The Botetourt Chapter of the Virginia Daughters of the American Revolution (DAR) unveiled a new marker outside of the Botetourt Museum of History & Culture last Saturday in Fincastle. The marker commemorates the 250th anniversary of the United States and the Revolutionary War patriots who fought for freedom

The marker program honors the memory of the men and women who fought to ensure that the United States of America continues as a government "of the people, by the people, for the people." It is also designed to raise appreciation amongst current and future generations of Americans of their countrymen's sacrifice.

"The goal of the national society has been to place at least one marker in every state before July 2026," Botetourt Chapter Regent Betty Holt said during her remarks

honoring Revolutionary War soldiers and patriots buried in the cemetery. Outside of the church is a marker put up by the Sons of the American Revolution (SAR) honoring 36 patriots. Holt noted that since they decided not to hold the ceremony at the museum due to weather, Fincastle Presbyterian was a natural substitute due to its

by the Botetourt Chapter to speak during the dedication ceremony. She shared her excitement about

the Fincastle marker. Del. Terry Austin shared some remarks about the marker's significance and the significance of Botetourt County to United States

Earlier this year, a group of Botetourt high school students from the Botetourt Technical Education Center (BTEC) who won a \$10,000 grant from Altec Inc.'s Innovation Challenge recently revealed their plans to spend their award. The competition instructed students to develop a project to benefit the local community.

The students received a group of donated computers earlier this year to clean up and update. They were able to utilize the grant money in updating the donated

PCs. BTEC Computer Systems Technology (CST) teacher Kurtis Kennedy recently shared in an interview that the students decided to donate the refurbished computers to the Botetourt community to a local food bank.

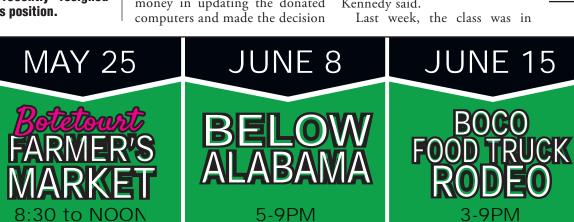

"With there being new internet (fiber) coming to area, we figured that there would be families that could use a refurbished computer, but just didn't have one in their home other than a cell phone. So, we thought that there would be a need in the community," Kennedy said.

for the community. "There were about 10 of us who volunteered," Nida explained. "I kind of took the responsibility of making the proposal happen to actually win the competition. After winning the grant, it's been really fun managing the project. I've just kind of been focused in on the function of (the project) but only recently I've been retrospective on who these computers are going to.

### Governor Youngkin proclaims May as National Historic Preservation Month

Virginia Governor Glenn Youngkin recently proclaimed May as National Historic Preservation Month throughout the state. In recognition, Youngkin states that Virginians are proud of the Commonwealth's rich and diverse history that extends approximately 16,000 years or more; and that legacy gave rise to one of the earliest state historical societies in 1831; the first national preservation movement in the 1850s; one of the earliest statewide private preservation organizations in 1889; and the nation's first historical highway marker program

The recognition goes on to explain that vast legacy propelled creation of the Virginia Historic Landmarks Commission in 1966, predecessor of today's Department of Historic Resources (DHR), and the Commonwealth's preservation easement program and the Virginia Landmarks Register; and the Virginia Landmarks Register and the National Register of Historic Places now lists more than 3,400 individual sites and nearly 600 districts that highlight the significant contributions of many diverse populations to the storied tapestry of the Commonwealth's and the nation's

Since 1966, Virginia property owners have donated to the Commonwealth more than 690 preservation easements and have preserved more than 45,000 acres in Virginia affiliated with historic houses, buildings, archaeological sites, and battlefields, while keeping these lands in private ownership. The Commonwealth has erected 2,900 historical highway markers and seven Green Book plaques that highlight people, places, or events important at the regional, state, or national level since 1927.

Heritage tourism adds more than \$7.7 billion annually to Virginia's economy, and tax credit rehabilitation of Virginia's historic buildings has leveraged more than \$6.8 billion in private investments, resulting in tens of thousands of jobs and billions of dollars in rehabilitation and post-rehabilitation spending that ripple across the state's economy.

Historic preservation community pride about history in the "places that matter" where people live, work, and play in Virginia; thus, it is important to celebrate Virginia's history and its impact on citizens' lives and communities.

