Carrie,

VOLstarter allows alumni and friends to impact specific projects and support the innovative and inspiring students, faculty, and staff at the University of Tennessee. Donors can go online and choose to support the UT projects that are most important to them. One hundred percent of a donor's contribution goes directly towards his or her chosen project's monetary goal and its success.

Since its launch in November 2014, VOLstarter has helped raise more than \$110,000 for 135 UT projects such as student scholarships, on-campus conferences, faculty research and more. The crowdfunding website is run by the UT's Office of Alumni Affairs, which is dedicated to promoting and advancing the University of Tennessee and all of its stellar programs.

Thank You,

Lance Taylor
