

Dear Karen,

Thank you for completing the We Compost Re-Certification form. We are pleased to announce that Principia College Center for Sustainability's status as a **GOLD** partner remains.

Your dedication to commercial composting has made you one of a selective group of institutions with Gold membership status in both 2014 and 2015.

Your answers are greatly appreciated and your feedback will be used in the creation of webinar for potential new We Compost partners who are looking to start their own composting program. We thank you for helping us spread awareness about composting and for encouraging others in your community to start composting as well.

We wish you the best in the following year and applaud you for your commitment to sustainability.

Sincerely,
We Compost Team
Illinois Food Scrap Coalition (IFSC)