### **Botetourt County announces** settlement for the ongoing Fincastle courthouse project

The Botetourt County Board of Supervisors approved a settlement regarding specific legal matters the board reviewed and considered about the ongoing courthouse project in Fincastle at a special meeting held last week in Daleville. In a press release Friday, it explained

that there was a recommended resolution from the county attorney and county staff for the board to approve a settlement agreement with the construction company (KNA) and Surety (bonding company) regarding the Fincastle Courthouse Project. The resolution explains that the

project's contractor, KNA Construstion, LLC, entered into a construction contract with Botetourt County on October 26, 2022. The bonding company, Surety, issued a performance bond weeks prior to the county's agreement with KNA.

The total construction project for package A was bid for \$5,208,657. Package A consisted of site preparation

courthouse. On July 28, 2023, the county issued to KNA a "Notice of Default and Right to Cure."

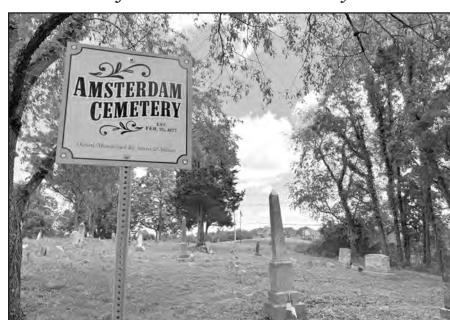

After negotiations, Botetourt County will receive compensation totaling \$850,000. Botetourt County Capital Projects Manager Rich Evans will be working with pre-qualified contractors to appropriately solicit bids to complete the courthouse construction project as soon as it can be accomplished.

"This has been an extremely complicated situation to work through, the release went on to say. "Botetourt County has lost construction time, however fortunately, due to the work of the Botetourt County team, including our legal counsel, financial losses have been substantially mitigated. The timeframe for the completion of the project is still to be determined, pending final design and bidding for construction."

### Sirens & Salutes prepares for busy summer of community services

Co-founder Bill Price was recently made trustee of the Amsterdam Cemetery

The Amsterdam Cemetery has recently received a refurbishing thanks to the work of local community organization Sirens & Salutes, who recently installed a new sign as a part of their cleanup efforts.

mattdesimone@mainstreetnewspapers.com

With Memorial Day approaching, Sirens & Salutes—a local organization that honors fallen heroes continues giving back to the community. This time of year presents the organization with several projects and annual tasks that need completing by Memorial Day, when Sirens & Salutes and members of the Botetourt community work to ensure the sacrifices of military veterans, police officers, and emergency workers are remembered.

The organization's co-founder Bill Price was recently made trustee of the Amsterdam Cemetery in Daleville, which was originally established in 1877. He's spent the last few weeks clearing out a lot of the vegetation and installing a flagpole with a solar spotlight which can be seen when driving along Roanoke Road (Route 220, on the corner of Amsterdam Road and Greenfield Street). "You couldn't see any

of this when we first started," Price said about

the work done for the cemetery. "The trees were right to the ground. You couldn't even see the stones.'

Work began around the end of March and Price thinks he'll continue work over the next several weeks. Over the last few weeks, Price and others have uncovered gravestones that date back well over 100 years. Last weekend, Price and helpers took to weed-eating and spraying to better clear a lot of the overgrown weeds that have spiraled throughout

Executive Director Lynsey Allie added her appreciation for all who attended the event saying, "I want to extend our deepest gratitude for all of you joining us today in honoring our earlier patriots in the VA250

marker dedication. This marker symbolizes more than just a plaque. It represents our commitment to preserving history and honoring those who came before us. Their contributions have shaped our community and inspire us to continue their legacy. I want to express appreciation to the Daughters of the American Revolution for their dedication for historic preservation... May this marker serve as a reminder of our shared history for generations to come."

Holt closed the ceremony thanking the DAR VA250 committee and expressed her gratitude for the marker's placement and the people who attended the event. Following the dedication, attendees enjoyed a reception at the church that featured Fincastle Mayor Mary Bess Smith reading the proclamation approved by Fincastle Town Council at its May 9 meeting thanking the Botetourt DAR for the new patriots marker.

Additionally, Horton shared some of the things he loves about the Troutville community.

"It's a great little community with some great people," Horton added. "I even came up with the sign at the water department that says, 'It's a great little town to live in.' I know everybody that lives in town. Every time I've ran (for mayor), no one ran against me. I don't know whether that's good or bad, but I guess they liked what I was doing."

