

# 2008 Gulfstream G200

Serial Number 210 Registration N881ST

Will be delivered with ADS-B Out  
Engines enrolled on ESP Gold  
APU enrolled on MSP  
Lowest time G200 Currently on the Market  
88 Parameter Flight Data Recorder Installed  
Auto Throttles

## AIRFRAME

As of November 2019

Total Hours:	1580.2
Total Cycles:	945

## APU

Honeywell 36-150 (IAI)

Serial Number:	P-317
Hours:	1819
Cycles:	2322

*APU enrolled on MSP.*

*2019 program rate is \$96.55 USD per hour.*

*Rate is subject to change.*

## ENGINES

As of November 2019

Pratt and Whitney PW306A

	Left	Right
Serial Number:	PCE-CC0438	PCE-CC0439
Total Hours:	1580.2	1580.2
Total Cycles:	945	945

*Engines enrolled on ESP Gold.*

*2019 program rate is \$314.25 USD per hour per engine.*

*Rate is subject to change.*

## EXTERIOR

The exterior paint is overall white with red stripes.

## WEIGHTS

Maximum Take Off Weight:	35,650 lbs
Maximum Landing Weight:	30,000 lbs
Maximum Zero Fuel Weight:	24,000 lbs
Maximum Ramp Weight:	35,800 lbs
Maximum Usable Fuel:	15,020 lbs
Empty Weight:	20,467.8 lbs (as of 5 January 2017)

## NOTES

Entry into Service Date: December 2008

Initial Certificate of Airworthiness: September 2008

Second Owner Since New

Registered on the USA Register since May 2011

## INTERIOR

The cabin consists of six VIP seats and an aft three place divan. The forward zone has four VIP seats in a double club configuration. The aft zone has two VIP seats on the right-hand side of the cabin across from a three place divan.

### *Galley*

There is a forward right-side galley equipped with a microwave oven, coffee maker, and ample storage for catering supplies. A jumpseat is located in the galley with approval for taxi, take-off and landing. This is ideal for a flight attendant or an extra pilot for longer journeys.

### *Media*

There are two monitors throughout the cabin: one in the forward left-hand bulkhead and the other in the aft left-hand bulkhead. The AirShow 4000 system is installed giving up to date information on the aircraft's location, flight time remaining, altitude and other flight details. A data port and VGA port are in the right-hand side rail providing media connections for personal devices to cast through the entertainment system. In the tail of the aircraft is an external view camera wired to broadcast its view onto the cabin displays.

A dual DVD Player is in the forward galley enabling two DVDs to be watched simultaneously on the different monitors in the cabin.

There are five electric units in the cabin, each with two plugs. Each outlet has one plug wired with a universal plug interface and 230V / 50Hz electricity, and another plug with a USA interface and 115V / 60Hz electricity. Outlet units are located in the galley and lavatory, and three units throughout the seating areas.

The aircraft's ICS-200 SATCOM System satellite phone uses the Iridium network. There are two handsets in the cabin: a corded handset in the side ledge of the forward club section and a cordless handset in the aft closet in the lavatory.

### *Lavatory*

The aft VIP lavatory is enclosing via a hard pocket door for maximum privacy for passengers. There is a large closet for storing in flight items and other cabin amenities.
