## New livestock and poultry facilities at Virginia Tech help grow agriculture

Virginia Tech's College of Agriculture and Life Sciences recently finished \$31 million of construction on a series of new and renovated buildings around its Blacksburg campus that helps cement the university's role as a source of research, education, and outreach that serves the commonwealth's largest private industry — agriculture.

The buildings, which will help the livestock and poultry industries thrive, are part of the newly formed School of Animal Sciences, which merged

the departments of Animal and Poultry Sciences and Dairy Science into one cohesive unit in order to strengthen their impact on the commonwealth, the nation, and the world.

"We are extremely grateful for the Commonwealth of Virginia's support of Agency 229, which helps bolster some of the most vital industries in the state," said Alan Grant, dean of the college of agriculture and life sciences, who recently

spoke before the Virginia Tech Board of Visitors about the construction updates.

The series of buildings has been under a multiphase construction project that includes a new swine research and education center and new buildings and upgraded facilities for the beef cattle and equine programs, among other things. A second phase of construction is underway to make other upgrades and refurbishments to other livestock buildings

See **New Facilities**, page 4

**New swine facilities are one of a series of new buildings completed during a \$31 million construction project for the newly formed School of Animal Sciences.**

## Virginia awarded \$219.8 million to expand rural broadband access

WASHINGTON—The U.S. Department of the Treasury recently announced that Virginia is one of four states poised to expand access to rural high-speed internet service.

Under the American Rescue Plan's Coronavirus Capital Projects Fund, Virginia received \$219.8 million, which represents 100% of the state's available CPF funding. The money will pay for expansion of broadband access to an estimated 76,873 locations. Approximately 28% of Virginia locales lack access to high-quality broadband service, a reality that negatively impacts farmers and other rural residents.

Groups like Virginia Farm Bureau Federation have long advocated for expanded connectivity statewide and are celebrating the recent announcement.

"This is music to my ears," said Virginia Farm Bureau Federation President Wayne F. Pryor. "Just like farms needed electricity and phone service a century ago, rural Virginia cannot fully thrive without broadband internet. Anyone offline is missing connections to buyers, suppliers, news, educational resources, and vital medical services. Rural Virginia will certainly benefit from this, and farmers too."

Accomack County Farm Bureau member Lynn Gayle is a row crop farmer in rural Onancock on Virginia's Eastern Shore, where it's difficult to get reliable internet connectivity for home use and farmwork. He's had to invest in workarounds—installing wireless data connections within his tractors

to transmit daily crop data to John Deere's central database.

"But a lot of other devices and website designs require high data flow," he said. "Without a high-speed connection, data loads very slowly, and it gets pretty cumbersome."

The treasury's broadband funding should help close that gap, but Gayle noted the Eastern Shore's unique geography may present infrastructure challenges.

"Those are issues they'll have to figure out, but this is encouraging," he said. "It's just like the rural electrification decades ago."

In Virginia, local governments in partnership with internet service providers can apply for funding through a competitive grant program overseen by the Virginia

Telecommunication Initiative.

Other states receiving first-round funding are Louisiana, New Hampshire and West Virginia, connecting over 200,000 homes and businesses to broadband. The first large waves of federal funding lay the groundwork for future funding provided in the Infrastructure Investment and Jobs Act.

The \$10 billion in project funding aims to deliver internet service that meets or exceeds speeds of 100 megabits per second. All service providers are required to participate in the Federal Communications Commission's new Affordable Connectivity Program, which helps ensure households can afford broadband, with a discount of up to \$30 per month.

**Virginia is one of only four states set to expand access to rural high-speed internet service courtesy of \$219 million in funding.**

## COVID-19 cases, deaths rise in Virginia's nursing homes for second straight month

New data indicate rates of COVID-19 cases and deaths in America's nursing homes, including those in Virginia, rose substantially in June for the second month in a row, ending several months of decline from the peak of the initial Omicron wave in January 2022 and heightening concerns that a new surge is upon us.

The rate of nursing home resident deaths nationwide increased by more than 50% in the four-week period ending June 19, according to AARP's Nursing Home COVID-19 Dashboard, with more than 750 resident deaths reported.

In Virginia resident deaths were up from a rate of .04 per 100 residents in the previous four-week period ending May 22, to .06 in the four-week period ending June 19. Since the beginning of the pandemic, more than 3,000 nursing home residents in Virginia have died from COVID-19.

Furthermore, the rate of resident cases nationwide increased by 27%, compared to the previous four weeks, according to the dashboard while the rate of staff cases nationwide increased by 42% during the same reporting period.

Nursing home resident cases in Virginia were up from a rate of 2.74 per 100 residents in the previous four-week period ending

May 22, to 4.14 in the four-week period ending June 19. The rate of staff cases was up from 2.29 per 100 residents to 3.81 compared to the previous dashboard release.

"Our loved ones in nursing homes are among our most vulnerable," said David DeBiasi, advocacy director for AARP Virginia, which serves more than 1 million members aged 50 and older in the commonwealth. "Rising deaths and cases of COVID-19 among nursing home residents and staff nationally show that for their sakes, we must remain vigilant, and we must hold nursing homes accountable for providing high quality care and safe environments."

The latest data from the AARP COVID-19 Nursing Home Dashboard show that as of June 19, 74% of nursing home residents in Virginia were fully vaccinated with at least one booster dose, a slight increase from mid-May.

Nationwide, about 29% of nursing homes reported a staffing shortage in the four weeks ending June 19. The percentage of facilities in Virginia reporting a shortage of nurses or aides was 34% in the four weeks ending June 19.

## Uprooted in Appalachia

## Forest Service Blacksburg shooting range to close temporarily

The Blacksburg Shooting Range in the Eastern Divide Ranger District of the George Washington and Jefferson National Forests will be temporarily closed from Monday, July 25, through Monday, August 1, 2022, for maintenance and repair work.

"The shooting range is one of our busiest recreation sites and has accumulated wear and tear over time that needs to be addressed," said District Ranger Beth Christensen. "Thank you to our community members and groups who are working with us to keep the facility orderly, safe, and pleasant for its users."

The district is working with local community volunteers to complete several work projects that will improve visitors' experience at the range. Projects include trash cleanup, grading the range, parking area and access road improvement, treatment of encroaching non-native plant vegetation, placing boulders to secure range perimeters, and resetting and leveling gates at the entrance to the range. Anyone seeking to volunteer to assist with any of these activities can contact Eastern Divide District Ranger Beth Christensen at 540-552-4641.

# UPCOMING EVENTS

## Thursday, July 21:

### Photography presentation

Photographer Michele Borgarelli will discuss the topic of landscape photography at the July 21 meeting of the Radford Photo Club. The meeting is at 6 p.m. at the Radford Public Library. It will be followed by an outing to a nearby park to practice landscape photography. The Radford Photo Club is made up of professional and amateur photographers from throughout the New River Valley. Meetings, events, and outings are open to the public. Learn more about the club by searching for "Radford Photo Club" on Facebook.

## Friday, July 22:

### Enjoy your national forest

At the Blacksburg Library at 2 p.m. Ranger Beth Christensen will present a brief overview of the Eastern Divide Ranger District/George Washington-Jefferson National Forest and the Forest Service.

### Claytor Lake snakes

At the Radford Public Library at 11 a.m. A volunteer from Claytor Lake State Park will visit the library to show off a selection of snakes and other reptiles.

## Saturday, July 23:

### Animal care and adoption center celebrates 5-year anniversary

The Montgomery County Animal Care and Adoption Center will celebrate its five-year anniversary from 11 a.m. to 4 p.m. Festivities include Nana's Sweets and Treats Food Truck, a petting zoo, facility tours, giveaways, and of course, adoptable cats and dogs. For more information about the Montgomery County Animal Care and Adoption Center, visit [www.montva.com/acac](http://www.montva.com/acac)

### City of Radford concert series

1980s band Cassette Rewind will play on the grounds of Glencoe Mansion, Museum, and Gallery. Gates open at 6 p.m. The concert begins at 7 p.m. Concertgoers can bring a chair or a blanket. Food and beverages will be available for sale. \$5 per person. Children under 12 are free.

### Fish fry

At the New Mount Olive United Methodist Church, 309 Russell Ave., Radford; 11 a.m. to 4 p.m. Dinners are \$10; fish sandwiches are \$6; an extra piece of fish is \$3. Call the church at 540-639-6425 for call-in orders. Delivery is available in the Radford area only or come by and pick-up a call-in order. The fish fry is sponsored by the United Methodist Men.

### Adult yoga

At the Blacksburg Library at 3 p.m. Come follow along with a video from Yoga with Adriene. Adults of all fitness levels and experience are welcome to bring their yoga mats and comfortable clothes for a judgment-free, no-stress event. Registration is recommended.

Call or stop by the circulation desk to register.

### Music on the lawn: Andy & Judy Daigle

At the Christiansburg Library at 6 p.m. This is the third show in the library's Music on the Lawn concert series. Concertgoers should bring their lawn chairs and blankets. This free concert will happen rain or shine!

### Seashell bath bursts: DIY

At the Meadowbrook Public Library at 1 p.m. Adults and teens are invited to make a bath burst in a seashell mold. Registration is required for this free event. All supplies will be provided.

### Eight Point Star

At the Meadowbrook Public Library at 5 p.m. Eight Point Star features Mike Gangloff and Matt Peyton as songwriters. Mike also plays fiddle and banjo and an eight-string Norwegian Hardanger-style fiddle. Matt also plays guitar, dulcimer, and sometimes theremin. Isak Howell plays banjo, guitar, and harmonica. Tim Thornton plays bass, dulcimer, and sometimes guitar.

## Sunday, July 24:

### Free Sustainable Garden Tour

Free tours of Blacksburg sustainable gardens featuring native plants, wildlife-friendly plantings, edible landscaping and beauty will be hosted by the Sustainable Blacksburg nonprofit community organization on fourth Sunday afternoons through September. Light refreshments will be served at these drop-in tours. The July 24 tour is 6 to 8 p.m. at Arlean Lambert's garden and the Hale Community Garden at 215 Maywood St. The gardens highlight edible landscaping and vegetable gardening. Lambert enjoys figs, strawberries, kiwis, nuts, greens, and other edibles, including edible flowers, at her north Blacksburg home.