Horton said that the last couple of years were challenging for him as mayor, which led him to decide to step down. He expressed his excitement for Vice Mayor Laura Bumgardner assuming his duties over the next few months and noted gratitude for Town Clerk Judy Carter who Horton said of Carter, "She's very knowledgeable and does a great job for the town."

In closing, Horton wanted to share a few words about his time as mayor, acknowledging the community for their support.

"I want to thank the citizens of Troutville for voting me in and keeping me in," Horton said. "They're great people. I love this town."

"It's very satisfying knowing that I am helping the community because the people these are going to are probably using their phones for most of their 'computer work' where a computer would be much better. Or maybe it's a parent, through the food bank, trying to get a computer for their child because maybe they can't afford a new computer. It's been very satisfying to think about who this project is helping and all the work we've put into it."

Nida, who graduated this week, said that he enjoyed the experience as a project manager, refining his leadership skills and learning "the in's and out's" of putting together a reliable team.

Ryan Markham is a sophomore who is looking forward to taking over the role of a project manager for his class's future

projects in the next couple of years.

"The first month I worked on the Altec project was daunting in comparison to my other classmates who had years of experience working on computers," Markham recalled. "They know way more than I do, but as the months went by working more and more (on the

project), we all became friends and I learned a lot working with Bryan."

Most of the equipment involved with this year's distribution came from Altec, but the class also received equipment from Spectrum Design along with other private donations that will be used next year. Kennedy and his CST class encourage others in the community to consider donating any electronic equipment they may have to this worthy program. Even the oldest equipment can be used in the classroom for learning opportunities.

The class and Kennedy have been in correspondence with Martha Rodgers of the Botetourt Food Pantry about donating computers to the food bank. He noted that Rodgers is "an indispensable part of this program." On Tuesday, students donated 42 computers to the Botetourt Food Bank, two to the Buchanan Resource Center, and two to Solomon's Mission. The class also plans to expand the program to involve proper e-waste recycling and hopefully some kind of community event in the near future.

The Amsterdam Cemetery's peaceful setting

the cemetery grounds.

The wrought iron fence surrounding the plots was made from by the Eagle Iron Company that was based in Tennessee during the late 19th century. Several

individuals buried at Amsterdam have damage to their headstones that Sirens & Salutes plan to repair. Recently, the organization purchased memorial stones for former police officers from the Roanoke area to be placed at the Amsterdam and Fairview cemeteries.

This weekend, the Theatre Buchanan will hold special movie screenings, free of charge, of the 2009 war drama

"Taking Chance" starring Kevin Bacon. Showtimes begin this Friday, May 24, at 7 p.m., continuing with another 7 p.m. showing this Saturday, and concluding with a third showing at 3 p.m. Sunday. Sirens & Salutes annually sponsors a free film played each Memorial Day weekend in Buchanan.

Sirens & Salutes will be placing memorial flags on the graves of veterans in Fairview Cemetery in Buchanan next Saturday at noon, and picking up those flags at the same time the following Tuesday. The organization has ordered 160 military flags and plans to line the fence of the cemetery this

weekend.

On Memorial Day Monday, there will be a special 11 a.m. Memorial Day service at Fairview followed by a lunch at Solomon's Mission at noon. After that, Price and others will then travel out to Carrington Place for a special Memorial Day service for the veterans at the center.

Later this summer, July 20, Sirens & Salutes and Quilts of Valor will hold an awards ceremony honoring local veterans at the Buchanan Community Center, presenting quilts to several members of the Botetourt community.

### Time to Rest

Read Exodus 30:1 through 32:35

"This project has to be done right, and it has to be done soon. Work all weekend if you have to." Some work assignments make us wonder if we need to make a few clones to help us get the work done. Life's responsibilities may seem larger than we can handle, yet we need to learn the importance of rest.

"It will be a sign between me and the Israelites forever, for in six days the Lord made the heavens and the earth, and on the seventh day he rested and was refreshed" (Exodus 31:17).

God created the Sabbath for two key purposes. First, people need to set aside a day to worship God and fellowship with His people. Second, we need a day of rest and refreshing. Scientific research bears this out.

Nearly everyone must contend with deadlines and expectations from others. God, however, wants us to set aside time to rest and to seek Him. Obeying His instructions for rest and worship actually helps us gain the energy and renewal we need to be more effective and productive in the responsibilities we carry.

