragua, social justice, business principles, & market-based solutions to social dilemmas.
Wesley Longhofer		BUS 334 Social Enterprise in Nicaragua	Corporate social responsibility and social justice, business principles, & market-based solutions to social dilemmas.
Wesley Longhofer		BUS 532 CorpSoc Responsibility/Sustainability	Corporate social responsibility and social justice, business principles, & market-based solutions to social dilemmas.
Wesley Longhofer		BUS 532P Business and Society	Corporate social responsibility and social justice, business principles, & market-based solutions to social dilemmas.

**School of Law  
Sustainability Courses**

Barbara Woodhouse		LAW 698A Children's Rights	Formulation and application of policies and laws affecting children.
Barbara Woodhouse		LAW 825 SEM:Equality/14th Amendment	Legal issues of equity and social justice, including rights of citizenship.
Mindy Goldstein		LAW 697C Turner Environ Law Clinic	Legal research on food justice and environmental cases.
<b>Courses that Include Sustainability</b>			
Ani Satz		BUS 439 Leadership Ethics	Explores ethical issues arising in day-to-day business decisions including issues in organization & management, strategy, marketing, international business, and finance; uses sustainability-related examples
Ani Satz		LAW 626 Disability Law	Includes equity, access, and diversity issues.
Ani Satz		LAW 736 Health Law	Regulatory health law, including medical controversies with sustainability connections.
Ani Satz		LAW 837 SEM: Animal Law	Legal dimensions of interspecies interactions; sustainable food dimensions included.
Barbara Woodhouse		LAW 619 Adoption	International and domestic issues of adoption, with social and economic connections to sustainability.
Barbara Woodhouse		LAW 633A Comp & Intn'l Family Law	Critical family law issues in different regions of the world; cross-cultural approaches to resolution.
Barbara Woodhouse		LAW 6981 Children's Rights Appellate Pr	Advanced skills in the formulation and application of policies and laws affecting children.
Barbara Woodhouse		LAW 840 SEM: Children's Rights	Advanced skills in the formulation and application of policies and laws affecting children.
Jonathan Nash		LAW 6241 Environmental Law	Focuses on legal strategies to regulate and remedy environmental harms.
Jonathan Nash		LAW 843 SEM: Int'l Environmental Law	Focuses on legal strategies to regulate and remedy environmental harms internationally.
Timothy Holbrook		LAW 545 Property	Theories of property rights, land use controls), and public land use issues.

**School of Medicine  
Sustainability Courses**

Sarah Blanton	Rehabilitation	DPT 970 Sustainability in DPT Curric Dev	Sustainability in physical therapy.
<b>Courses that Include Sustainability</b>			
Sarah Blanton	Rehabilitation	DPT 700 Health Promotion: Individual	Health, wellness, risk, & theoretical bases underlying behavior change.
Zoher F Kapasi	Rehabilitation	DPT 705 Human Anatomy	Systems of the body focusing on the nervous, musculoskeletal, circulatory and pulmonary systems, with examples from sustainability issues.

Zoher F Kapasi	Rehabilitation	DPT 976 Advanced Human Anatomy	Human cadaver dissection with emphasis on correlation with health, illness, and life experiences.
Zoher F Kapasi	Rehabilitation	PHT 644 Adv.Dynamics Of Human Movement	Adv human anatomy, biomechanics, and indep study, incl skills for sustainability
Tambre Phillips	Rehab: DPT Program	DPT 992 Adv. Adult Neurorehabilitation	Practice of physical therapy for stroke & post-stroke populations with clinical experience diverse populations.

### School of Nursing

Hope Bussenius		NRSRG 461 Community & Public Health Nursing	Population-focused nursing practice, with eco-centric approach to health, society, and economic wellbeing.
Hope Bussenius		NRSRG 524 Becoming an APRN I	Population-focused nursing practice, with eco-centric approach to health, society, and economic wellbeing.
Hope Bussenius		NRSRG 590 Int.Healthc.Syst:Nrsg.in Carib	International health care systems in selected Caribbean nations, with integration of environmental, social and economic issues.
Hope Bussenius		NRSRG 629 Family Nurse-Midwife V	Training of family nurse-midwife with eco-centric approach to health, social, and economic issues.
Maeve A Howett		NRSRG 361 Clin Nursing II: Dev Families	Attention to social diversity, gender, and health in care of pediatric and childbearing clients in the context of family development
Maeve A Howett		NRSRG 460 Clin Nrsg III, Dev. Families	Attention to social diversity, gender, and health in care of pediatric and childbearing clients in the context of family development
Maeve A Howett		NRSRG 462 Clin Nursing V:Role Transition	Professional nursing skills with application to sustainability-related challenges in healthcare settings.
Maeve A Howett		NRSRG 575 Optimal Wellness	Social, spiritual, and quality of life dimensions of health and social thriving.
Maeve A Howett		NRSRG 614 Lactation & Breastfeeding Mgmt	Sustainability-related dimensions of waste, cost, and health of breastfeeding and human lactation in cross-cultural settings.

