

Local schools awarded security equipment grants

RICHMOND — Radford High School is among the school divisions recently awarded School Security Equipment Grants by the Virginia Department of Education. The grants are intended “to protect students, faculty and visitors” in 431 schools in 90 school divisions. Radford High School received \$16,540. Montgomery County received \$25,894 for Christiansburg Middle, Eastern Montgomery Elementary, Margaret Beeks Elementary, Pricess Fork Elementary, and Shawsville Middle.

According to the VDOE the grants will pay for “voice and video internal communication systems, mass notification systems, security card access systems, visitor ID badging systems, surveillance cameras, two-way radios, security vestibules, inte-

Memory of loved ones captured in still life photo

RADFORD - Tracy Burlingame of Riner won the Radford Photo Club November photo challenge, Still Life, with her photo of a rose from her grandmother’s funeral and a blown-glass ball with her mother’s ashes in it. Michele Borgarelli of Blacksburg won the open theme challenge with a photo of the Pendleton upper waterfall. “Pendleton waterfalls are in the Blackwater State Park in West Virginia,” said Borgarelli. “This photo was taken last October. The upper waterfall can be reached through a very steep trail that starts from the main trail behind the lake. The trail can be challenging, especially after some rain.” The Radford Photo Club is made up of professional and amateur photographers from throughout the New River Valley. For the December 15 meeting, attendees were invited to share their three best photos of the year and talk about each. They may bring photos on a thumb drive to display. Also, goodies to share will be welcome. Attendees may feel free to bring prints of photos for feedback. The meeting is at 6 p.m. at the Radford Public Library. Meetings, events, and outings are open to the public. Learn more about the club by searching for “Radford Photo Club” on Facebook or a browser. Submitted by the Radford Photo Club

New River Train Observatory dedicated to professors, students for design work

RADFORD - Glencoe Mansion, Museum & Gallery and the Radford Heritage Foundation have dedicated the train observatory on the grounds to the professors and students who designed the project. Last Wednesday, Radford Heritage Foundation Executive Director Scott Gardner dedicated the New River Train Observatory at Mary Draper Ingles Cultural Heritage Park with a plaque, honoring the roles of Virginia Tech Professors Kay Edge and Edward Becker in leading their students from the Virginia Tech School of Architecture + Design in the design and construction of the observatory. Becker and Edge won an award from the Association of Collegiate Schools of Architecture (ACSA) for the train observatory design earlier this year. They won in the Design-Build category for the 2022 Architectural Education Awards, which honors the best practices in school-based design-build projects. The train observatory is part of the Radford Cultural Heritage Park, adjacent to Glencoe, which features a bronze statue of Mary Draper Ingles and several interpretive panels of historical information. The observatory opened in 2019 after it was designed and constructed by Becker, Edge, and their students in conjunction with the City of Radford and its tourism department.

rrior school bus cameras, two-way radios for buses and other security enhancements."
"The systems and equipment purchased through these grants will help school divisions control access to school buildings, respond quickly to emergencies, and maintain orderly learning environments for students," Superintendent of Public Instruction Jillian Balow said. "Every student and every teacher should feel safe in their classrooms, during school activities, and when traveling to and from school. In many cases, the equipment purchased addresses vulnerabilities identified in an-

nual school security audits."
The criteria for making the awards — developed by VDOE and the Virginia Department of Criminal Justice Services — give priority to schools most in need of modern security equipment, schools with relatively high numbers of offenses, schools with equipment needs identified by a school security audit, and schools in divisions least able to afford security upgrades.
A local match of 25 percent is required of most divisions. Two school divisions with composite indices of local-ability-to-pay of less than 0.2 — Lee County and

Scott County — are exempt from the local-match requirement.
The School Security Equipment Grants program was established by the 2013 General Assembly in the aftermath of the 2012 mass shooting at Sandy Hook Elementary in Newtown, Conn. In 2020, the General Assembly doubled the total annual appropriation for the program from \$6 million, to \$12 million. The legislature also increased the maximum award per school division from \$100,000, to \$250,000.

OPINION

WalletHub: Virginia ranked as tenth most charitable state

With Americans having donated nearly \$485 billion in 2021, up 4% from the previous year, the personal finance website WalletHub has released its report on the Most Charitable States for 2023.

To determine where the most generous Americans are inspiring others to be more selfless, WalletHub compared the 50 states based on 19 key indicators of charitable behavior. The data set ranges from the volunteer rate to the share of income donated to the share of sheltered homeless.

In the survey's rankings, Virginia finished as the tenth most charitable state.

According to WalletHub, the country's ten most charitable states are 1. Utah 2. Maryland 3. Minnesota 4. North Dakota 5. Oregon 6. Wyoming 7. Pennsylvania 8. Delaware 9. Ohio 10. Virginia.

Some of the key placements that led to Virginia's finishing in the No.-10 spot with #1 indicating the most charitable state and the higher numbers indicating lesser charitable rankings were charities per capita 23; percentage of donated income 17; percentage of the population who donated time 19; percentage of the population who donated money 3; percentage of the population collection and distributing food 11; volunteer rate 21; and volunteer hours per capita 9.

According to the website's rankings, the ten least charitable states were 41. Alabama 42. California 43. South Carolina 44. West Virginia 45. Rhode Island 46. Nevada 47. Louisiana 48. Mississippi 49. New Mexico 50. Arizona.