Prayer Suggestion: God, please direct me in ways to better rest in You.

Dale Ridge is reaching out to the Roanoke/Botetourt area with the good news of Jesus

Christ. Come join our plea to

return to the Bible. We believe

in the inspired Word of God

which is as relevant today as

it was when it was written. We believe in the Holy Spirit is a gift, given to every Christian when we respond to the Gospel as taught in the context of Acts 2 and emphasized in verse 38. We believe Jesus is the only means of our salvation. (Acts 4:12) Is this your time to make a choice? (John 16:13) Have you been looking for a church family that's led by the Holy Spirit into all truth? (John 13:35) You will know we are His disciples by our love for one another. Follow the advice of Philip when he told Nathanael about Jesus in (John 1:46) "Come and See."

### Hammit, John Douglas

on January 8, 1927, the day John dancing, traveling, telling jokes, and

Douglas Hammit was born to Oly F. and Jessie T. Hammit in Buchanan. John passed away peacefully March 15, 2024, with his loved ones at his home after a long and blessed life. While 97 years seems a long time, it wasn't nearly enough.

In addition to his parents, John was preceded in death by his beloved granddaughter, Sue Ann Watts; his seven older sisters, Anna Lee (Russell) Hess, Ruth (C.W.) Stull, Mary (J.D.) Hawkins, Margaret (Gil) Stinnett, Frances (Gil) Rollins, Doris (Fred) Racey and Norma (Frank) Wickline. Peace comes when we imagine the reunion of John with Sue Ann and many loved ones. John lived his faith in Christ every day with love and kindness he showed family and friends, and courtesy he showed to all.

Left to cherish his memory is the love of his life, Marian S. Hammit; his loving daughter, Sally Godsy, and special son-in-law Robert (Butch) Godsey; and many nieces and nephews he held dear. John married Marian on May 17, 1947, and cherished their life together, which he recently

The world became a better place said was "77 short years." They loved

gathering with family and friends. John was a proud WWII Army veteran and avid wildlife especially hunter, with his nephews. He served as a volunteer in Buchanan Volunteer Fire Department and Rescue Squad. John began his hardware career in Buchanan and then 38 years as owner/

manager of Lexington Hardware. He declined the request to run for mayor of Buchanan, but a write-in campaign led to John being elected. He respectfully declined his election.

John will be missed by all who loved and knew him. Our memories of this wonderful son, husband, father, brother, uncle, and friend are always in our hearts.

Funeral services will be held at 2 p.m. Saturday, May 25, 2024, in the Buchanan Chapel of Botetourt Funeral Home at 14920 Lee Highway, Buchanan. The family will receive friends from 12 to 2 p.m. The burial will follow the service, and then all are invited to return to the Botetourt Event Center for food and fellowship. ### Open house Monday at the Wilson Warehouse

The historic Wilson Warehouse in Buchanan, built in 1839, welcomes area residents to an open house and tour on Monday, May 27, from 1 The open house follows the

77th Annual Memorial Day Remembrance Service held at Buchanan's Fairview Cemetery at 11 a.m. and luncheon at Solomon's Mission at noon. The Wilson Warehouse is owned

by the Buchanan Town Improvement Society. Many know the building as the "Community House." During the open house, the society will show a presentation at 1:30 and 2:30, "Historical Discoveries at the Wilson Warehouse." Recent work

at the warehouse uncovered over 30 "ledgers" and other documents dating from 1812 to 1931. The majority of the ledgers pertain to early Buchanan history and the Wilson Company that operated a shipping, receiving and retail operation out of the Wilson Warehouse.

Renovation of the building and grounds is just one of the projects underway to upgrade the 185-year-old structure. Other projects include exterior painting and lighting, HVAC updates, restoration of the second and third floors and preservation of historical documents.

For many decades, the Wilson

Warehouse was a place for weddings, receptions, service club meetings and community events. It features a large, open event space and commercial kitchen. The space is available for rental.

### Lord Botetourt has new volleyball coach, will soon have new boys basketball coach

the Lord Botetourt High School gym will find two new head coaches in charge when the 2024-'25 school year opens. Botetourt has hired Samantha Wilkins to coach the volleyball team and applications are currently being reviewed to name a successor to boys basketball coach Andrew Hart, who recently stepped down.