## Monday, July 25:

### Talking about books

At the Blacksburg Library at 11 a.m. To be discussed is "All the Ways We Said Goodbye" by Beatriz Williams. Call (540) 552-8246 for more information or to reserve a copy.

## Wednesday, July 27:

### Sustainable Blacksburg lunch and learn: low-waste kids

At the Blacksburg Library at noon. Bring the family and learn about a variety of ways to reduce waste in your home and life.

### Teen Book Club

At the Blacksburg Library at 4 p.m. This month teens will read *How Moon Fuentez Fell in Love with the Universe* by Raquel Vasquez Gilliland. Snacks will be provided.

## Thursday, July 28:

### Lunch and Learn: Adverse child-

### hood experiences

At the Christiansburg Library at noon. Bring your lunch and learn about Adverse Childhood Experiences with New River Valley Community Services. ACEs are traumatic experiences in childhood and the teenage years that may put children at risk for violence, chronic health problems, and mental health/substance use disorders. Youth-serving organizations, coaches, caregivers, and community members who gain awareness of ACEs can also help prevent them from happening, giving children a better opportunity to grow and thrive in a safe and stable environment.

## Friday, July 29 through Sunday, July 30:

### Mary Draper Ingles Festival

Events commemorating one of Virginia's most famous colonial heroines. Festival features colonial period reenactors, old-time crafts and skills, an art exhibit inspired by Ingles and many children's activities, including a petting zoo, at Glencoe Mansion, Museum & Gallery. The historic Ingles Farm, which showcases a replica of Mary's cabin, will be open for tours and talks by interpreters. Long Way Brewing, a craft beer company whose name is a take on the frontierswoman's journey, will also feature live music, food trucks, a children's play zone and a living history performance by West Virginia actress Karen Vurch. Friday evening kicks off with the dedication of the Mary Draper Ingles Cultural Heritage Park at Glencoe. James Alexander Thom, author of the national bestseller, "Follow the River" is expected to sign books during the event. Long Way Brewing will kick off its celebration with the reintroduction of a craft beer named in honor of Mary, music and food. Saturday's activities will run most of the day at Glencoe, the brewing company and the Ingles Farm. On Sunday, the festival continues at Wilderness Road Regional Museum in Dublin and will feature interpreters, live music and tours of the historic Ingles Tavern located on the banks of the New River in Pulaski County. Coordinated by Glencoe Mansion, Museum & Gallery and made possible in part by a grant from the Virginia Tourism Corporation. For an event schedule, go to [www.glencoemansion.org](http://www.glencoemansion.org) or phone (540) 731-5031.

## Saturday July 30:

### Kids' stuff swap

At the Blacksburg Library at 12:35 p.m. Kids can bring their old stuff they no longer need and sweep it for things they do need. Items allowed include clothes and shoes, sports gear, school and art supplies, homeschool curriculum and supplies, backpacks and lunch gear, and books. Good quality items only please. Donations are not required to participate. The library will begin accepting donations on Monday, July 25. Email [mhall@mfrl.org](mailto:mhall@mfrl.org) for additional information.

### Quilting marathon: Make a quilt bookmark

At the Meadowbrook Public Library at 8 a.m. The Meadowbrook Quilters are hosting a quilting marathon. The public is invited to see these skilled individuals quilting. The group will be working on individual projects and will also have supplies to make a quilt bookmark for all ages. Participants may bring their quilting projects or questions and they will help you. This program is open to all ages.

## Thursday, Aug. 4:

### American Legion meeting

American Legion Harvey-Howe-Carper Post 30 will meet at 7 p.m. at the VFW Post Home on 102 Watts St. in Radford. For further information, contact 540-250-2283 or 540-239-9864.

## Friday, Aug. 5 and Saturday, Aug. 6:

### Book Sale

Book sale at the Radford Public Library from 10 a.m. to 5 p.m. Lots of books for all ages will be available at reasonable prices.

## Tuesday, Aug. 9:

### Sons of Confederate Veterans meeting

Sons of Confederate Veterans, Stuart Horse Artillery Camp 1784 will meet at 7 p.m. at Aly's Family Italian Restaurant on 3204 Riner Road. Members of the United Daughters of the Confederacy are invited to attend. For further information, call 540-320-4315 or 540-239-9864.

## Ongoing:

### United Way emergency food pantry in need

The United Way NRV Emergency Food Pantry supply is critically low. Anyone able to donate pantry items, please drop them off at the United Way office at 111 West Main St. in Christiansburg.

### Alexander Black House Farming Exhibit

Blacksburg Museum and Cultural Foundation announces an exhibit, Virginia is for Farmers: Agriculture in Southwest Virginia, Then and Now that will be on display through Aug. 18 in the Alexander Black House main galleries, 204 Draper Road SW, Blacksburg. Admission is free, hours are Tuesday through Saturday from 10 a.m. to 4 p.m. A reception will be held Saturday, Aug. 6, from 11 a.m. to 1 p.m.. It is open to the public. The exhibit explores pre-settler agriculture in Southwestern Virginia, Blacksburg area farms in the 18th and 19th centuries, the birth of the Future Farmers of America at Virginia Tech in the early 20th Century. It takes farming and agriculture to present-day local farmers' market and Blacksburg's neighborhood gardens. For more information, visit [blacksburgmuseum.org](http://blacksburgmuseum.org).

## Radford's Daniel Burzek receives 2022 engineering technology award for academic excellence

Radford's Daniel Burzek has received the 2022 engineering technology award for academic excellence. He originally attended the British Columbia Institute of Technology where he completed a diploma program in electronics engineering technology in 1997. In 2002, he moved to Radford where he now resides with his

wife and three children.

Burzek began his studies in the electrical engineering technology program in 2016, is now completing his undergraduate degree, and will graduate summa cum laude. He is a member of Phi Kappa Phi honors society and works as an electronic engineer at Motion Control Systems.

Radford's Daniel Burzek

# Virginia Tech's administrative and professional faculty award winners announced

Three employees received the first Administrative and Professional (A/P) Faculty Award, which recognizes A/P faculty for their extraordinary contributions, accomplishments, and consistent performance for Virginia Tech.

The winners are Ellen Douglas, associate controller in the Department of Insurance and Risk Management; Amy Rizzo, senior research veterinarian in the Virginia-Maryland College of Veterinary Medicine; and Keri Swaby, director for undergraduate research.

In addition, the first team award went to the Diversity Education and Engagement team.

The winners were recognized during a ceremony on July 13.

The recognition program highlights the integral roles that A/P faculty hold as they lead and manage a variety of positions.

Historically, Virginia Tech offers multiple award programs to recognize faculty and staff for their commitment to the university and community, new ideas, and teamwork. The newly created A/P faculty award program focuses on approximately 2,100 of Virginia Tech's employees.

"Our A/P faculty are an important and highly valued part of the Virginia Tech community and are critical to achieving the university's strategic priorities," said Executive

Vice Provost Don Taylor. "I am pleased to see their contributions and service celebrated, and I congratulate each of the award winners and nominees for their accomplishments."

"By adding this award to our recognition program, we can more fully recognize all of our faculty and staff for their contributions at Virginia Tech," said Bryan Garey, vice president for human resources. "We appreciate the service and contribution A/P Faculty make to the university."

Ellen Douglas has worked at Virginia Tech since 1987.

Amy Rizzo joined Virginia Tech in 2016.

Keri Swaby joined Virginia Tech in 2017.

Ken Miller, vice president for finance, wrote in a letter of endorsement for Ellen Douglas, "Ellen is a trusted, credible, and respected partner who builds strong working relationships with colleagues at Virginia Tech, at other universities, and with her state government counterparts. When university property is damaged from natural disasters such as fires and floods, Ellen jumps into action, working with stakeholders to comprehensively document and submit insurance claims for damage."

Jennifer A. Zambriski, assistant professor in the Department of Population Health, wrote in a letter of nomination for Dr. Amy Rizzo, "Dr.

PHOTO BY CHARLIE WHITESCARVER FOR VIRGINIA TECH.

The 2022 administrative and professional faculty award nominees. Of the group pictured above, the three award winners were Ellen Douglas, associate controller in the Department of Insurance and Risk Management; Amy Rizzo, senior research veterinarian in the Virginia-Maryland College of Veterinary Medicine; and Keri Swaby, director for undergraduate research.

Rizzo has consistently demonstrated excellence as she works to advocate for both researchers and research animals. In addition to consistently serving the Virginia Tech community, she often goes above and beyond the call of duty. Over the last year, there have been three occasions when I found myself facing dire emergencies impacting my research animals. On all three occasions, Dr. Rizzo was off duty and still showed up to help me and offer solutions. She has a true gift for finding common ground and compromise."

Jill Sible, associate vice

provost for undergraduate education, wrote in a letter of nomination for Keri Swaby, "While the pandemic dramatically limited in-person undergraduate research opportunities in 2020 and 2021, Keri's unwavering commitment to supporting students and her creative approach to problem-solving resulted in an overall increase in the engagement of the Office of Undergraduate Research with students and faculty. While Keri prefers to work in the background on behalf of students and faculty, she has emerged as a dedicated and effective leader

among A/P faculty. She also contributes regularly to publications and conference presentations on undergraduate research."

The team award winner was the Diversity Education and Engagement team of Michelle Carter, director of diversity engagement; Alicia Cohen, director of diversity education; Michele Deramo, assistant provost for diversity education; Victoria Ferguson, director of the Solitude Fraction site; and Sandy Martin, administrative assistant.

In a letter of nomination, Stacy Wilkerson, chief of staff for the Office for Inclusion and Di-

versity, wrote, "The work of the diversity education and engagement (DEE) team has made Virginia Tech a leader in the field of diversity, equity, inclusion, and justice. The DEE team, led by Michele Deramo, is a dynamic group of talented and dedicated individuals committed within the field of justice, equity, diversity, and inclusion. The team strives for excellence at every level. Their deep commitment to this work is invaluable to the growth and development of Virginia Tech as a leader in the work of racial truth-telling and racial consciousness."

## PETS OF THE WEEK

Meet Polly. She's a nice gal who came to the Animal Care and Adoption Center with her dog father, Paul. While they are not necessarily a bonded pair, they would do well to go to the same home. Both dogs are friendly and know a few basic commands. Polly is a little more reserved than Paul.