LETTER TO THE EDITOR

Confusion at the polls

Dear Editor,

What happened to Virginia's Board of Elections? All over Southwest Virginia, polling precincts were

closed and changed without notifications being sent out to voters.

I emailed the Department of Elections and got this email back.

"Please be advised, if your polling place was changed due to redistricting, you

should have received a notification informing you of your new polling place."

Department of Elections Well, someone dropped the ball or fell asleep at the wheel. Voters were running all around Christiansburg, Floyd, Montgomery Coun-

ty and the cities of Radford and Salem. This happened throughout Southwest Virginia. We know here that Virginia doesn't take us into consecration when they made these decisions. However, they sent out 480+ cards to voters

in Lynchburg letting them know their new precinct was at Virginia Beach.

Bill O'Reilly wrote, "The USA had a chance to self-correct on election day but declined. Florida and some other states did reject the madness but places like

Arizona and Virginia dug deeper into it."

I thought we had a New Virginia under Governor Youngkin. Looks like it is the same old same old, leaving out Southwest Virginia.

Virginia's gas prices headed back up

Average gasoline prices in Virginia rose 1.6 cents per gallon last week, averaging \$3.49/g Monday, Nov. 14, according to GasBuddy's survey of 4,081 stations in Virginia.

Prices in Virginia are 6.9 cents per gallon lower than they were a month ago but are still 20.4 cents per gallon higher than they were a year ago. The national average price of diesel rose 2.3 cents in the last week and stands at \$5.34 per gallon.

According to GasBuddy price reports, the cheapest station in Virginia was priced at \$2.94/g Monday while the most expensive was \$4.39/g, a difference of \$1.45/g.

The national average price of gasoline fell 2.6 cents per gallon last week, averaging \$3.76/g Monday.

The national average is down 14.3 cents per gallon from a month ago but still stands 36.3 cents per gallon higher than a year ago, according to GasBuddy data compiled from more than 11 million weekly price reports covering over 150,000 gas stations across the country.

"After rising the week prior, the national average has changed directions again, posting a modest weekly decline with prices dropping in a majority of states," according to Patrick De Haan, the head of petroleum analysis at GasBuddy. "The decline has been partly driven by Great Lakes states, where prices fell by 15-25 cents per gallon due to an improvement in the refining situation, and also oil prices, which fell

back under \$90 per barrel last week," said De Haan. "With oil prices remaining volatile, the outlook is murky, but I'm hopeful in the lead up to Thanksgiving we'll see prices declining in more states, while others may not be quite as lucky. Regardless, we'll still be seeing the most expensive Thanksgiving Day prices on record."

GasBuddy is the authoritative voice for gas prices and the only source for station-level data. GasBuddy's survey updates 288 times every day from the most diverse list of sources covering nearly 150,000 stations nationwide, the most comprehensive and up-to-date in the country. GasBuddy data are accessible at <http://prices.GasBuddy.com>.

Financial Focus: What to know about sustainable investing

You may have heard about "sustainable investing." But if you're not familiar with it, you may have some questions: What does it involve? Is it right for me? Can I follow a sustainable investing strategy and still get the portfolio performance I need to reach my goals?

Sustainable investing can be defined in different ways with different terminologies. However, one way to look at a sustainable approach is by thinking of it as investing in a socially conscious way which may involve two broad categories:

environmental, social and governance (ESG) investing, and values-based investing.

As its name suggests, ESG investing incorporates a broad range of environmental, social and governance risks and opportunities, along with traditional financial measures when making investment decisions. This approach may have a neutral impact on performance because it maintains a focus on managing risk, traditional fundamental analysis, and diversification. Here's a quick look at the ESG elements:

- **Environmental** – Companies may work to reduce carbon emissions, invest in renewable energy, decrease pollution, and conserve water resources.
- **Social** – A business may promote gender and pay equality within its workforce and maintain positive labor relations and safe working conditions for employees.
- **Governance** – Companies distinguished by good governance may institute strong ethics policies, provide transparent financial reporting, and set policies to ensure it has an independent, objective

board of directors.

You can pursue an ESG investing approach through individual stocks, mutual funds, or exchange-traded funds (ETFs), which hold a variety of investments similar to mutual funds, but are generally passively managed. That is, they do little or no trading.

As an ESG investor, you don't necessarily have to sacrifice performance because ESG investments generally fare about as well as the wider investment universe. Some investments may even gain from the ESG approach. For example, a company that invests in renewable energy may benefit from the move away from fossil fuel sources.

Now, let's move on to values-based investing. When you follow a values-based approach, you can focus on specific themes where you may choose to include or exclude certain types of investments that align with your personal values.

So, you could refrain from investing in segments of the market such as tobacco or firearms or in companies that engage in certain business practices such

as animal testing. On the other hand, you could actively seek out investments that align with your values. For instance, if you're interested in climate change, you could invest in a mutual fund or ETF that contains companies in the solar or clean energy industries.

One potential limitation of values-based investing is that it may decrease the diversification of your portfolio and lead to materially lower returns due to narrowly focused investments, prioritization of non-financial goals, and too many exclusions.

Ultimately, if you choose to include a sustainable investing approach, you will want – as you do in any investing scenario – to choose those investments that are suitable for your goals, risk tolerance, and time horizon.