### Rollins School of Public Health Sustainability Courses

Frank Wong	Behavrl Sciences & Health	BSHE 500 Behav & Soc Sci in Public Hlth	Behavioral, social and cultural factors that contribute to health and well-being of individuals, communities and populations.
Frank Wong	Behavrl Sciences & Health	BSHE 560R Global Program Planning	Topics in health education and promotion, incl. global program planning, health advocacy, & education.
Justin Victor Remais	Environmental Health	EH 582 Global Climate Chg:Hlth Impact	Public health effects of global climate change, adaptation response, and potential mitigation efforts and activities.
Justin Victor Remais	Environmental Health	EH 586 Adv Sem Clm Chg&Hlth:Rsrch&Pol	Methodological and policy issues of public health effects of climate change.
Justin Victor Remais	Environmental Health	EHS 750 Evt Dtrmnts of Infect Disease	Health, environmental and human, and infectious disease.
Justin Victor Remais	Environmental Health	GH 582 Global Climate Chg:Hlth Impact	Public health effects of global climate change, adaptation response, and potential mitigation efforts and activities.
Karen Levy	Environmental Health	EH 548 Rsch Methods for Water& Health	Measuring water quality exposure assessment and waterborne disease.
Karen Levy	Environmental Health	EH 549 App.to Water,Sanit.&Hygiene Rs	Water, sanitation, and hygiene research.
Paige Tolbert	Environmental Health	EH 590 Res under Constrained Conditions	Sustainability-related examples used
Deborah A McFarland	Global Health	GH 501 Global Challenges & Opport.	International issues of health and wellbeing, priorities, policies, & implementation; social, economic, and environmental dimensions of global health.
Deborah A McFarland	Global Health	GH 561 App.PH Econ.Low&Mod.Inc.Cntr.	Social welfare & public health economics in low & moderate income countries
<b>Courses that Include Sustainability</b>			
Frank Wong	Behavrl Sciences & Health	BSHE 560R Syndemic and Health	Cultural, social, and health dimensions of key syndromes.
Kristin Dunkle	Behavrl Sciences & Health	BSHE 540 Behavioral Methods	Human behavioral theories, incl. hypothesis testing and inductive and deductive reasoning.
Kristin Dunkle	Behavrl Sciences & Health	BSHE 560R Se1ual Hlth Global/Social Conte1t	Public health issues in se1ual and reproductive health, with attention to class and culture
Kristin Dunkle	Behavrl Sciences & Health	BSHE 564 Se1ual Hlth. in Social Conte1t	Public health issues in se1ual and reproductive health, with attention to class and culture
Kristin Dunkle	Behavrl Sciences & Health	BSHE 590 Health Disparities	Seminar on health disparities by race, class, and gender.
Kristin Dunkle	Behavrl Sciences & Health	BSHE 590 HIV/AIDS	Seminar on health disparities by race, class, and gender.
Ngoc-Cam T Escoffery	Behavrl Sciences & Health	BSHE 524 Community Needs Assessment	Community-engaged approach to health determinants, assets and gaps through a socio-ecological perspective.
Ngoc-Cam T Escoffery	Behavrl Sciences & Health	BSHE 590 Program Planning	Public health program planning; skills for community and institutional action.
Lance A Waller	Biostatistics	BIOS 737 Spatial Analy Pub Hlth Data	Statistical methodologies for spatial data, emphasizing geographical distribution of disease cases.
Lance A Waller	Biostatistics	INFO 530 Geographic Information Systems	GIS Analysis using sustainability and environmental health examples.
Dana Barr	Environmental Health	EH 500 Perspectives/Environ Health	Environmental health issues
Dana Barr	Environmental Health	EH 500D Persp In Environmental Hlth	Environmental health issues
Karen Levy	Environmental Health	EH 594 Capstone Sem:Skills for EH Pro	Environmental Health & Global Environmental Health capstone projects
Robert Greenwald	Environmental Health	EH 515 Air Quality in the Urban Env.	Environmental health issues, with emphasis on urban air quality
Staff	Environmental Health	EH 520 Human To1icology	To1ic agents, effects, and human risk
Staff	Environmental Health	EH 523Neuroto1icology	Neuroto1ic agents, incl PCBs, pesticides, & lead

