Krishi Bhawan, New Delhi.

Dated:- 29 .03.2019.

Clarification

Reference is invited to the stock holding limit order No. 5-1/2019-Sugar Control dated 25th March,2019, for the month of April,2019, Para 4 (iv) of which elaborates the parameters on which the sugar-mill wise maximum quantity of white/refined sugar for domestic sale and dispatch during the month of April, 2019 has been specified in the Column No. (4) of the table given in the said order.

2. In this regard it is hereby clarified that the Clause (4) of the stock holding limit order No. 5-1/2019-Sugar Control dated 25th March,2019, issued for the month of April'2019 clearly defines the parameters and the methodology adopted for working out the maximum quantity of white/refined sugar for domestic sale and dispatches during the month of April, 2019 by the sugar mills as specified in the Column (4) of the table given in the Stock Holding Limit Order No. 5-1/2019-Sugar Control dated 25th March,2019, issued for the month of April,2019. The quantity given in Column (4) of the order is final and is inclusive of all the incentives available to the sugar mills, wherever applicable. The incentivised quantity given in lieu of export performance against MIEQ as well as the incentive for sacrifice of sugar due to production of ethanol from B-heavy molasses as given in the annexure have already been included in Column (4) of the table in the stock holding limit order for the month of April,2019

3. The sugar mills are therefore advised to make sale of sugar strictly as per the overall quantity prescribed for their sugar Factory in Colum No. (4) of the table given in the Stock Holding Limit Order No. 5-1/2019-Sugar Control dated 25th March, 2019, issued for the month of April, 2019 only. Any sale over and above this quantity would tantamount to violation of the Stock holding limit order dated 25th March,2019 issued for the month of April,2019.