If sustainable investing interests you, give it some thought. You may find it rewarding to match your money with your beliefs.

Historian captures untold stories of America’s aging veterans

As veterans across the country age, it’s more important than ever to tell their stories.

Jason Higgins has made it his career mission to capture the untold accounts of hundreds of America’s veterans.

Higgins, a postdoctoral fellow in digital humanities and oral history at Virginia Tech, has recorded interviews with more than 100 veterans of all wars and conflicts. He even has chronicled the untold experiences of marginalized veterans for the book, “Service Denied,” published in July.

“The vast majority [of veterans] tell me these are stories they never shared with anybody,” Higgins said. “Often it is something they don’t feel comfortable sharing with family members. It’s very empowering [for them]. It’s rewarding. It’s cathartic.”

He already has brought his oral history knowledge to Virginia Tech students. Last spring, he taught a class in which undergraduates interviewed 30 Vietnam War veterans. With the veterans’ permission, they submitted the recorded interviews to the Library of Congress.

Higgins conducted what he considers one of his most powerful interviews with a Vietnam War veteran who was battling cancer this past March. Three weeks after the interview, the veteran died.

“That does encapsulate the urgency for this type of work,” Higgins said.

Higgins recently received a grant from the National Endowment for the Humanities to host a two-week institute for high school teachers. It will focus on teaching educators how to incorporate oral histories of veterans into their classes. The June institute will be held at Virginia Tech and in Washington, D.C.

VT professor of oral history Jason Higgins has recorded interviews with more than 100 veterans of all wars and conflicts, including one Vietnam War vet who died from cancer three weeks after the interview.

NRCC to offer new solar technician program

New River Community College recently received state approval to offer a new training program for those interested in becoming solar technicians.

Students who complete the program will be trained to assemble, set up, and maintain rooftop or other systems that convert sunlight into energy. Those who complete the program will also earn the Solar Hands-On Installation Network of Excellence (SHINE) credential.

NRCC’s solar technician program was developed in response to regional labor needs. NRCC workforce coordinators collaborated with local business and industry to determine trainings and credentials that would benefit businesses and potential employees.

The program will be administered by NRCC’s workforce development office as one of its FastForward offerings, which are low-cost, short-term training programs that prepare students for in-demand careers. Typically, students who take FastForward programs pay only one-third of the normal cost of training. Additional funds are available to help offset training costs.

The program is slated to begin in the summer of 2023. An exact date and enrollment details for the first course offerings in the new program will be announced at a later date.

For more information, contact NRCC workforce development at (540) 674-3613.

Safe driving holiday jingle competition open for Virginia youth, teens

SALEM, VA — Virginia teens are being encouraged to jingle their way to a safe holiday by creating a safe driving song or tune for a statewide competition and a chance to win cash prizes of up to \$500.

The Jingle Your Way to a Safe Holiday: Buckle Up and Celebrate Responsibly Contest is open across the commonwealth with the goal of keeping teen drivers and passengers safe during the Christmas and New Year's holidays.

Sponsored by Youth of Virginia Speak Out About Traffic Safety (YOVASO), the Virginia State Police (VSP), State Farm, and the Virginia Department of Motor Vehicles (DMV), the contest is an effort to reduce teen fatalities during what has become a high-risk period for young drivers.

Over the past three years dur-

ing the month of December, 14 teens aged 15 to 19 have died in motor vehicle crashes in the commonwealth and 1,268 have been injured, according to statistics from the Virginia Department of Motor Vehicles (DMV).

During the same time period, young drivers aged 15 to 19 accounted for 4,253 crashes and 15 fatal crashes in the commonwealth during the month of December. Many of the fatalities occurred when teens were on break for the Christmas holiday.

This initiative is designed to encourage teens to buckle up and celebrate and drive safely throughout the holidays. The jingle competition is open to Virginia youth ages 11-19 and involves developing a safe driving jingle (short song or tune) that promotes traffic safety and the holiday campaign theme.

Teens are encouraged to enter

the contest individually and/or as part of a school club or youth group. Jingle entries must be in video format and no more than 30 seconds in length. Submissions are due to YOVASO by Dec. 8, 2022, at 11:59pm.

The top six jingles in the middle and high school division, as selected by YOVASO staff, will be shared on the Holiday Campaign landing page for public voting Dec. 12-15, 2022. The winning jingle in both divisions will be announced on Dec. 16, 2022, and will be shared on social media throughout the Christmas holiday to remind students to buckle up and drive safely.

The winning jingle in the high school division will receive a \$500 cash prize; second place will receive \$200, and third place will receive \$100. The winning middle school jingle

will receive \$200 with second place being awarded \$100 and third place \$50.

All prizes are made possible by a grant from State Farm. For the official jingle guidelines, winner selection process, and prize information, visit the YOVASO website or Holiday Campaign Page.

"The jingle competition is a fun and creative way for teens to remind each other to buckle up and drive safely during this high-risk period," said Mary King, YOVASO Program Manager. "We know all youth and teens love music and these safe driving jingles are a great way to reach youth statewide. We encourage all teens and youth groups to get creative and have fun while creating a catchy and memorable jingle for the holidays."