Wilkins knows her way to the gym. Samantha head jayvee volleyball coach at LB from 2013 to 2018 and was varsity coach Julie Conner's assistant from 2013 through last season. The highly successful Conner recently stepped down to spend more time at home, and she's confident Wilkins can keep the program at a high level.

'Coach Wilkins has been at LB for the past 11 seasons, she knows the program well but, more importantly, she knows the girls, so I think it will be a smooth transition," Conner. "I'm excited that she's been given this opportunity, and know she will set high expectations and will continue the success

of the LB volleyball program." "I'm very excited about taking over the volleyball program at LB," said Wilkins. "It has always been a goal of mine to be a head coach and have had opportunities to go to other programs, but Julie and I always

worked so well together and we put a lot of effort into this program that it never felt right to leave."

Samantha played high school volleyball in the Blue Ridge District at Staunton River High School, where she started playing in the eighth grade. She went on to Randolph College where she was a four-year starter and captain.

Wilkins has been with Lord Botetourt for three state championships. She knows the program and doesn't anticipate a lot of changes.
"I think it will

benefit me greatly since I was already with the program and will make the change an easy and seamless transition," she said. "I have learned so much from Julie over the past 11 years and because of that not a lot will change. She has built such a strong program during her time heading the program and I just need to complement that his young family. ### Region 3D baseball opens Friday for Lord Botetourt

The Lord Botetourt baseball team will open Region 3D play on Friday. At press time the Cavaliers knew when they were going to play, who they were going to play and who was going to start on the mound. They just didn't know where.

Cavalier ace lefty Nolan Medley will pitch the region opener on Friday against Carroll County, but at press time it was yet to be decided where that game would be. Carroll County had a regular season game with Radford early this week, and the outcome would decide where Friday's game will be played. If Carroll won it will be in Hillsville, but if Radford won then the game will be in Daleville. Carroll was favored to win. The

Carroll team had a 14-4 record to 5-14 for Radford and Carroll won the first meeting between the two. The second meeting was scheduled for Monday but moved back to Tuesday, after press deadlines, due to Radford having their spring sports banquet on Monday.

"I'm glad they moved it back because now I can go scout," said LB coach Todd Smith, as he was attending Lord Botetourt's graduation on Monday. The Cavaliers come into the region

with a 13-7 record. Botetourt last played on Thursday of last week in the Blue Ridge District tournament semifinal. The Cavs dropped an 11-4 game to William Byrd, who went on to beat Northside and win the tournament. This game was close through five

innings. Medley homered in the first inning and LB took a 2-0 lead. Byrd scored three runs in the third to go up 3-2, then put eight on the board in the top of the sixth, highlighted by a Torin

### James River softball team hoping to make Region 2C tournament

James River softball girls were big fans of Carroll County on Tuesday when Carroll played Radford in the last game of the regular season. The Knights needed Carroll to win to make the Region 2C tournament, and the game was yet to be played at press time.

James River Radford were both hoping to gain the region tournament's and final spot prior to Tuesday's Carroll-Radford game. If Carroll won that game James River will make the tournament and travel to top-seeded Appomattox, tentatively scheduled for Thursday. If Radford won on Tuesday, the Bobcats are in and River's season is over.

River had the numbers

on their side. Carroll

came into the week at

16-3 while Radford was

7-12. Carroll won the first meeting between the two, but only by a score of 2-1.

The Knights could have clinched a spot with a win last Thursday when they finished the regular season at Carroll but the host Cavaliers edged River, 3-2. Carroll got a two-out, walk-off infield hit in the bottom of the seventh inning to score the winning run. James River entered

the sixth inning with only two hits, being shutout 2-0. The Cavaliers' Emma Leath was dominating with eight strikeouts to that point.

With two outs in the top of the sixth, Abbie Wilson served a seeing eye single up the middle and Ripley Barry followed

with a long home run to centerfield, tying the score at 2-2. The Knights held the

home team scoreless in

the sixth before going three up and three down in the top of the seventh, setting up the last at-bat heroics. Addie Greene hit a ground ball in the third base-shortstop hole to score Laynie Jo Leonard with the winning run in the 3-2 victory. Leonard had walked to lead off the final frame. She was sacrificed to second and moved to third on a ground out. Barry had the only extra base hit for either

team. In addition to Wilson's single, Keira Crawford and Cloey Joynes had singles for James River. Pitcher Makenna Saville scattered eight

singles for the Knights, allowing two earned runs, striking out two, and walking three. Leath scattered four hits for Carroll, striking out 11