Dink is an older cat who has gotten along with small- and medium-sized dogs in the past. She also seems to enjoy children more than adults. Currently, she shares a space with Callie, her BFF (Best Feline Friend). The pair will need to be adopted to the same home. Dink's adoption is sponsored by Montgomery County Friends of Animal Care and Control.

# Virginia Department of Transportation road watch

The following is a list of forecasted highway projects that may impact traffic traveling in the 12-county Salem Transportation District this week. Work schedules and construction project timelines are always subject to change and weather dependent. New information is noted by "NEW" and updates are noted when a current project has had an update added to the listing. The Salem District covers Bedford, Botetourt, Carroll, Craig, Floyd, Franklin, Giles, Henry, Montgomery, Patrick, Pulaski and Roanoke counties.

### MONTGOMERY COUNTY

**I-81 NORTHBOUND AT EXIT 105 NEW RIVER BRIDGE REPLACEMENT IN MONTGOMERY COUNTY** – Traffic on northbound I-81 has been switched onto the newly constructed bridge over the New River at the Montgomery/Pulaski County line. Lane and shoulder

closures may be in place near exit 105. Lane closure may be in effect during the week from 8 p.m. to 7 a.m. Shoulder closures may be in effect at any time during the week. Slow rolls may be performed on I-81 in the north and southbound lanes from mile marker 98 to 109. Speed limit is reduced to 60 miles per hour in the work zone. Shoulder closures will remain in place though the duration of the project. Project completion is estimated by summer 2023.

**ROUTE 615 CULVERT REPLACEMENT** – Route 615 (Pilot Road) is undergoing a culvert replacement located at the intersection of Pilot Road and Old Pike Road, across from the Pilot Post Office. Lane closures on Route 615 maintained by utilizing temporary traffic signals will be in place through August 2022. Flagging operations may be in place. Route 615 will be limited to one 10 foot lane. Expected completion is October

2022.

**ROUTE 641 CULVERT REPLACEMENT** – Route 641 (Wayside Drive) will be closed at 8 a.m. on June 21 for a culvert replacement over Spring Branch. Drivers should watch for signage. The road will reopen on July 22 at 5 p.m., weather permitting.

**ROUTE 114 TURN LANE CONSTRUCTION** - Starting June 20, road improvements on Route 114 (Peppers Ferry Road) will begin for the construction of a new entrance to Belview Elementary School. Motorists should expect daily lane closures controlled by flagging forces. Work is expected to last until August 2022.

**INTERSTATE 81 INTERSTATE 81 LANE WIDENING CONSTRUCTION PROJECT EXIT 137 TO EXIT 141** – A \$179 million design-build project to widen both directions of I-81 between mile markers 136.6 and 141.8

from two to three lanes is set to begin. Continuing into the early summer, work will be performed on the inside and outside shoulders along a five-mile section of both northbound and southbound Interstate 81 in Roanoke County and the city of Salem. The shoulders will be built up before a barrier wall can be installed for road crews to work behind. The barrier wall will be installed along the shoulders in the spring and summer. Two lanes of I-81 traffic in each direction will remain open during the project with periodic lane closures scheduled during nighttime hours or outside of peak travel times as needed. Drivers can expect the following lane closures and upcoming impacts on northbound and southbound I-81:

**ROUTE 635 (GOODWIN AVENUE) CLOSURE** – As part of the ongoing I-81 project from exit 137 to 141, Route 635 (Goodwin Avenue) is closed for

approximately 30 days where it runs underneath I-81. It will be closed for reconstruction to accommodate the widening of the interstate. Drivers will need to seek alternate routes as traffic will not be able to pass underneath the interstate during this time.

**BARRIER WALLS:** Barrier wall installation is in process. Nighttime lane closures will be in place and lane widths will be reduced to 11 feet.

Nightly lane closures may be in place along the right lane with possible nightly ramp narrows as needed for guardrail and shoulder strengthening.

Northbound I-81 lane closures from mile marker 138 to 142

Northbound I-81 exit and entrance ramp narrows possible at Route 311.

The project also includes replacing six bridges, widening two bridges, installing approximately

# OPINION

## Home Country by Slim Randles: No trumpet, no problem. Carry the flag in the parade

The annual Fourth of July parade through our town began this year with a mystery. You see, a couple of the boys cornered Jimmy Angles down by Lewis Creek and hit him in the mouth. On purpose. Ordinarily, this wouldn't have made headlines in the Valley Weekly Miracle, or even the New York Post, but Jimmy played first trumpet in the band. Played ... past tense. The

pain and swelling of his lips meant he couldn't play the great trumpet solos in Mr. Sousa's marches on the Fourth. It meant that the other three trumpeters all moved up a notch. The new "first" trumpeter just happened to be one of Jimmy's assailants. The horses came first, of course, with cowboys and cowgirls and wannabe cowboys and cowgirls and used-to-be cowboys and cowgirls riding along

and waving. Then came the 4Hers, dragging reluctant lambs and goats after them. But hey, they were shiny clean lambs and goats. The queen and several other cute high school girls followed in a convertible, and then came the band. The parade's brain trust, Doc and Dud, actually planned it this way. It was decided over coffee that it was a far, far better thing we do to let

the horses go first so the band wouldn't frighten them. If this meant the 4H kids and the band members had to dodge a few equestrian "products" on the street, so be it. A small-town parade on the Fourth of July is where everyone goes to see how big the kids have gotten over this past year and to celebrate us all being different ... and the same ... for yet another year.

But how about Jimmy Angles and his temporarily inactive trumpet mouth? We found out as the band came into view. Jimmy was out in front of them all, carrying the American flag. Happy birthday America! ----- Brought to you by the 5,400 letter carriers who were bitten by neighborhood dogs last year. Let Fido watch TV for an hour and save a postman.

## Virginia gas prices fell 16.6 cents/gallon last week

Average gasoline prices in Virginia fell 16.6 cents per gallon in the last week, averaging \$4.29/g Monday, July 18, according to GasBuddy's survey of 4,081 stations in Virginia. Prices in Virginia are 54.4 cents per gallon lower than a month ago but are still \$1.32/g higher

than a year ago. The national average price of diesel declined 10.8 cents last week and stands at \$5.54 per gallon. According to GasBuddy price reports, the cheapest station in Virginia was priced at \$3.25/g Monday while the most expensive was \$5.99/g, a difference of \$2.74/g.

The national average price of gasoline fell 15.8 cents per gallon last week, averaging \$4.51/g Monday. The national average is down 47.9 cents per gallon from a month ago but still is \$1.35/g higher than a year ago, according to GasBuddy data compiled from more than 11 million weekly price reports covering over 150,000 gas stations across the country. "We've seen the na-

tional average price of gasoline decline for a fifth straight week with the pace of recent declines accelerating to some of the most significant we've seen in years," said Patrick De Haan, head of petroleum analysis at GasBuddy. "This trend is likely to reach a sixth straight week, with prices likely to fall again this week. Barring major hurricanes, outages or unexpected disruptions, I forecast

the national average to fall to \$3.99/gal by mid-August. So far, we've seen the national average drop for 34 straight days with over 25,000 stations now back at \$3.99 per gallon or less, and thousands more stations will join this week. In addition, we will see several states fall back under an average of \$4, the majority being in the south, but that could spread to more states in the weeks ahead."

GasBuddy is the authoritative voice for gas prices and the only source for station-level data spanning nearly two decades. GasBuddy's survey updates 288 times every day from the most diverse list of sources covering nearly 150,000 stations nationwide, the most comprehensive and up-to-date in the country. GasBuddy data are accessible at <http://prices.GasBuddy.com>.

The News Messenger is a newspaper of, by and for the people of Montgomery County. We encourage letters from our readers on topics of general interest to the community and responses to our articles and columns. Letters must be signed and have a telephone number where you can be reached for verification. All letters will be verified before publication. We reserve the right to deny publication of any letter and edit letters for length, content and style.

---

The News Messenger (USPS 016-490) is published twice a week for \$45 a year in Montgomery County, \$54 elsewhere in Virginia, and \$58 out of state by Virginia Media Inc., P.O. Box 429, Lewisburg, WV 24901. Periodical postage paid at Christiansburg, VA. POSTMASTER: Send address changes to NEWS MESSENGER 1633 W. Main St., Salem, VA 24153.

## New Facilities

from page 1

around campus. The new state-of-the-art buildings will help maximize the impact of the new school, which is one of the largest animal science programs east of the Mississippi. It is well positioned to build on its outstanding legacy and move even higher in the rankings with modern facilities, cutting-edge researchers, and a curriculum that prepares students for a wide array of jobs, not only in traditional agriculture and allied industries, but also in areas of medicine, veterinary sciences, biotechnology, and many other highly rewarding professions.

Research conducted at these facilities supports the industry in Virginia and across the country. In addition, these facilities provide excellent venues for hands-on, experiential learning. Each year, dozens of students volunteer or are employed by the animal units in the school.

The new buildings include a swine center. The new 24,000-square-foot, \$5.6 million center at Kentland Farm houses a small-scale swine production and research facility, classrooms, boar housing and gestation facilities, and rooms for farrowing, nursery, and finishing.

The swine industry in Virginia sees more than \$58 million in cash receipts annually, and the

new facilities will help grow that economic impact as research and outreach to support that sector. In addition, pigs are used to study human health and well-being. Studies that help develop more effective infant formulas involve neonatal pigs. Pigs are also outstanding models to study heat stress, as pig and human physiologies are closely aligned.

The new buildings also include a beef nutrition and physiology facility and feed storage facility at Kentland Farm. This 24,000-square-foot, \$3.8 million cattle housing facility and accompanying storage facility includes a 20-stall cattle housing area for feed studies, loading chutes, a feed mixing room, laboratory space, four grain bins, four covered bulk commodity bins, and a three-sided hay shed.

Programs will help support the beef cattle industry, which generates \$327 million in cash receipts in Virginia annually. Studies that help the college's stakeholders remain profitable and sustainable are greatly enhanced by the advent of these structures.

Other new buildings are broiler and turkey facilities. These small-scale research facilities will help grow the state's poultry industries, which bring in more than \$1 billion in cash receipts

annually. The new facilities on Glade Road include pens, work areas, and feed storage. The two facilities total more than 21,000 square feet and are valued at more than \$5 million. Creating cutting-edge information that supports and grows this economic engine for the commonwealth is one of the unit's goals.