For more information on

how your teen, school, or youth group can get involved, contact Casey Taylor, Program Development Coordinator at 540-739-4392 or email casey.taylor@vsp.virginia.gov.

YOVASO is Virginia's peer-to-peer education and leadership program for young driver and passenger safety. Through YOVASO, teens work to advocate for safer driving among their peers and to develop positive prevention strategies for their schools and communities. YOVASO is administered by the Virginia State Police and is funded through grants from the Virginia DMV. Membership in YOVASO is free and open to all Virginia high schools, middle schools, and youth groups.

VDOT ROADWATCH

The following is a list of forecasted highway projects that may impact traffic traveling in the 12-county Salem Transportation District this week. Work schedules and construction project timelines are always subject to change and weather dependent. The Salem District covers Bedford, Botetourt, Carroll, Craig, Floyd, Franklin, Giles, Henry, Montgomery, Patrick, Pulaski and Roanoke counties.

MONTGOMERY COUNTY

I-81 NORTHBOUND AT EXIT 105 NEW RIVER BRIDGE REPLACEMENT IN MONTGOMERY COUNTY – Traffic on northbound I-81 has been switched onto the newly constructed bridge over the New River at the Montgomery/Pulaski County line. The old bridge is being demolished. Lane and shoulder closures may be in place near exit 105. Lane closure may be in effect during the week from 8 p.m. to 7 a.m. Shoulder closures may be in effect at any time during the week. Slow rolls may be performed on I-81 in the north and southbound lanes from mile marker 98 to 109. Speed limit is reduced to 60 miles per hour in the work zone. Shoulder closures will remain in place though the duration of the project. Project completion is estimated by summer 2023.

ROUTE 114 TURN LANE CONSTRUCTION - Construction is underway on road improvements on Route 114 (Peppers Ferry Road) for a new entrance to Belview Elementary School. Motorists should expect daily lane closures controlled by flagging. Work is expected to be completed by the end of November 2022.

INTERSTATE 81
INTERSTATE 81 LANE WIDENING CONSTRUCTION PROJECT EXIT 137 TO EXIT 141 – A \$179 million design-build project to widen both directions of I-81 between mile markers 136.6 and 141.8 from two to three lanes is set to begin. Starting in February and continuing into the early summer, work will be performed on the inside and outside shoulders along a five mile section of both northbound and southbound Interstate 81 in Roanoke County and the city of Salem. The shoulders will be built up before barrier walls can be installed for road crews to work behind. Barrier walls will be installed along the shoulders in the spring and summer. Two lanes of I-81 traffic in each direction will remain open during the project with periodic lane closures scheduled during nighttime hours or outside of peak travel times as needed. Drivers can expect the following lane closures and upcoming impacts on northbound and southbound I-81:

WORK ZONE SPEED: With narrow spacing in lanes due to barrier walls, lack of shoulders and

lane shifts in various locations, drivers should adhere to posted 60 mph speed limits in the work zone and allow space when following a vehicle.

RAMP CLOSURES: Ramp closures are possible during nighttime hours, 12 a.m., to 5 a.m. Drivers should watch for message boards dates and times the ramp will be closed.

LANE CLOSURES: Alternating left and right lane and shoulder closures during nighttime hours between 8 p.m. and 6 a.m., Sunday through Thursday, are possible. Lane widths will be reduced to 11 feet.

o Northbound lane closures from I-81 mile marker 136 to 141.

o Southbound Lane closures from I-81 mile marker 141 to 136.

Nightly lane closures may be in place along the right lane with possible nightly ramp narrows as needed for guardrail and shoulder strengthening.

o Northbound I-81 lane closures from mile marker 138 to 142

o Northbound I-81 exit and entrance ramp narrows possible at Route 311.

The project also includes replacing six bridges, widening two bridges, installing approximately 2.6 miles of sound barrier walls along northbound I-81, improving the southbound exit 137 off-ramp intersection at Wildwood Road and adding interchange lighting at exits 137, 140 and 141 are also included in the project. Expected completion in early 2026.

I-81 TROUTVILLE REST AREA CLOSURE - The Troutville Rest Area located on southbound Interstate 81 near mile marker 158 in Botetourt County will remain closed until before Thanksgiving to support holiday travel. The opening scheduled for the end of September has been rescheduled due to the contractor encountering challenges with a slope on the project.

Signage indicating the closure is posted in the rest area. A temporary concrete barrier wall will remain in place in front of the facility. The rest area facility, ramps and parking lot are closed to the public. This project will extend the ramp into the rest area by 500 feet and the ramp out of the rest area by 2,100 feet. It will also include expanding the truck parking area at the facility by about 10-13 spaces.

REST AREA OPERATIONS: While the Troutville Rest Area is closed, southbound I-81 drivers can use the Fairfield Rest Area at mile marker 195 in Rockbridge County or the Radford Rest Area at mile marker 108 in Montgomery County. In addition, the Troutville Weigh Station, located on southbound I-81 at mile marker 149, will have portable toilets and parking will be temporarily available for commercial vehicles.

I-81 PAVING OPERATIONS – Weather permitting, crews will pave, patch

and repair pavement on various routes. Lane clo-

sures may be in place during nighttime hours, 9 p.m. to

6 a.m. the following morning. Drivers should watch

for signs and expect possible delays.

