

HOW TO AVOID UNPLANNED DOWNTIME WITH LITTLE EFFORT ON YOUR SOLAR GAS TURBINE!

Problems with your (electrostatic) separator on your gas turbine?
We have the perfect solution for you!

OIL MIST SEPARATORS BY FRANKE-FILTER *RELIABLE · EFFICIENT · LOW-MAINTENANCE* *RECOMMENDED FILTER FOR SOLAR TURBINES*

We have developed special filter cartridges included in our Oil Mist Separators for Solar Turbines which guarantee an even more efficient filtration of oil mist.

- ✓ consistent separation efficiency over the entire service life
- ✓ Filtration efficiency >99.9% at a particle size of 0.1µm
- ✓ applicable in ATEX areas
- ✓ no fire hazard
- ✓ compliant with statutory environmental regulations

You may find further information and your personal contact in our [Guide for Solar Turbines](#).
We look forward to your message.