Other buildings are equine and storage facilities. These two buildings valued at more than \$2.5 million have more than 18,000 square feet of room and include a 29-stall horse barn with tack rooms, wash stalls, groom stalls, manure storage, locker rooms, and both heated and unheated storage rooms.

The equine and equestrian program at Virginia Tech is well-respected nationwide. At the same time, its riding program provides students with a healthy outlet to relieve the pressures of college, as spending a few hours a week on a horse can positively affect the mental health of young people.

These new additions add to a series of projects in recent years that cement the university's role in growing the agricultural industry, including a new Metabolic Research Laboratory and the William M. Etgen Large Animal Learning Center.

## ACADEMIC ACHIEVEMENTS

### Radford's Sophie Graham named to Emory & Henry spring dean's list

Sophie Graham of Radford has been named to the Emory & Henry College Spring 2022 dean's list. To be named to the dean's list, students must be full-time and must receive at least a 3.6 GPA for the semester.

Located in the Highlands of Virginia, Emory & Henry College

has devoted itself since 1836 to the belief that education can have a transformative effect on an individual, a place, and ultimately the wider world.

Emory & Henry College is consistently ranked among the nation's best private liberal arts institutions. The college's many accolades

include the Presidential Award for Service Learning, the highest national recognition for community service and service learning; and top tier recognition in Washington Monthly, USA Today, and Newsweek. Emory & Henry is also listed among the top 40 schools in Colleges that Change Lives.

# Shades of green in systems thinking

Like budding leaves along a vista of trees, the term “green engineering” comes in all shades and hues at Virginia Tech.

To Hayley Capilitan, green engineering is a team of 47 students designing a wind turbine for a U.S. Department of Energy competition.

To Saifur Rahman, it’s figuring out how to deploy storage capacity to make electricity more useful from photovoltaic panels like the array he first erected in 1988 atop Whittemore Hall.

To Sean McGinnis, green engineering is shorthand for sustainable systems. It’s analyzing the overall environmental impact of, for instance, ethanol, which does reduce fossil fuel

consumption but also requires energy to grow the corn as well as pesticides that contaminate water systems.

Green engineering, to Tripp Shealy, literally means green – incorporating plants, trees, grassy roofs and other bio-features into an engineering design.

Despite its many divergent branches, green engineering’s roots lie deep within Virginia Tech’s commitment to infuse environmentally conscious attitudes, values, and principles, combined with science, technology, and engineering practice, all directed toward improving local and global environmental quality.

As Maryam Shakiba,

assistant professor in the Charles E. Via, Jr. Department of Civil and Environmental Engineering, who studies how macroplastics in the earth’s ocean waters break down to microplastics, states, “All engineering should be green, ideally.”

In some respects, the College of Engineering’s greening was first planted in 1979 with the hiring of Rahman. Today he is the Joseph R. Loring Professor in the Bradley Department of Electrical and Computer Engineering, but 43 years ago he was a young professor with a newly minted Virginia Tech Ph.D. in electrical engineering.

Rahman’s research had been in nuclear energy, a field that literally im-

**In May, the Virginia Tech Wind Turbine Team traveled to the AWEA CLEANPOWER conference in San Antonio to compete in the 2022 Collegiate Wind Power Competition, where they won the Connection Creation Contest. Photo courtesy of U.S. Department of Energy.**

ploded that year with the partial meltdown of the Three Mile Island nuclear reactor in Pennsylvania. But he’d been fortunate that summer prior to his Virginia Tech

appointment to work at Duke Energy, where he had explored solar and offshore wind as potential energy sources.

“So I had those studies and the experience,

and I had the data, so I thought why not use this to build a course at Virginia Tech?” Rahman reflected.

## OBITUARIES

### Reed, Herman Junior

Herman Junior Reed, 84, of Riner, passed away Sat., July 16, 2022.

He was born Oct. 25, 1937, in Montgomery County, the son of the late Herman and Quincy Reed. He served in the US Air Force from 1955 to 1959. He worked at Corning and Volvo and was a lifelong farmer. He was preceded in death on April 18, 2005, by his wife, Arlene Linkous Reed, and a sister, Mary Ethel Reed.

Survivors include his three sons, Charles (Kathy), Rickey (Kim), and Ronald (Tina); a daughter, Cindy Reed, all of Riner; a brother, James (Buelah), of Christiansburg; seven grandchildren: Jennifer Ray (Andrew), Daniel Reed (Meg), Scott Reed (Amber), Andrew

Reed (Elizabeth), Chelsea Sale (Zack), Reba Wheeler, and Noah Reed; 15 great-grandchildren; four special nephews; a brother-in-law, Wayne (Joyce) Linkous of Christiansburg; a sister-in-law, Bonnie (Johnny) Puckett of Christiansburg; and special friends Darlene (Allen) Phillips.

In lieu of flowers, donations may be made to the Bible Holiness Church in Christiansburg, the Alzheimer’s Association; or the Dementia Society.

Funeral services were held Tuesday, July 19, 2022, at the Bible Holiness Church with DeWayne Martin officiating. Graveside followed at Roselawn Memorial Gardens in Christiansburg. McCoy Funeral Home in Blacksburg is in charge of the arrangements.

### Long, Warren Harrison

Warren “Weasel” Harrison Long, 94, of Radford, passed away on Thursday, July 14, 2022.

He retired from the Lynchburg Foundry in 1980 and went on to be an excavator and lifelong farmer. Weasel was preceded in death by his loving wife, Velva Margaret Akers Long; his parents, Cooper K. and Nancy Ann Long; a son-in-law, Jeffrey Worrell; a sister; and a brother.

Survivors include his daughter and son-in-law, Donna and Mike Conklin; grandchildren and their spouses, Kimberly and Garry Wright and Jason and Holly Worrell; great-grandchildren Nathan Wright, and Meriam and Jeffrey Worrell; sister Roxie Dishon; sister-in-law Reva Martin; special neph-

ew Carl Akers; and many other nieces, nephews, relatives and friends.

The family received friends from 11 a.m. until 1 p.m. Saturday, July 16, 2022, at the Mullins Funeral Home in Radford. Services began at 1 p.m. with the Rev. Neil Wood officiating. Snowville Masonic Lodge #159 AF & AM conducted the graveside service on Thursday, July 21, 2022, at 10 a.m. at Highland Memory Gardens in Dublin.

In lieu of flowers, the family requests that donations be made to a charity of your choice.

The Long family is in the care of Mullins Funeral Home & Crematory in Radford.

### Keys, Charlene Centers

Charlene Centers Keys, of Radford, died June 24, 2022 at Lewis-Gale Montgomery Hospital in Blacksburg. Charlene was born Sept. 8, 1947, in Beckley, W.Va. to William Taylor Centers and Frances Irene Smalley Centers.

Charlene was raised along with her twin sister, Darlene, and six other siblings in Kopperston, W.Va. She graduated with honors from Oceana High School in Oceana, W.Va. She and Darlene worked for the FBI for a year and she married her high school sweetheart, Glen Keys on June 4, 1966. She worked at WV Tech while Glenn finished his degree in engineering. They lived a short time in Frostburg, Md. and then settled in Radford. Charlene worked as Ex. Secretary for State Farm Ins. Co. while attending Radford University.

She graduated with honors from Radford with a degree in insurance and economics. She owned her own State Farm franchise in Radford for several years. Glen and she were active in the Radford Jaycees, their children’s school activities, football, basketball, baseball, and

band organizations. She was a member of Central United Methodist Church in Radford.

She was preceded in death by her husband and the love of her life, Glen Keys; son Kevin Christopher Keys; sisters JoAnn Bane and Joyce French; and brother Eugene Centers. Survivors include sons Christopher Alan Keys of Blacksburg, and Kerry Alan Keys, of New York; sisters Frances Louise Miles (Jim), of Tazewell, Linda Dameron (Jim), of New Bern, N.C., Brenda Stewart (Kenneth), of Pineville, W.Va., and twin Darlene Lester (Roger) of Princeton, W.Va.; brother-in-law, Stacy Keys (Romona) of Princeton, W.Va.; and many nieces and nephews.

The body has been cremated, and a memorial service was held on Monday, July 18, 2022, at the Mullins Funeral Home in Radford with Pastor Larry Dyer officiating. Charlene will be buried next to Glen and Kevin at a later date.

The Keys family is in the care of Mullins Funeral Home & Crematory in Radford.

### Miles, Helen Jeffries

Helen Jeffries Miles, 102, of Blacksburg, widow of Hugh S. Miles, Jr., died on July 14, 2022. Born in Norfolk, she moved to Culpeper in 1922 with her parents, the late Helen M. and John Lewis Jeffries Jr., both Culpeper attorneys. She was also predeceased by a brother, John L. Jeffries, III, also a Culpeper attorney.

Surviving are three sons: Hugh Smith Miles, III (Judy), of Richmond, John Jeffries Miles (Carolyn), of Alexandria, and William Murrell Miles, MD (Kathy) of Gainesville, Fla. She is also survived by seven grandchildren: Suzanne Pate, Anna Benetiz, William Miles, Mary Helen Beydler, Henry Thomas Miles, Sally Lacy, and Elizabeth Brown, and 16 great-grandchildren. Also surviving are two sisters, Margaret Jeffries Jones and Nancy Jeffries Bischoff, and a sister-in-law, Jean Perkinson Miles.

Helen received her BA degree from Farmville State Teachers College (now Longwood University) in 1940, where she was a member of several honorary fraternities, the Monogram Club and Kappa Delta sorority. She received her MA degree in 1970 from Virginia Tech where she was a member of the Phi Kappa Phi honor society.

In 1946 following World War II, she and Hugh moved to Blacksburg where he resumed his teaching position in the Mechanical Engineering Department of

Virginia Tech. Later Helen taught in the English and History departments at Tech for 18 years. She was an advisor to the Tech chapter of Kappa Delta for 10 years, a past president of the Tech Faculty Woman’s Club, the Women of Christ Episcopal Church and the Colonial Dames XVII Century.