Legal Notice

NOTICE TO THE PUBLIC OF PETITION BY
APPALACHIAN POWER COMPANY FOR
CONSIDERATION OF THE APPROPRIATE
FRAMEWORK FOR COST RECOVERY, THE
ALLOCATION OF COSTS NET OF BENEFITS
PURSUANT TO CODE § 56-585.5 F AND CLASS
AND JURISDICTIONAL COST ALLOCATION
CASE NO. PUR-2022-00166

During its 2020 Session, the Virginia General Assembly enacted Chapters 1193 (HB 1526) and 1194 (SB 851) of the 2020 Virginia Acts of Assembly. These duplicate Acts of Assembly, known as the Virginia Clean Economy Act ("VCEA"), became effective on July 1, 2020. The VCEA, *inter alia*, establishes a mandatory renewable energy portfolio standard ("RPS") for Appalachian Power Company ("APCo" or "Company") in new § 56-585.5 of the Code of Virginia ("Code"). Subdivision D 4 of Code § 56-585.5 requires APCo to submit annually to the State Corporation Commission ("Commission") plans and petitions for approval of new solar and onshore wind generation capacity ("RPS Filing").

In Case PUR-2021-00206, APCo submitted its second annual RPS Filing to the Commission on December 30, 2021. In that case, on July 15, 2022, the Commission directed APCo to file a separate proceeding to consider the appropriate framework for cost recovery, the allocation of costs net of benefits pursuant to Code § 56-585.5 F, and class and jurisdictional cost allocation for VCEA-related costs.

In compliance with that directive, APCo made a Filing ("Petition") on September 30, 2022. As part of its Petition, APCo addresses the following:

- The appropriate proxy values for avoided capacity costs associated with VCEA resources that are not bid into the PJM Interconnection, LLC ("PJM") capacity market.
- The appropriate proxy values for RECs to be transferred from renewable energy projects to a separate REC cost recovery mechanism.
- Alternative cost allocation methodologies for the Commission's consideration, including both jurisdictional and class cost allocation alternatives.
- How the Company's proposal complies with Code § 56-585.5 F to allocate "costs net of benefits" to customers who have elected to receive electric supply service from a supplier other than the utility.
- Specifies the alternative cost allocation methodology, or methodologies, APCo recommends the Commission adopt.
- Describes how the Company proposes to allocate costs and benefits of VCEA-related resources under each of the alternatives presented.
- Details whether the Company proposes to use the same or a different allocation methodology depending on whether the resource is Company-owned or a power purchase agreement. Similarly, details whether the Company proposes to treat all VCEA-related resources as a fleet, using the same cost allocation methodology for all of the resources, or differently, with differing cost allocation methodologies depending on the type of VCEA-related resource (*i.e.*, solar, onshore wind, offshore wind, or energy storage resources).
- Details the Company's proposed methodology for calculating the proxy value of avoided capacity costs associated with resources not bid into the PJM capacity market.
- Provides the proposed rate design for all rate classes for each alternative cost allocation methodology included in the filing. For each alternative methodology, also include a bill analysis that provides the projected bill impacts for residential, small general service, and large power service customers' bills.

Proposed Cost Recovery Mechanisms

APCo proposes to recover the costs associated with VCEA-related facilities by quantifying the value streams of each facility, including energy, capacity and RECs. The costs would then be assigned to separate revenue requirements based on the value stream methodology. APCo proposes to recover these costs through three rate adjustment clauses ("RACs"):

- A.5 RPS-RAC:** The A.5 RPS-RAC is composed of two subcomponents depending on the applicable Code section:
 - A.5.1 RPS-RACD&E** - This RAC recovers the renewable attribute costs associated with projects acquired in compliance with Code § 56-585.5 D&E.
 - A.5.2 RPS-RACF** - This RAC recovers the renewable attribute costs associated with projects acquired in compliance with Code § 56-585.5 F.
- A.5 PCAP-RAC:** The A.5 PCAP-RAC recovers the capacity costs associated with projects acquired through power purchase agreements.
- A.6 RPS-RAC:** The A.6 RPS-RAC is composed of two subcomponents to split the energy and capacity costs:
 - A.6.1 RPS-RACC** - recovers the capacity costs associated with Company-owned projects.
 - A.6.2 RPS-RACE** - recovers the energy costs associated with Company-owned projects.

The Company states that this structure would allow it to determine, as required by Code, the "cost net of benefits" to charge each customer type. The Company asserts that its proposed cost recovery mechanisms are designed to allow the Company to assign costs to customers consistent with the various requirements in the Code of Virginia.

Interested persons are encouraged to review APCo's Petition and supporting documents in full for details about these and other proposals.

The Commission has taken judicial notice of the ongoing public health issues related to the spread of the coronavirus, or COVID-19. In accordance therewith, all pleadings, briefs, or other documents required to be served in this matter shall be submitted electronically to the extent authorized by 5 VAC 5-20-150, *Copies and format*, of the Commission's Rules of Practice and Procedure ("Rules of Practice"). Confidential and Extraordinarily Sensitive Information shall not be submitted electronically and should comply with 5 VAC 5-20-170, *Confidential Information*, of the Rules of Practice. Any person seeking to hand deliver and physically file or submit any pleading or other document shall contact the Clerk's Office Document Control Center at (804) 371-9838 to arrange the delivery.