Staff	Environmental Health	EH 524 Risk Assessment I	To1ic risk assessment for res & regulatory decs
Staff	Environmental Health	EH 527 Biomarkers and	Human susceptibility to bioto1ic chem
Staff	Environmental Health	EH 530 Environmental Public Health	Envtl health e1posures & assessment
Staff	Environmental Health	EH 540 Environmental Hazards I	Hazard eval in industrial & envtl settings
Staff	Environmental Health	EH 541 Environmental Hazards II	Envtl hazard eval, industrial & comm settings
Staff	Environmental Health	EH 546 Envl Microbiol: Food & Waterborne Diseases	Control of food- and water-borne diseases
Staff	Environmental Health	EH 550 Envl & Occupl Health Practice	Issues in Envtl & Occupational Health Practice
Staff	Environmental Health	EH 570 EnvOccup Health Policy	Issues in Envtl & Occupational Health Policy
Staff	Environmental Health	EH 580 Injury Prevention &Control	Injury research & prevention
Staff	Environmental Health	EH 581 NatSec: Conseq Disasters & Terrorism	Preparedness & mngmt, natural & human-made disasters
Staff	Environmental Health	EH 583 Spatial Anal in Disease Ecology	Clusters and diffusion of disease
Staff	Environmental Health	EH 587 Sat Remote Sensing of Envt	Spatial Anal of air pollution
Stefanie Sarnat	Environmental Health	EHS 710 Adv Lab&Field Mthds in E1p Sci	Uses sustainability-related e1amples Epidemiology of human reproductive function; population & health issues
Michele Marcus	Epidemiology	EPI 746 Reproductive Epidemiology	International issues of health and wellbeing, priorities, policies, & implementation; population, HIV & social, economic, and environmental dimensions of global health.
Deborah A McFarland	Global Health	GH 500D Addressing Key Issues Global Health	Social, economic, and environmental dimensions of global health, with attention to international management.
Deborah A McFarland	Global Health	GH 505 Case Studies in Int'l Mgmt	Social, economic, and environmental dimensions of global health, with attention to financing and performance.
Deborah A McFarland	Global Health	GH 524 Health Syst.Perf. & Financing	Social, economic, and environmental dimensions of global health, with attention to international management.
Deborah A McFarland	Global Health	GH 575 Religion, Health & Development	Public health & development, Kenya
Deborah A McFarland	Global Health	GH 576 Assess.Rel.Role PH&Dev.Kenya	

### **Candler School Of Theology** **Sustainability Courses**

Andrea Christina White		RLTS 740 Womanist Theology	Dimensions of gender, power, privilege and social action, as connected to social thriving
Andrea Christina White		ST 660 Womanist Theology	Dimensions of gender, power, privilege and social action, as connected to historical theologies, with implications for gender equity and social thriving
Andrea Christina White		ST 683 Theol.Anth.in Womanist Thought	Dimensions of gender, power, privilege and social action, as connected to historical theologies, with implications for gender equity and social thriving
Andrea Christina White		THM 600 Post-MDiv Elective	Theological issues with implications for sustainability and social thriving
Carol Newsom		OT 670CEE Con Ed Elec:Bible & Care Earth	Biblical injunctions about earth care; theological bases for earth stewardship
<b>Courses that Include Sustainability</b>			
Andrea Christina White		ST 501 Systematic Theology	Analysis of historical theologies, with implications for social thriving
Anne Daniel		ES 632 Pastoral Ethics	Ethical dimensions of pastoral practice, including social justice and environmental responsibility
Anne Daniel		ES 632CEE Con Ed Elec: Pastoral Ethics	Ethical dimensions of pastoral practice, including social justice and environmental responsibility
Arun Jones		EV 697 Holy Land	Connections between historical peoples of the Middle East and their environments and cultural adaptation, with implications for sustainability today.
Elizabeth M. Bounds		ES 637 The Church And Economic Life	Economic dimensions of Christian faith and life, responsibility in rel to contemporary institutions and issues.
Elizabeth M. Bounds		ES 669 Theol & Ethics Of Reconciliatn	Social dimensions of reconciliation, forgiveness, and conflict transformation, with applications to sustainability-related conflict situations.