She served as an interpreter at Smithfield Plantation, a volunteer at Montgomery Regional Hospital, and for over 50 years on the Altar Guild of Christ Church. She had been an active member of the DAR, the Blacksburg Sports Club and a bridge club that was founded in 1948.

The family would like to express their appreciation for the companion ladies of “Warm Hearth at Home,” as well as the staff at Showalter Assisted Living. These ladies were the primary reason that Helen was able to lead a happy and gratified life, even after losing her sight.

Her funeral was held at Christ Episcopal Church at 2 p.m. with the Reverend Scott West officiating.

In lieu of flowers, memorials may be given to Christ Episcopal Church, Box 164, Blacksburg 24063, or the Boys Home of Virginia, 414 Boys Home Road, Covington, VA 24426, or to the Hugh S. Miles, Jr., Memorial Mechanical Engineering Scholarship Fund, Va. Tech Foundation (0336), 902 Prices Fork Rd, Blacksburg, VA 24060.

### Walker, Christopher (Chris) Lance

Christopher (Chris) Lance Walker, 61, formerly of Pulaski, passed away Dec. 27, 2021.

He is the son of the late Oliver and Annie Mae Walker, Jr.

Grandparents are the late Leonard and Mary Williams and the late James Oliver and Isabel Walker.

Chris graduated from Pulaski County High School in June 1978 and later earned a Bachelor of Arts degree from Oberlin College in Oberlin, Ohio. He also attended Temple University in Philadelphia for graduate studies. Pursuing an acting career, Chris appeared in nu-

merous stage, television and movie productions. He lived in New York, N.Y., for many years and most recently in Philadelphia.

Chris is survived by his twin sister Caye and her husband, Michael; brother Stredrick and his wife, Mary; and his sister Olivia, along with other relatives and friends.

Memorial services will be held at 11 a.m. on Saturday, July 23, 2022, in the Highland Memory Gardens Mausoleum, 5555 Lee Highway, Dublin, Virginia 24084.

Obituary courtesy of Mullins Funeral Home & Crematory in Radford.

### Bower, Willodene Wilma Scaggs

Willodene Wilma Scaggs Bower, 81, of Christiansburg, passed away Friday, July 15, 2022, at Pulaski Health and Rehab.

Funeral services were conducted Monday, July 18, 2022, in the McCoy Funeral Home Chapel. Interment followed in the Roselawn Memorial Gardens.

2.6 miles of sound barrier walls along northbound I-81, improving the southbound exit 137 off-ramp intersection at Wildwood Road and adding interchange lighting at exits 137, 140 and 141 are also included in the project. Expected completion in early 2026.

**I-81 TROUTVILLE REST AREA CLOSURE** - The Troutville Rest Area located on southbound Interstate 81 near mile marker 158 in Botetourt County is closed until Sept. 2, 2022. Signage indicating the closure has been posted in the rest area. During the closure, a temporary concrete barrier wall will be installed in front of the facility. The rest area facility, ramps and parking lot will be closed to the public. This project will extend the ramp into the rest area by 500 feet and the ramp out of the rest area by 2,100 feet. It will also include expanding the truck parking area at the facility by about 10-13 spaces. Work is expected to be completed in early fall 2022.

**REST AREA OPTIONS:** While the Troutville Rest Area is closed, southbound I-81 drivers can use the Fairfield Rest Area at mile marker 195 in Rockbridge County or the Radford Rest Area at mile marker 108 in Montgomery County. In addition, the Troutville Weigh Station, located on southbound I-81 at mile marker 149, will have portable toilets and parking will be temporarily available for commercial vehicles.

**INTERSTATE 81 LANE WIDENING CONSTRUCTION EXIT 141 TO EXIT 143** - A project to widen the lanes on I-81 in Roanoke in both northbound and southbound directions between Exit 141 to Exit 143 has been underway. All lanes are now open and will remain open through winter with periodic lane closures at night as needed. The final surface paving and markings for northbound traffic will resume this summer. Drivers can expect rough pavement. Estimated completion date of the project is summer 2022.

**LANE CLOSURES:** Nighttime alternating lane closures will be in place on I-81 northbound between mile markers 104-106 from 7 p.m. to 6 a.m. the following morning.

**SLOW ROLLS:** Slow rolls may be utilized periodically on both the northbound and southbound lanes from mile marker 98-109 for structural steel deliveries and setting beams.

**INTERSTATE 581 ROUTE 581 BRIDGE WORK OVER WILLIAMSON ROAD** - On Route 11 (Williamson Road) drivers can expect intermittent and alternating lane closures between the intersections with Rutherford Avenue and Wells Avenue. Intermittent daytime and nighttime lane closures above might be required, and will be in place utilizing flagging operations. Any impacts to I-581 will be minimal. The project is expected to be complete in the fall of 2022.

**LANE CLOSURES:**

- o A left lane closure will be in place on northbound and southbound I-581 from mile marker 0-1, Monday at 7 a.m. through Wednesday at 7 p.m.

- o A right lane closure will be in place on northbound and southbound I-581 from mile marker 0-1, Thursday at 7 a.m. through Saturday at 7 p.m.

- o A left and center lane closure will be in place on northbound and southbound I-581 from mile marker 0-1, Saturday at 5 p.m. through Sunday at 2 p.m.

- o A right lane closure may be in place on Route 11 northbound between the intersections of Rutherford Avenue and Wells Avenue periodically.

- o Nighttime left lane closures for both the northbound and southbound directions of Route 11 are possible between the intersections referenced above.

**I-581 BRIDGE REPAIRS** - Weather permitting, crews will repair bridge decks on Interstate 581. Right, center and left lane closures will be in place northbound and southbound during nighttime hours, 10 p.m. to 6 a.m. the following morning. Drivers should watch for signs and expect possible delays. Scheduled traffic impacts include:

- o Left or right lane closures may be in place on I-581 northbound from Orange Avenue to

Valley View Boulevard from 6 a.m. to 6 p.m.

- o Left or right lane closures may be in place on I-581 from Valley View Boulevard to Orange Avenue from 6 a.m. to 6 p.m.

- o Flagging operations may be in place on Liberty Road NW from Lukens Street NE to Hunt Avenue NW from 9 a.m. to 3 p.m.

**INTERSTATE 77 (CARROLL COUNTY)**

**I-77 PAVING OPERATIONS** - Weather permitting, crews will be performing paving operations along Interstate 77 between mile marker 24 and 0. Right and left lane closures may be in place along northbound and southbound lanes during nighttime hours, 7 p.m. to 6 a.m. Drivers should watch for moving vehicles and equipment. Expect possible delays.

- o Milling and paving operations on I-77 southbound lane. Right lane closure will be in place from mile marker 9 to 7. Ramp restrictions possible.

- o Latex application on I-77 northbound 2 lanes near mile marker 11. Ramp closures possible. Message boards will alert drivers.

**ROANOKE CITY**

**13th STREET SE IMPROVEMENTS WITH DETOUR** - A project to improve a portion of 13th Street SE in Roanoke is underway. Located in a residential neighborhood just east of downtown Roanoke, this project will improve traffic flow and connectivity along 13th Street SE from Tazewell Avenue to Norfolk Avenue. The project entails reconstructing about 0.2-mile of 13th Street as an improved, two-lane roadway with 10.5-foot-wide travel lane and a raised median. A new roadway will extend 13th Street to Norfolk Avenue and the intersection at 13th Street and Wise Avenue will be reconfigured to include a roundabout. Bike lanes, sidewalks, crosswalks and curb and gutter will also be added. Southbound 13th Street traffic has a detour in place using Norfolk Avenue onto 12th Street to Tazewell Avenue. This detour will be in place throughout the duration of this project. Signs will be posted to designate the detour route. Northbound 13th Street will remain open to traffic. Flaggers may be possible and the speed limit through the work zone is 25 mph. The project is expected to be completed in summer 2023.

**SURFACE TREATMENT OPERATIONS** - Weather permitting, crews will begin surface treatment operations on various routes. Lane closures may be in place and flaggers may control traffic at times during daylight hours. Drivers should watch for signs and expect possible delays. The road surface may be rough for several weeks after surface treatment is applied. Once it packs down, the road surface will be brushed and return to a more smooth surface.

**ROANOKE COUNTY**

**ROUTE 311 AND ROUTE 419 ROUNDABOUT AT HANGING ROCK** - A road project to replace the signalized intersection of Route 311 and Route 419 in Roanoke County at Hanging Rock with a roundabout is set to begin. During construction, lane closures and a road closure with a detour through August will be in place. Drivers should expect the following:

- o Closure & Detour: A portion of the Route 419 and Route 311 intersection is closed and a detour is in place for approximately four to six weeks. It is scheduled to reopen in August or September. Motorists should be aware of the following impacts:

- o Traffic will not be able to turn left from Thompson Memorial Drive (Route 311) onto Catawba Valley Drive (Route 311)

- o Thompson Memorial Drive traffic will not be able to drive straight through the intersection onto Route 419.

- o Route 419 traffic will not be able to continue straight at the intersection onto Thompson Memorial Drive.

- o No U-turns on Route 311 allowed.

During the partial intersection closure, drivers will need to use alternate routes and can detour using Interstate 81 exit

140 onto Thompson Memorial Drive and exit 141 onto Route 419. Using Main Street in Salem to reroute onto Route 419 or Thompson Memorial Drive around the partial intersection closure is another option.

- o August through November: The new roundabout is expected to be open to traffic in August or September. Drivers should still expect nighttime lane closures with flaggers between 9 p.m. and 6 a.m., Sunday through Thursday around the roundabout for final paving, pavement marking and sign installation.

- o **ROUTE 635 (GOODWIN AVENUE) CLOSURE** - As part of the ongoing I-81 project from exit 137 to 141, Route 635 (Goodwin Avenue) is closed where it runs underneath I-81. It will be closed for approximately 30 days for reconstruction to accommodate the widening of the interstate. Drivers will need to seek alternate routes as traffic will not be able to pass underneath the interstate during this time.

- o **ROUTE 628 CULVERT REPLACEMENT** - Route 628 (Greenridge Road) is undergoing a culvert replacement located .25 miles east of the road's entrance from Route 780 (Cove Road). Lane closures on Route 628 utilizing temporary traffic signals will be in place through August 2022. Expected completion is October 2022.