Pursuant to 5 VAC 5-20-140, *Filing and service*, of the Rules of Practice, the Commission has directed that service on parties and the Commission's Staff in this matter shall be accomplished by electronic means. Please refer to the Commission's Order for Notice and Hearing or subsequent Hearing Examiner's Ruling for further instructions concerning Confidential or Extraordinarily Sensitive Information.

The Commission entered an Order for Notice and Hearing in this proceeding that, among other things, scheduled public hearings on APCo's Petition. On May 23, 2023, at 10 a.m., the Hearing Examiner assigned to this matter will hold a telephonic hearing, with no witness present in the Commission's courtroom, for the purpose of receiving the testimony of public witnesses. On or before May 15, 2023, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at [scc.virginia.gov/pages/Webcasting](https://www.scc.virginia.gov/pages/Webcasting); (ii) by completing and emailing the PDF version of this form to SCCInfo@scc.virginia.gov; or (iii) by calling (804) 371-9141. This public witness hearing will be webcast at [scc.virginia.gov/pages/Webcasting](https://www.scc.virginia.gov/pages/Webcasting).

On May 24, 2023, at 10 a.m., in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, the Hearing Examiner appointed to this matter will convene a hearing to receive testimony and evidence related to the Company's Petition from the Company, any respondents, and the Commission's Staff.

An electronic copy of the APCo's Petition may be obtained by submitting a written request to counsel for the Company, Noelle J. Coates, Esquire, American Electric Power Service Corporation, 1051 East Cary Street, Suite 1100, Richmond, Virginia 23219, or njcoates@aep.com. RADFORD SPORTS

High school football: Radford, Christiansburg advance to second round of playoffs

Marty Gordon
NRVsports@ourvalley.org

The area's two playoff high school football teams both advanced with big wins this past week. Radford rolled to a 48-16 win over Gretna while Christiansburg downed Abingdon 35-7.

Friday night, Radford will host Appomattox in the second round of the playoffs. Staunton River will visit Christiansburg.

The 8-3 Appomattox team is no stranger to these parts. Appomattox and Radford have met several times over the past five years. In 2021, Radford fell both in the regular season 41-12 and in the playoffs 56-28.

Appomattox finished 6-0 in the tough Dogwood Dis-

trict, is 30-2 in the postseason since 2015 and has outscored its opponents 439-184 this season. The three losses were 35-3 to Lord Botetourt, 27-20 to Rustburg, and 50-14 to Heritage with all three of those coming in the middle of the season. Last week in the opening round of the playoffs, Appomattox beat Alleghany 40-12. In the win, Quarterback Gary Peterson, who is a Virginia Tech football commit, led the team to 374 yards of total offense.

But this year's Radford squad might be a lot better than the one Appomattox faced last season. The Bobcats have outscored their opponents 439-184. Quarterback Landon Clark, who is only a junior, has rewritten the school's record book in almost

every category.

In the 48-16 win over Gretna in the first round, Clark completed 16 of 24 passes for 267 yards with four touchdowns. He also ran for another score. Marcell Baylor had seven catches for 167 yards and two touchdowns while Parker Prioleau added five catches for 54 yards and one touchdown.

For the season, Clark is 146 for 216 passing with only one interception. He threw for 2,668 yards and 40 touchdowns. He has rushed 104 times for 412 yards with seven individual scores.

Marcell Baylor, who has also committed to Virginia Tech, has 43 receptions for 945 yards with 17 touchdowns. Parker Prioleau is a great secondary receiver with 53 catches for 871 yards with

12 touchdowns of his own.

David Woodward has given Radford a running game other than Clark's with 94 rushes for 437 yards with nine touchdowns.

Look for the Radford defense to play a big role in the outcome of this game with Charlie Davis leading the team with 91 tackles, 43 solo. As a unit, Radford has 15 sacks on the season.

Prediction: Radford 34, Appomattox 32.

Christiansburg rebounded in the second half of last week's scoreless Abingdon game and produced 35 points enroute to the win.

Tanner Evans started his fifth game at quarterback and responded by completing seven of 10 passes for 179 yards in the game. He also rushed

for 114 yards on 14 carries. Senior receiver Jayron Thompson had a career night with six catches for 167 yards with three touchdowns, all more than 50 yards.

Evans also intercepted two Abingdon passes and returned one for a pick six.

In last week's win over Mag-na Vista, Staunton River finished the night with four rushing touchdowns and 251 yards on the ground.

Brady Burns was four of five through the air for 127 yards with two touchdowns. Josh Kelley rushed for 70 yards.

The matchup is no stranger to the two schools as they met in last year's playoffs with Christiansburg rolling to a 48-0 win.

Prediction: Christiansburg 34, Staunton River 17.

Radford downs Gretna 48-16 in Class 2C playoffs

Max Kanipe snags an interception to stop a Gretna drive in Thursday's 48-16 win over Gretna in the opening round of the Class 2C playoffs.

Parker Prioleau escapes two Gretna defenders to score a touchdown on a pass reception. He would finish with five catches for 54 yards and one touchdown.

Marcell Baylor stretches to haul in a pass reception in Friday's playoff game. Baylor had seven catches for 167 yards and two touchdowns for Radford in the win.

David Woodward hauls in a touchdown pass against the Hawks. Radford will host Appomattox in the second round of the regional playoffs this Friday night.

