Environmentalism or environmental rights is a broad philosophy, ideology, and social movement regarding concerns for environmental protection and improvement of the health of the environment.

### Family Heritage

[View All](#) >

Cultural heritage is the legacy of physical artifacts and intangible attributes of a group or society that is inherited from past generations. Not all legacies of past generations are "heritage", rather heritage is a product of selection by society.

With enough data, we can turn your videos into a realistic chatbot that your connections can talk with.

## How does it work?

Your recorded video audio is converted to text, and then that text is organized in relation to questions that have been answered and loaded into Google DialogFlow. Your ChatBot gradually evolves as you record more videos.