- o **ROUTE 760 (DIUGUIDS LANE) BRIDGE REPLACEMENT & DETOUR** - A project to replace the Route 760 (Diuguids Lane) bridge over the Roanoke River is underway with preliminary work. The bridge is located at the Salem city limits near Route 760's intersection with Route 639 (West Riverside Drive). Typical work hours are expected to be Monday through Saturday during daytime hours with occasional work on Sunday. Flagging operations may be in place periodically and occasional night work is possible. Drivers can expect short-term lane closures with flaggers controlling traffic on West Riverside Drive periodically. Access to Green Hill Park, private entrances and businesses will be maintained at all times. Completion is expected in the winter of 2022.

- o **BLUE RIDGE PARKWAY CLOSURE** - The Blue Ridge Parkway is repairing slope failures. Detour signs to detour traffic around the Bent Mountain section of the Parkway will be in place. Traffic will be rerouted to Route 220 south to Route 419 north to Route 221 south. Traffic traveling north on the Parkway would be reversed. The detour is expected to be in place through Summer 2022.

- o **PAVING OPERATIONS** - Weather permitting, crews will pave, patch, and repair pavement on various routes. Lane closures may be in place and flaggers may control traffic at times during daylight hours. Drivers should watch for signs and expect possible delays.

- o Crack seal operations will be performed on Route 419 South near Route 1699 and Salem City Limits.

- o Milling and paving operations, 7 a.m. to 6 p.m. with single lane flagging, in Roanoke County include:

- o Route 605 (Shadwell Drive / Old Mountain Road) from Roanoke City Limit to Route 627.

- o Route 601 Hollins Road from Route 115 to Route 627

- o **SURFACE TREATMENT OPERATIONS** - Weather permitting, crews will begin surface treatment operations on various routes. Lane closures may be in place and flaggers may control traffic at times during daylight hours. Drivers should watch for signs and expect possible delays. The road surface may be rough for several weeks after surface treatment is applied. Once it packs down, the road surface will be brushed and return to a more smooth surface.

**BEDFORD COUNTY**

- o **ROUTE 460 S-CURVE REALIGNMENT** - Work is coming to a close to realign 1.4 miles of the eastbound lanes of Route 460 in Bedford County near Montvale, about eight miles west of Bedford and approximately 2.3 miles east of Montvale. All lanes are now open, and the speed limit has returned to 55 mph. Drivers may see residual work continue and traffic impacts such as lane closures may be possible. Message boards will be posted to alert drivers. Com-

pletion is expected in Summer 2022.

- o **ROUTE 747 PIPE REPLACEMENT CLOSURE** - A section of Route 747 (Joppa Mill Road) and Route 691 (Shepherds Store Road) is closed for a pipe replacement. This closure will be located 0.10 of a mile from Route 691 (Shepherds Store Road) and 0.75 mile from Route 807 (Scenic View Road) and 1.36 miles from Route 745 (Mount Olivet Road). There will be signage for a detour that follows Route 24 (Stewartsville Road) and Route 122 (Moneta Road). The road is scheduled to be completed on August 8 at 5 p.m.

- o **ROUTE 221 INTERSECTION IMPROVEMENTS** - A project to improve safety and operations at three signalized intersections is underway. Two intersections are on Route 221 in Bedford County in the Salem District and one is at Route 460 Business (Timberlake Road) and Route 622 (Waterlick Road) in Campbell County in the Lynchburg District. In Bedford County, this project will improve two adjacent signalized intersections in the Forest area on Route 221 at Route 1425 (Graves Mill Road) and at Route 1426 (Gristmill Drive). Most work will be performed during nighttime hours, Monday through Friday, 6 p.m. - 7 a.m. the next morning. Drivers may see shoulder and lane closures during daytime hours on the weekends. The project is expected to be completed in spring 2023.

- o **ROUTE 655 INTERSECTION AND SAFETY IMPROVEMENTS** - Construction to improve the intersection and shoulders began on Route 655 and various locations from 0.91 mile north of the Route 653 and 655 (Goodview Road and Route 616 (Horseshoe Bend Road) to 0.038 mile north of the Route 655 (Good View Road) and Route 616 (Horseshoe Bend Road) is underway. Flagging operations at the intersection of Goodview Road and Horseshoe Bend will be in place during the week and work hours of 8 a.m. to 6 p.m. The expected completion date is the end of September 2022.

- o **ROUTE 691 PIPELINE REPLACEMENT** - Effective immediately, a section of Route 691 (Quarles Road) is closed due to a pipe failure. The closure is located .40 mile from Route 726 (Quarterwood Road) and 1.30 mile from Route 619 (Pendleton Road). The road will be closed until further notice.

- o **ROUTE 623 CULVERT REPLACEMENT** - A section of Route 623 (Turkey Foot Road) in Campbell County on the Bedford County line is closed to replace a culvert which carries Buffalo Creek. This structure is located .18 mile north of US 460 and 0.68 mile south of the Bedford/Campbell County line. There will be signage for a detour. The road is scheduled to be completed on July 29 at 5 p.m.

- o **ROUTE 619 CULVERT REPLACEMENT** - A project to replace a culvert on Route 619 is underway. Route 619 will be reduced to one lane with a temporary signal controlling traffic from Route 1460 to Route 839. Expected completion of the project is the end of September 2022.

- o **ROUTE 715 BRIDGE REPLACEMENT** - A bridge replacement project over Norfolk Southern Railroad has closed Route 715 (Lowry Road). The bridge is located 0.085 mile south of Norfolk Southern Railroad to 0.048 mile north of Norfolk Southern Railroad on Route 715. Message boards will alert drivers. This replacement will change the current single lane steel and wooden bridge to a two-lane concrete bridge. A detour will be in place. Travelers will use Route 671 (Timber Ridge Road) to Route 221 (Forrest Road). The detour will remain in place until project completion which is scheduled for Fall 2022.

- o **SURFACE TREATMENT OPERATIONS** - Weather permitting, crews will begin surface treatment operations on various routes. Lane closures may be in place and flaggers may control traffic at times during daylight hours. Drivers should watch for signs and expect possible delays. The road surface may be rough for several weeks after surface treatment is applied. Once it packs down, the road surface will be brushed and return to a more smooth surface.

Surface treatment is scheduled for Routes 839, 700, 616, 791, 749, 608, 731 and 735, weather permitting. Expect flagging operations on any of the routes listed above.

- o **ROUTE 122 UTILITY WORK** - MMI will be installing fiber optic along 122 from the Franklin County line to the Town of Bedford line and Route 460 eastbound from the Town of Bedford to Alum Springs Road. This work will be ongoing. Motorists should expect shoulder or lane closures for travel in both directions. Intermittent slow rolls will be required for periods lasting no longer than 15 minutes.

- o **ROUTE 619 CULVERT REPLACEMENT** - Crews are replacing a culvert on Route 619 with a road closure in place. The closure is being operated by temporary signals through August 26, not to exceed 90 days. Temporary signals have placed traffic in a single lane configuration on Route 619. A flagging operation will be used as needed on Route 619 from Route 1460 to Route 839 during the hours of 7 a.m. to 5:30 p.m., Monday through Friday. Expected completion is the end of September 2022.

**BOTETOURT COUNTY**

- o **ROUTE 674 CULVERT REPLACEMENT** - A culvert replacement on Route 674 (Tinker Mill Road) is underway. Temporary signals are in place to control traffic through a single lane at the culvert during construction.

- o **ROUTE 611 (GREYLEGGE ROAD) CLOSURE** - A 1.5 mile section of Route 611 (Greyledge Road) is closed due to flooding that damaged the roadway. Extensive repairs will be needed and a detour will be in place. There is no estimated time for the road to reopen.

- o **ROUTE 817 (OLD RAIL ROAD) BRIDGE WORK** - Old Rail Road in Oriskany is closed for repairs to the bridge over Craig's Creek, the historic McCallister Truss Bridge. The bridge is located 0.60 miles from Route 704 (Branchwater Road) and 0.20 miles from Route 770 (Edlo Lane). The bridge will be closed during daytime hours, 8 a.m. through 5 p.m., Monday through Thursday, when the water level is low. Work on this bridge is restricted when water in the creek is high. All traffic between 8 a.m. and 5 p.m. will use the Edlo Ford. Signs have been posted to alert drivers. Estimated time for completion Fall 2022.

**CARROLL COUNTY**

- o **ROUTE 645 CULVERT REPLACEMENT** - Partial removal and demolition of the existing culvert on Route 645 (Stone Mountain Road) is underway. The road will be closed for removal of existing culvert and installation of a new box culvert. A detour will be in place at the intersections of Route 645 and Route 618 and Route 645 and Route 638. Estimated completion is April 2023.

- o **ROUTE 58 WESTBOUND BRIDGE REPLACEMENT** Work has begun to replace the bridge on Route 58 westbound over Crooked Creek near the Woodlawn area. The bridge is located between the intersections with Route 822 (Fieldview Road) and Route 887 (Glendale Road). Initially, the project will focus on constructing crossovers between the above-mentioned intersections with intermittent and temporary single lane closures in place. These crossovers are temporary during the bridge replacement with single lanes in each direction until the end of the project. Once the crossovers are complete, Route 58 westbound will be temporarily detoured through the left lane of Route 58 eastbound, limiting travel in each direction to a single lane. A right lane closure will be in place traveling westbound and a left lane closure traveling eastbound. The project is scheduled to be completed in December 2022.

- o **TRAFFIC SHIFT** - A traffic shift is in place reducing both directions to one lane near Glendale Drive. It will be in place for approximately 12 months or until fall 2022. All eastbound traffic will use the existing right eastbound lane. All westbound traffic will be shifted to the existing left eastbound lane.

- o Right lane closures may be in place on Route 58 eastbound between Route 822 (Fieldview

# MONTGOMERY SPORTS

## Behind the tale of Lane Stadium North

(Editor's note: Parker Wood shares about the iconic day.)

It's an archaic combat practice.

Upon vanquishing an opposing force on the battlefield, the prevailing battalion justifiably plants its flag on previously contested ground. New territory has been annexed. Victory has been achieved.