Blacksburg runs to boys' and girls' cross-country state titles

The trophy might say 2022, but not much has changed in the past five years. Blacksburg has again won the state Class 4 cross-country championship in both the boys' and girls' divisions.

Blacksburg's Conner Rutherford was the overall winner with a time of 15:46. Teammates James Roach (ninth) and Zach Davis (10th) helped the Bruins to 64 points, good enough for the win. John Handley was second on the Blacksburg boys' team.

Western Albemarle finished third with 71 points and Atlee ran to a fourth-place finish with 84 points

While the Blacksburg girls' did not have a top nine finisher they outdistanced second-place Atlee 105 to 101 for the state championship. Tuscarora was third and Jamestown finished fourth.

Individually, Blacksburg's Reece Bradbury finished 10th and Allie McDonald came home in 22nd place.

In Class 1, regional champ Eastern Montgomery finished a distant fourth in the boys' standings and sixth on the girls' side of the course.

Auburn's Andrew Tickle finished 11th in the boys' competition as the team was 11th in the team standings.

Kasey Rosenbaum claimed third place to pace the Eastern Montgomery girls to their sixth-place finish.

In Class 3, Christiansburg's Lawson Mecom was third in the boys' competition. Christiansburg finished fifth in the boys' race and 7th in the girls' event.

Both the boys' and girls' cross country teams from Blacksburg High School won the state Class 4 championships this past week.

Witten, Carolyn Joanne McCoy

Carolyn Joanne McCoy Witten, 84, of Wytheville, passed into her heavenly eternal life on Friday, Nov. 11, 2022.

Carolyn (Jo) was the daughter of Randolph “Ted” McCoy and Elizabeth “Tot” McCoy. She grew up alongside the New River in the McCoy community with her big brother R. D.

As a lifelong follower of Christ, Carolyn was a faithful Sunday School and VBS teacher and made Fort Chiswell Church of Christ her spiritual home for nearly 50 years.

A 1958 graduate of Radford College, Carolyn began her 40-year teaching career at Pearisburg High School. That is where she met the love of her life, a handsome seventh grade teacher named Morris Witten. The two were married in December 1959 and soon moved to Wytheville. She taught in the Wythe County school system, spending most of her career in the English classroom.

After her retirement, Carolyn and Morris enjoyed traveling with family and friends and visited dozens of cities and states, including Alaska and Hawaii.

Carolyn’s greatest joy was her family, and she is survived by her loving husband Morris, son Patrick and wife Makala, daughter Susan and husband Don VanDyne, and her five adored grandchildren: Delaney, Ben and wife Shayne, Alyson, Sam, and Jared. Also left to treasure her memory is brother-in-law Mike Witten and his wife, Margaret, and numerous nieces and nephews.

The family appreciates gifts of flowers, but also encourages donations in Carolyn’s memory to the Wythe Hospice of Southwest Virginia, 1155 N 4th St. Wytheville, VA, or Good Samaritan hospice, 2408 Electric Rd Roanoke, VA 24018 or Goodsam. care. Their staffs provided tremendous comfort and support to Carolyn and her family for the past two years.

The family received friends Monday, Nov. 14, 2022, with a funeral service following in the McCoy Funeral Home Chapel, 150 Country Club Dr. S.W., Blacksburg Va., with minister Steve Canup officiating. A graveside service followed at West End Cemetery in Wytheville.

Carden, Gilda McDaniel

Gilda McDaniel Carden, born on July 12, 1933, passed away Nov. 9, 2022.

She was preceded in death by her parents, Ruth-erford Guy and Hettie Ellen McDaniel; her husband, Ernest Ray Carden; and brothers Johnny, Larry, and David McDaniel.

She is survived by her sons, Michael (Kathy), Timothy (Maureen), and Mark (Karen); daughter Donna Berry (Brad); grandchildren Heather Eschbach (Chris), Jonathan Berry, Thomas Wolfe (Gina), Nathan Carden (Stephany), and Leslie Berry; great-grandchildren Miles and Warren Eschbach, and Augusta Mae Wolfe; siblings Jimmy McDaniel, Carl McDaniel (Chong), Steve McDaniel (Kathy), and Barbara John; as well as many beloved nieces and nephews.

Gilda graduated from Shawsville High School and retired from Bell Atlantic (C

& P Telephone) after 33 years. She was a member of Christiansburg Baptist Church. Gilda loved God, family, and friends. She was an avid Hokie fan and never missed a game.

She loved gardening, trees, birds, The Eagles, Tom Petty, and Merle Haggard. Dad passed early and Mom raised her four children by herself. She will be greatly missed.

Visitation is Thursday, Nov. 17, 2022, from noon to 1 p.m. at Christiansburg Baptist Church. Funeral services will begin at 1 p.m. with Pastor Sean Couch and Carl McDaniel officiating. A private family interment will follow.

Memorial contributions may be made to Christiansburg Baptist Church, 2895 Roanoke St., Christiansburg, VA 24073. Arrangements with Horne Funeral Home & Crematory 540-382-2612.

Curtis, Nancy Jo Silvers

Nancy Jo Silvers Curtis, 85, of Christiansburg, passed on peacefully on Thursday, Nov. 10, 2022, with her loving family by her side.

