- 9g sugar
- USDA Organic
- Low-Glycemic
- Non-GMO
- Gluten Free
- 46 Naturally Occurring Nutrients
- Electrolytes
- Prebiotics (Good for Gut Health)
- Polyphenols

Every spring, the transition from freezing nights to thawing days triggers the flow of sap within the mighty maple tree. Once a tree is tapped, sap comes out of the tree looking like water and has a subtly sweet taste. But sap is so much more than just H<sub>2</sub>O.

Maple and birch sap also naturally contain some great benefits for human consumption. Maple sap has 46 naturally occurring nutrients and naturally is low-glycemic. Birch sap is high in manganese, and is known as a health tonic in cultures throughout Scandinavia, Eastern Europe, and Northern Asia. And one more thing, harvesting sap is a sustainable practice that does not harm the tree.

Sap! products are non-alcoholic beverages made from 100% pure maple sap straight from the maple trees of Vermont. Our Maple Sap! Soda and Maple Sap! Seltzer are healthy alternatives to sugar-sweetened beverages. Sap! is about more than just satisfying a craving. It's also about tradition. Our products make the time-honored tradition of the maple harvest accessible to everyone, while supporting Vermont's working landscape and rural economy.

### The Ginsap

- 1.5 oz Barr Hill Gin
- 1 oz Barrow's Intense Ginger
- .5 oz Cassie Berry Shrub
- 4 drops Burlesque Bitters
- Sap! Maple Seltzers

Combine gin, Barrow's Intense, shrub, and bitters in a shaker. Shake with ice and strain into a Collins glass. Top with Sap! Maple Seltzer and garnish with lemon and twist.

### Maple Libre

- 1.5 oz Don Q Rum
- 1 oz Barrow's Intense Ginger
- .5 oz fresh lime juice
- 2 dashes House of Angostura
- Top with Sap! Maple Soda

Combine rum, Barrow's Intense, lime, and bitters in a shaker. Shake with ice and strain into a Collins glass. Top with Sap! Maple Soda and toss in a lime wheel.

### The Old Cuban

- 1.5 oz Rum (MRD First Run)
- .75 oz Lime Juice
- 1 oz simple syrup (1:1)
- Mint leaves
- Bitters

Shake, Strain and top with SAP Seltzer -enjoy

# BUBBL'R

ANTIOXIDANT SPARKLING WATER

## Vitamin A

Vitamin A is the antioxidant that powers each can of BUBBL'R. The antioxidant properties of Vitamin A fight against the free radicals in your body that cause cellular and tissue damage. Vitamin A accomplishes this by preventing cells from becoming overactive, which would otherwise cause them to overreact to food proteins and cause the development of food allergies and inflammation. Outside of the antioxidant benefits, Vitamin A has many other benefits. It plays a critical role in good vision health, promotes healthy bone growth, supports the immune system, and helps skin grow and repair. Each can of BUBBL'R contains 450mcg of Vitamin A, 50% of the recommended daily value.

## B Vitamins

Each can of BUBBL'R also comes packed to the brim with B Vitamins. Niacin (B3) helps improve cholesterol levels and boosts brain function. Pantothenic Acid (B5) plays a critical role in red blood cell creation and maintaining a healthy digestive tract. Pyridoxine (B6) helps the body make several neurotransmitters and hormones, which improve brain function and mood. Cobalamin (B12) assists in the regulation of the nervous system and also helps maintain energy levels. All in all, these four B vitamins ensure that there's a benefit in every bubble and a happier you just waiting to rise up.

## Naturally Sweetened

Every satisfying, subtly sweet flavor of BUBBL'R is sweetened with absolutely zero artificial sweeteners. BUBBL'R combines two sweeteners to accomplish its taste: stevia leaf extract and erythritol. Stevia leaf extract is 200-350 times sweeter than traditional sugar, meaning each can of BUBBL'R requires just a pinch to achieve its sweetness. Erythritol, which is a sugar alcohol that is 60-70% as sweet as traditional sugar, is added to balance the sweetness of stevia leaf extract. Not only does it relinquish artificial sweeteners, BUBBL'R delivers only natural flavors and colors. So, with every can of BUBBL'R, you know you're only getting the best of the best!