While no physical land is up for dispute when Virginia and Virginia Tech meet annually in football in the Commonwealth Clash presented by Smithfield, ask anyone with stake in Blacksburg's side of the rivalry and they will alert you to the contrary. Someone like Parker Wood, for instance, whose iconic sign written on Walmart posterboard could be read high, amid the sea of Tech fans who stormed Scott Stadium after the Hokies' 29-24, Clash victory last November in Charlottesville: 'Lane Stadium North.'

"For the record, I did not come up with the name 'Lane Stadium North,'" Wood said. "I had seen it in miscellaneous places before. But, the night before [the game], I thought about it."

At the time of the game, Wood was in his junior year at Tech studying finance. Growing up roughly 30 minutes outside of Charlottesville, he casually took in UVA football and basketball games with his family, more so when his older brother was attending the university.

"It really was not until my senior year of high school that I started looking more at Virginia Tech. I had toured there at the end of my junior year and just really liked how it

kind of fit with me well. It was pretty late when I really started looking at Tech."

Wood committed his academic future to Blacksburg. It took him little convincing that the proper recipe for a Tech football gameday was to arrive early and always stay through to the end.

However, Wood's formula for a successful 2021 Commonwealth Clash experience was in jeopardy. He woke up on the first Saturday after Thanksgiving short of a ticket to Scott Stadium, needing a favor from his UVA brother to ultimately reserve his spot on the hillside.

"I was not sure if I was actually going to make it to the game," Wood said. "My brother hooked me up [with a ticket] about two hours prior to pre-game. I made the sign in a quick run to Walmart. It was so last-minute. But it definitely worked out well."

Wood's confidence to carry his sign behind enemy lines may have been matched that night only by interim head coach J.C. Price and the visiting Hokies, who were determined to finish off the Cavaliers and reach bowl eligibility. Yet through the heckling and the animosity, he was greeted by an emerging wave of 'Go Hokies' shouts and cheers.

After all, this was Lane Stadium North.

From the bottom of the hillside in Scott Stadium, Wood had trouble asserting his sign in the shoulder-to-shoulder crowd of Cavaliers supporters.

"[My brother, his friend and I] were at the very bottom of the hill for the entire game and it definitely became really crowded," Wood said. "I was actually only holding

PHOTO COURTESY OF VT ATHLETICS

**Parker Wood made the UVA-Virginia Tech game in Charlottesville a little more interesting when his sign bragged about how many times the Hokies had won on the Hoos home field.**

my sign a few times during the game just because the people around me were not very fond of it. But you know, I did my own thing."

Wood's night was about to turn viral after a pre-game photo of him and his sign landed a prime spot on Instagram, courtesy of @HokieSports.

"I did not have a great WiFi connection at the stadium, but at some point, I eventually saw it," Wood said. "I got a bunch of texts from friends and Snaps. So, that was pretty fun."

With his phone blowing up, Wood fielded texts from friends and family who were following the game remotely.

"My family's reaction was more of pride in me like, 'That's my son!' Or, 'That's my cousin!'" Wood said. "But my friends were a lot more happy that I had my sign right in front of all the UVA fans. They were saying, 'You're famous!' Or, 'That's my roommate!' There was def-

initely a lot of pride across the way."

But Wood's pride that night was far from being extinguished. Before him, Tech was immersed in a classic, back-and-forth rivalry affair with Virginia, twice answering UVA touchdowns during the first half while a 32-yard field goal by John Parker Romo brought the Hokies within 21-17 of the 'Hoos at halftime.

Raheem Blackshear's 50-yard run early during the third quarter helped lead to Tech's game-tying touchdown as the Hokies drew level at 24-24.

Given its first lead (27-24) by a second Romo field goal, Tech's strip-sack of UVA quarterback Brennan Armstrong during the closing minutes of regulation appeared to seal the victory, despite an untimely fumble that prolonged the contest. However, the Hokies' defense managed to successfully halt UVA in the red zone, prompting a remarkable

scene at Scott Stadium, as Tech fans victoriously rushed the field at Scott Stadium.

"You know, it was kind of unorthodox for away fans to rush the field," Wood said. "It all happened so fast. People on the left of the hill started going first. From that point, I was on the right side and figured if there were already 20-30 people going out there, I might as well join, too."

Ditching his brother and his friend, Wood high-fived Tech players during his full-on sprint to midfield to join the excited mob of Hokie Nation.

"That was a special moment. I was really happy for the players," Wood said. "I mean, at the end of the day, I know the players, how hard they had worked, and how much they wanted it. So, I was really happy to see them celebrate and really take it all in."

Arms raised high,

Wood and his sign captioned the exuberant Tech crowd perfectly. After all, the Hokies had now won 12 of their last 15 games at Scott Stadium; this was becoming their second home field: Lane Stadium North.

"I could not really see until afterwards, but I saw pictures," Wood said. "It was actually a pretty decent crowd on the field. It was not just the 20 or 30 people I had seen when I first ran out there. That really surprised me afterwards, seeing how it really did feel like a home game."

As Wood acknowledges, it was a moment only possible with Hokie Nation.

"All I can say is that Hokies travel – not just to Scott Stadium. I think the dedication we bring to our players is just really impressive compared to other fan bases," Wood said.

Scott Stadium – more commonly known as Lane Stadium North.

## Sports notes: RU volleyball assistant hired; former RHS volleyball player honored by SEC; RU women's soccer goalkeeper transfers; RU to host FanFest

**Marty Gordon**  
NRVsports@ourvalley.org

Former Radford High School volleyball player Trinity Adams, who is playing for the University of Florida, has been named to the SEC First Year Academic Honor Roll the Southeastern Conference announced Thursday. That brings the Gator volleyball program's total number of academic accolades to 10 for the 2021-22 academic year.

On the court, the Gators finished 22-9 and 14-4 in the SEC en route to the program's 28th Regional Semifinal appearance. Six players collected All-SEC accolades while three Gators earned All-American status from the American Volleyball Coaches Association..

To be recognized for the SEC Academic Honor Roll, the student-athlete must meet the following criteria: 1) have a GPA of 3.00 for either the preceding academic year or have a cumulative GPA of 3.00 or above at the nominating institution; 2) be on scholarship, be a letterwinner, or have participated on a varsity team for two years if non-scholarship; 3) have completed 24 semes-

ter hours of non-remedial credit at the nominating institution; and 4) have been a member of the varsity team for the sport's entire NCAA Championship segment.

New RU assistant Following a two-year stint as the head men's and women's volleyball coach at Division III Medaille University, John Forman has been hired as a Radford University volleyball assistant coach, Head Coach Sherisa Livingston announced Wednesday afternoon.

Forman brings an impressive resume with him to the New River Valley, gaining knowledge and experience at all levels of collegiate volleyball in both the United States and Europe.

In his time at Medaille, he was hired as the university's first full-time head volleyball coach and took on the task of building a consistent contender. The men's team soon made its first conference tournament appearance since 2017 with multiple all-conference selections. Forman got his coaching career started in 1998 where he was named an assistant coach at Dean College in Franklin, Mass. He

moved to the University of Rhode Island where he was an assistant for a year in 2000-2001. He then added Brown University to his resume, serving as an assistant coach at the Ivy League institution from 2001-2006. He recruited six All-Ivy League players for the Bears.

RU soccer goalkeeper transfers

Eastern Kentucky University soccer head coach Matt Cosinuke has announced the signing of former RU goalkeeper Lauren Seedlock.

She was named to the Big South All-Conference Second Team in 2021 after starting all 19 matches, posting a 13-5-1 record, and recording 11 shutouts. She made 72 saves on the season.

Seedlock selected EKV over such schools as Pittsburgh, Southern Miss, George Washington, and Bellarmine.

APPY all-star game

The Burlington Sock Puppets will host the 2022 Appalachian League All-Star Game at Burlington Athletic Stadium on July 25 and July 26. The two-day event will feature a Fan Fest and Skills Competition on Monday and the All-Star Game on Tuesday.

"We are extremely proud to be hosting the Appalachian League All-Star Game in Burlington," Burlington Mayor Jim Butler said. "We believe we have an All-Star venue in Burlington Athletic, and we have an All-Star Team in our Sock Puppets; so it's only fitting that we host the All-Star Game. We are honored to have that opportunity."

All-Star Game festivities begin on Monday, July 25 when the gates to Burlington Athletic Stadium open at 5 p.m. with a full-roster autograph session for fans. Live music, fire breathers, circus acts, inflatables and more will also start when the gates open. At 7 p.m., the Skills Competition is slated to begin. This event will not only focus on the incredible, physical talent of the All-Stars, but will also pit the fans of each Appalachian team against other fans, players, and coaches.

The All-Star Game, which is set to start at 7 p.m. on July 26, will feature the best players from the West Division against the best players from the East.

"Last season's All-Star Game in Pulaski was a great event for the play-

ers, fans, and everyone involved," League president Dan Moushon said. "In addition to showcasing our players' skills, we look forward to the exciting events and festivities that the Sock Puppets have planned for both players and fans in Burlington."

During the plate meeting prior to each game, the home team manager will determine if they want to play offense or defense in the event of a tie game after regulation (7 or 9 innings). For the team on offense, the player on the lineup card immediately preceding the batter due up will be placed on first base.

The defensive team will have three outs to prevent the offense from scoring. If the team on offense scores, they will win the game. If the defensive team retires the side without allowing a run, they will win the game.

If the player starting the inning on first base scores, it will count in the statistics as a run for the player and an RBI for the batter who drove him in (if applicable) but will not count towards the pitcher's earned-run average. The sudden death rule guarantees that no game will be played beyond 9.5 innings or beyond 7.5

innings for a doubleheader game.

RU FanFest Radford University Athletics will host a Highlander Fan Fest on Thursday, Aug. 11, from 6:00 to 8:00 p.m. at Sinkland Farms.

An evolution of the "Meet the Coaches Night" hosted in previous years, the evening will include food trucks, kids' activities, inflatables, and more to kick off the 2022-23 athletics season. Guests will still have the opportunity to meet and greet with coaches from each of Radford's 16 teams and to learn more about each program.

Season tickets for the 2022-23 men's and women's basketball campaign will be on sale at the event, giving attendees a chance to secure their favorite seats.

The event is free to attend,

# Motor Mile offering biggest purse in track history

Motor Mile Speedway is investing in its own future by announcing the largest purse in the history of the track, over \$50,000.

This includes \$5,000 to win in the Sportsman Division and \$10,000 to win in the Late Model Stock Car Division on Saturday Oct. 8. Green flag is at 5 p.m.