Nancy was born Dec. 31, 1936, in Montgomery County to her parents, the late Joseph Andrew Silvers and Ada Light Silvers. She was a graduate of Christiansburg High School and she and her husband, Terry Thomas Curtis, returned to the area when he left the Service. She was active with her children growing up, later enjoying selling Mary Kay, loving on her grandchildren and great-grandchildren, splashing at water aerobics, playing Canasta and organizing high school class reunion activities.

She is survived by her four children, Barbara Harman and her husband, Brad, of South Carolina; Dianna Sheesley and her husband George, of Florida; Anthony Curtis and his wife Tracy, of Virginia; Terri Jo Mangia and her husband Steve, of South Carolina; five grandchildren, Bryce Harman, Bailey Harman Danner

and her husband Chris, Jana Curtis Perkins and her husband Troy, Megan Sheesley Shealy and her husband Noah, Derek Sheesley; four great-grandchildren, Carter and Hayden Danner, Audrey and Theodore “Teddy” Shealy; and her personal companion, Miss Sophia, the Cat.

Nancy was preceded in death by her husband, her brother, James Alan Silvers, her sister-in-law, Ann Umberger Silvers, and her grandson, Milton McCormick Sheesley.

The family will receive friends on Saturday, November 19, from 11 a.m. to 1 p.m. at Horne Funeral Home. The funeral service will be held 1 p.m. in the Chapel. Interment will follow in Rose-lawn Memorial Gardens, Christiansburg.

In lieu of flowers please make a donation to the Humane Society of Montgomery County, PO Box 287, Blacksburg, VA 24063. Online condolences for the family may be shared at www.hornefuneralservice.com.

Long, Gloria Faye

It is with great sadness that we announce on Nov. 8, 2022 Gloria Faye Long of McCoy, went to be with the lord. Gloria was born on June 15, 1962 in Montgomery County to the late Floyd Olen Shealor and Etta Faye Smith. Gloria was a breast cancer survivor. She worked as a CNA because she enjoyed helping people. She also enjoyed camping, spoiling her grandkids and collecting anything to do with frogs. Gloria is preceded in death by her sons Adam Lee Long and Thomas Allen Long, and her beloved dachshund Gracie Mae.

Gloria is survived by her husband of 42 years, Clayton Edward Long Sr. of Mc-

Coy, and children Charity and Jeremy Cumbee Sr. of Radford, Clayton Edward Long Jr. of Christiansburg, Jonathan and Rebecca Long of McCoy and April Long and Chuck Olinger of Blacksburg. Gloria is also survived by grandchildren Ashley Cumbee, Christopher Cumbee, Britney Cumbee, Austin Burrell, Kali Long, Kaelyn Long, Rose Griffith and Bethany Griffith; great-grandchildren Logan Renee Hope Graham and Parker Joy Graham; and many nieces and nephews. Services will be held on Saturday, Nov. 19, 2022 from 12 – 3 p.m. at Shiloh Lutheran Church located at 5218 Long Shop Road Blacksburg, VA 24060.

Moses, Trevia

A native of Virginia, Trevia was the daughter of Hubert Arbogast and Lillian Snyder Arbogast, both deceased. She retired from Virginia Tech after 25 years of service.

Trevia was a member of the Floyd Moose Lodge. She enjoyed working with flowers, especially growing her daylilies. She loved her poodles, was a great cook, and played the piano. Trevia enjoyed going for rides with her family. She was the first model for Spandex bathing suits.

She is survived by two sons, Eric Mo-

ses (Zenda Collins) and Alexander “Alex” Moses (Patsy); two daughters, Ingrid Slaughter (Troy) and Malinda Moses; and two grandchildren, Henry and John; and numerous nieces and nephews.

In addition to her parents she was preceded in death by two sisters, Wanda Schwartz and Shirley Callison.

The family received friends at Lotz Funeral Home in Salem on Tuesday, Nov. 15, 2022.. A brief graveside service followed in Sherwood Memorial Park.

Trump, Mary Faulkner

Mary Faulkner Trump, 89, of Christiansburg, died at her home on Saturday, Nov. 12, 2022.

She was born in Bland County, Va., on June 7, 1933, to the late Clyde Luther and Clara Conner Faulkner.

She was also preceded in death by her husband, James E. Trump Sr.; brothers Walter, Wade, and Earl Faulkner; and A sister, Nancy Parks. She was retired from the Radford Army Ammunition Plant. Mary was a member of Wesley United Methodist Church and later attended Park United Methodist Church.

She is survived by her daughters and sons-in-law, Betty and Leo Nester, and Martha and Mike Akers; son James

Trump, Jr.; grandchildren Christie, Matt, Jamie, Marissa, Shannon, Mickey, Mark, and Leo, Jr.; 13 great-grandchildren; a twin sister, Martha Harper; a brother, C. L. Faulkner; and special friends Shelby Quesenberry and Diana Trump. The family wishes to thank her caregivers, Betty Akers and Jean Wright.

Funeral services will be conducted today, Wednesday, Nov. 16, 2022, at 11 a.m. in the McCoy Funeral Home Chapel with Pastor Warren Cash officiating. Interment will follow in the Roselawn Memorial Gardens. The family received friends Tuesday evening at the McCoy Funeral Home, 150 Country Club Dr. S.W., Blacksburg.