Late Model Stock Car entries are expected from all over Virginia and the Caroli-

nas, including track champion and Martinsville 300 winner Mike Looney, reigning track champion Kres VanDyke, and 2021 national champion Peyton Sellers. Rising star Kyle Dudley will do double duty as he readies his Late Model and Sportsman cars.

Motor Mile Speedway has one of the strongest classes of Sportsman cars, with Carl Budzefski leading the points. He'll be joined in October by

local star Daryn Cockram and a field of winners, including Jamie Sweeney and Brad Foy. These local stars will be challenged by South Boston points leader Kyle Barnes and an expected field of stars from South Boston, Kingsport, Dominion, and more for the 100 lap tilt.

Pole awards and contingency programs will be announced in the months leading up to the event.

Mark Ebert, President and

CEO at Motor Mile Speedway and the Rusty Wallace Racing Experience, said, "We've been looking for the opportunity to add a signature race at Motor Mile since we took over. When the CARS Tour race was changed, we saw an opportunity for a big year-end race on October 8. We've been in contact with a bunch of the Late Model teams, and it looks to be a good weekend for them. We look forward to a great

field of cars in both the Late Model and Sportsman divisions."

Jeff Roark, the Speedway's General Manager, said, "This is going to be a chance for us to really feature all that we offer here at Motor Mile. We're going all out with the VIP menu for this race, including shrimp cocktail, crab cakes and steak tips. It's going to be an amazing event with some of the best racing you'll ever see."

# Radford University golfer tops in the Commonwealth of Virginia

Radford University's Nick Taliaferro sank a 12-foot birdie putt on the final hole Sunday to win the State Open presented by CapTech by one stroke over defending champion Evan Beck of Virginia Beach.

Taliaferro, who grew up minutes from Independence Golf Club, the host of the event, posted a three-day aggregate 10-under-par 203, finishing with a 1-over-par 72 on Sunday.

"If you told me a month ago I would win this tournament, I probably wouldn't have believed you. I wasn't hitting it well at all," Taliaferro said. "But since the second round of the State Am, I've been playing really well. I don't know. It's hard to put it into words. It's cliché. But it's obviously a big confidence boost to know I can play against the best players in the state and win."

Richmond's Mark Lawrence and Glen Allen's Chris O'Neill shared low professional honors, each posting three-day aggregate totals of 5-under-par 208. They tied for third with amateur Alex Price, who plays at Christopher Newport University.

After 12 holes of his final round, Taliaferro sat at 14-under, five strokes clear of his nearest competitor, and a win seemed inevitable. Until it wasn't.

He hit his drive on the long par-4 13th hole left, but he still had a reasonable lie and window for his approach shot. Then things got weird. His second shot drifted into the spongy bermuda rough left of the green. Even worse, he had a downhill lie for a delicate chip and not much room with which to work. His shot went long and trickled over the green, and he was unable to get up and down for bogey. Suddenly the lead was down to three strokes.

"That didn't really rattle me," he said. "It was just a case of being in the wrong spot."

He quickly recovered on the par-3 14th. He hit his tee shot well to the right, but on the green, and he lagged the putt close and made par to settle his nerves.

On to the 15th, where the newly installed far right back tee box had given players fits all week. Taliaferro's first drive hooked hard left and well out of bounds. His provisional went to the right into a penalty area, and he had to take relief for a one-stroke penalty. His fourth shot (including the two penalty strokes) flew the green, and he was unable to get up and down, leaving him with a disastrous triple-bogey seven.

Taliaferro's Radford teammate Channing Blevins, caddied for Taliaferro all week, and he offered some simple words to calm him down once the pair reached the 16th tee.

"If I had told him Friday morning that he'd be tied for the lead with three holes to go, he probably would have taken it," Blevins said. "So let's forget about the last three holes and do the best we can and get a couple of good looks."

Beck was already in the clubhouse at 9-under at that point, so Taliaferro knew he needed to play the last three holes at 1-under to secure the victory.

He regained the steadiness that had been the benchmark of his game all week. He hit his drive on 16 down the middle and made a two-putt par. On the par-5 17th, he was straight down the middle again and made a two-putt par. On 18, Taliaferro hit what Blevins called "his best drive of the week," leaving him an 8-iron approach that he hit to 12 feet, hole high right.

Taliaferro and Blevins conferred for several minutes over the putt, and Taliaferro admitted he had some nerves as he lined up to hit it.

"Deep breaths," he said. "Just kept telling myself, deep breaths. It's something I was working on."

The putt was straight and true from the start. With it three feet from the hole, Taliaferro raised his putter, and when it dropped, the sizable gallery surrounding 18 roared, and Taliaferro pumped his fist, the championship secure.

"I knew the read," he said. "I just had to put a good stroke on it."

Radford University golfer Nick Taliaferro won the State Open Sunday with a 12-foot birdie putt on the final hole.

## VDOT from page 6

Road) and Route 887 (Glendale Road).

### CRAIG COUNTY ROUTE 311 BRIDGE REPLACEMENT OVER MEADOW CREEK

Temporary signals are controlling traffic across the bridge and will be in place throughout the project. Construction will begin on the northbound side of the bridge and once completed, work will switch to the southbound side. In addition, a section of Route 646 (Allen Street) between Route 650 and Route 311 will be closed during construction and a signed detour will be in place. All traffic will be detoured to Marshall Street

and Kanawha Street to access either 311 or the homes located off Allen Street. Speed limit will be reduced to 35 mph in the work zone with a width restriction of 9 feet. Drivers should expect delays and allow extra travel time through the work zone. Weather permitting, the bridge is expected to be open to traffic by the end of 2022.

**FLOYD COUNTY PAVING OPERATIONS** – Weather permitting, crews will pave, patch and repair pavement on various routes. Lane closures may be in place and flaggers may control traffic at times during daylight

hours. Drivers should watch for signs and expect possible delays.

**ROUTE 221 northbound, milling and filling operations 7 p.m. to 6 a.m.**

**FRANKLIN COUNTY ROUTE 726 CLOSURE** - A section of Route 726 (Wads Gap Road) is closed for a low water structure replacement. This structure is located one mile South of Route 613 (Naff Road) and .2 mile north of Route 664 (Hicks Hollow Road). The road is scheduled to be completed on August 3 at 5 p.m.

**ROUTE 619 CLOSURE** - Effective August 3 at 8:30 a.m., a section of Route 619 (Pleasant Hill Road) will be closed for one

day for a pipe replacement. This closure will be located 0.3 mile south of Route 40 (Franklin Street) and 0.4 mile north of Route 939 (Menefee Road). The road is scheduled to be completed on August 3 at 7 p.m.

**ROUTE 834 AND 670 ROUNDABOUT PROJECT** – The roundabout project at Route 834 (Brooks Mill Road) and Route 670 (Burnt Chimney Road) is underway. Flaggers will be controlling traffic around the intersection of Route 670 (Burnt Chimney Road) and Route 834 (Brooks Mill Road) on weekdays during the spring and summer months. The speed limit will be reduced to 35 mph in the work zone. Drivers should expect traffic shifts and new traffic patterns throughout the duration of the project as turn lanes and portions of the new roundabout are being constructed. The new roundabout with lighting is anticipated to open to traffic in fall 2022. Overall project is expected to be completed in early 2023.

**ROUTE 775 CLOSURE** - Route 775 (Iron Ridge Road) is closed to traffic as an emergency closure due to washout. The road will remain closed until further notice.

**ROUTE 220:** Crack sealing operations in place on northbound Route 220 near Route 618 and Route 718 during nighttime hours. Drivers can expect alternating lane closures with flagging operations.

**SURFACE TREATMENT OPERATIONS** – Weather permitting, crews will begin surface treatment operations on various routes. Lane clo-

sure may be in place and flaggers may control traffic at times during daylight hours. Drivers should watch for signs and expect possible delays. The road surface may be rough for several weeks after surface treatment is applied. Once it packs down, the road surface will be brushed and return to a more smooth surface.

**GILES COUNTY ROUTE 673 ROAD WIDENING AND RESURFACING** – The widening, stabilizing, and resurfacing of Route 673 (Penvir Road) is underway. Work begins at the intersection with Route 61 (Wolf Creek Highway) through 1.2 miles south of the intersection. Drivers can expect intermittent single lane closures controlled by flagging operations. Expected completion is September 2022.

**HENRY COUNTY ROUTE 692 (HORSE PASTURE PRICE ROAD) CLOSURE FOR BRIDGE WORK** – A section of Route 692 (Horsepasture Price Road) in the Horsepasture area is closed for approximately four days due to bridge work to replace the concrete riding surface and span on the bridge over Jennings Creek. The bridge is located on Route 692 about 0.4 mile from Route 694 (Wagon Trail Road) and 0.3 mile from Route 793 (Bouldin Road). Motor-

ists should expect flaggers controlling traffic on the bridge for a few days before and after the closure as crews complete the bridge work. During the four-day

closure, drivers will need to seek alternate routes. A detour is available using northbound Route 220 at the North Carolina state line onto westbound Route 58. Electronic message boards will be in place to alert drivers to the upcoming bridge closure.

**ROUTE 807 PIPE REPLACEMENT** – Route 807 (Sarah Avenue) is for a pipe replacement located between the two intersections of Eastview Drive for approximately two weeks. Signs will alert drivers. The road is expected to reopen on July 25.

**ROUTE 1142 CULVERT REPLACEMENT** –Route 1142 (Miles Road) will be closed for a culvert replacement. A detour will be in place. Signs will alert and guide drivers. The road is expected to reopen on August 5.

**PAVING OPERATIONS** – Weather permitting, crews will pave, patch and repair pavement on various routes. Lane closures may be in place and flaggers may control traffic at times during daylight hours. Drivers should watch for signs and expect possible delays.

Paving operations on Route 58 to the county line of Martinsville to Leatherwood Creek. Expect alternating lane closures during nighttime hours with flagging operations.

**ROUTE 220 SOUTH RIDGEWAY SAFETY IMPROVEMENTS** - Construction has begun for safety improvements on Route 220 South from VA/NC State line to Route 688 at mile marker 3.06. There will be a left lane closure in place until the work is complete. Completion is expected October 2022.
