Woodlands Community Lender receives \$1,897,136 from Appalachian Regional Commission’s POWER Initiative on behalf of Mon Forest Towns Partnership

The Mon Forest Towns Partnership is part of a \$68.2 million award package, and will help to advance a sustainable recreation-based economy for twelve coal-impacted communities in eight West Virginia counties in and around the Monongahela National Forest. Elkins, West Virginia, October 16, 2024 — Woodlands Community Lender, on behalf of the Mon Forest Towns Partnership, has been awarded \$1,897,136 by the Appalachian Regional Commission (ARC) to deploy a community-driven model for sustainable recreation-based economic growth across twelve towns in the Monongahela National Forest region, including Cowen, Davis, Durbin, Elkins, Franklin, Marlinton, Parsons, Petersburg, Richwood, Seneca Rocks, Thomas, and White Sulphur Springs. This award is part of a recently announced \$68.2 million award package supporting 65 projects in 188 coal-impacted counties through ARC’s POWER (Partnerships for Opportunity and Workforce and Economic Revitalization) Initiative, which directs federal resources to economic diversification projects in Appalachian communities affected by job losses in coal mining, coal power plant operations, and coal-related supply chain industries. Additional support for the Mon Forest Towns Partnership is provided by the organization's twelve participating towns, the Claude Worthington Benedum Foundation, The Conservation Fund, the West Virginia Department of Tourism, the Just Transition Fund, the USDA Forest Service, the WVU Outdoor Economic Development Collaborative, and Sara Cottingham Consulting. “ARC’s POWER initiative supports coal-impacted communities' preparation for the next phase of Appalachia’s

economy, while ensuring that residents have a say in the course of their own futures,” said ARC Federal Co-Chair Gayle Manchin. “The investments announced in this round of POWER will help train workers, advance new industries, and build upon the progress already being made toward a brighter future full of economic opportunity for our region.” Following the announcement, Josh Nease, Executive Director of the Mon Forest Towns Partnership, remarked, “For over seven years, the Mon Forest Towns Partnership has been working together to develop and fine-tune this collaborative model for regional economic growth. This funding from ARC and our partners supports the deployment of our strategic plan across the entire Mon Forest Towns region which will better connect the towns to the National Forest and to each other, promote the region as cohesive tourism and recreation destination, and advance our work to firmly establish each town as a gateway to the Mon. Special thanks to Woodlands Community Lenders for their ongoing support of the Partnership.” Including today’s award package, ARC has invested over \$484.7 million in 564 projects impacting 365 coal-impacted counties since POWER was established in 2015. ARC’s investments have helped create or retain nearly 54,000 jobs and prepare nearly 170,000 workers and students for new opportunities in entrepreneurship, broadband, tourism, and other growing industries. More information about the Mon Forest Towns Partnership’s ARC award and mission to collaboratively build a sustainable recreation economy in the Monongahela National Forest region can be found at monforesttowns.com.

GHSP Reminds Motorists: School Bus Safety Week is October 21-25

Slow down and Obey School Bus Stop Signs

CHARLESTON, WV — In support of National School Bus Safety Week, October 21-25, 2024, the West Virginia Governor’s Highway Safety Program (GHSP) is working with the U.S. Department of Transportation’s National Highway Traffic Safety Administration (NHTSA) to remind drivers about the importance of school bus safety. In West Virginia, it is illegal to pass a school bus while the school bus stop-arm is extended, and the red lights are flashing. Although the school bus is one of the safest modes of transportation, illegal school bus passing is a deadly risk to bus riders and their caretakers. “It is so important that drivers in West Virginia obey the school bus stop-arm laws. We need to keep our students safe,” said Gov. Jim Justice. From 2013 to 2022, there were 1.5 times more fatalities among pedestrians (169) than occupants of school buses (111) in school bus-related crashes. A total of 111 school-age children (18 and younger) died in school bus-related crashes during that period, either as occupants of school buses or other vehicles, or on foot or bike. Of the 111 deaths, 25 were children who were walking. From 2000-2022, there were 55 fatalities in crashes that involved a driver illegally passing a stopped school bus. Almost half of those fatalities (25) were pedestrians who were 18 years old or younger. “When a school bus’s red lights are flashing and the stop-arm is extended, drivers must slow down and come to a complete stop,”

said Jack McNeely, GHSP Director. “This is not a suggestion, it’s the law.” In fact, yellow flashing lights indicate the bus is preparing to stop to load or unload children. This is when motorists should begin to slow down and prepare to stop their vehicles. “Motorists may begin moving only when the red flashing lights are turned off, the stop-arm is withdrawn, and the bus begins to move. School bus riders and their caretakers are relying on drivers to follow the law to keep them safe,” concluded McNeely. **Respect the “Danger Zone”** The school bus loading and unloading area is called the “Danger Zone.” Specifically, this is any side of the bus where the bus driver can’t see the child and, therefore, the child is in the most danger. These areas include: · 10 feet in front of the bus, where the driver may be sitting too high to see a child · 10 feet on either side of the bus, where a child may be in the driver’s blind spots · Behind the school bus For more information about school bus stop safety, please visit <https://www.nhtsa.gov/road-safety/school-bus-safety#the-topic-bus-stop-safety>. We Get Letters

Dear Community,
On Friday, October 11th, about 10:30 am my wife and I were driving east on Corridor H from Davis, WV. There was no traffic. As we approached Mount Storm I passed a large commercial truck. I saw it in my rear-view mirror before turning on my blinker and switching back into the right lane. Thinking nothing of it. We were the only vehicles on the road. As we approached Stony River, I looked in the rear-view mirror. The truck was right on my tail. Nothing was in the left lane. I expected him to pass. The driver rode my tail. I tapped my brakes thinking he would pass. He pulled closer. I tapped my brakes again. He pulled closer again. I decided to coast downhill and started thinking how I offended this driver. As we climbed the next hill I continued to coast. As I slowed down, he laid on his horn. Rather than pass, he stayed right on my tail. My wife started to video him on her phone. He took both hands off the steering wheel to give us the middle finger.... in stereo. I continued to slow uphill. Once he spotted the phone taking

the video he fell back. I sped up and we did not see him or the truck again. We were no longer in danger. We couldn’t figure out what we did to cause such outrage. About ten minutes later, it dawned on me. We have a “Harris Waltz” bumper sticker on our car. I guessed my choice offended him. I’ve read about others being harassed for supporting Vice President Harris. We laughed to think that the truck driver thought he could convince us to vote otherwise with threats. Then it occurred to us how important our democracy is. The United States is governed by the candidates the majority of voters elect. Not by violence, or threats of violence. No matter who you plan to vote for, it is important that you vote for your candidates this November 5th. And remember, no matter what you say, or are told on the way to vote, what you do in that voting booth is your secret. No one else will know. Please vote your conscience. Regards,
Tim McGowan

The Parsons Advocate

I am glad the East Coast has gotten through a week with no more storms. The southern region of the country has endured enough so far. Linesmen and work crews are working round the clock to restore power and give them some relief. I have never gone through a loss like that due to weather and I hope I never do. **Momma Said**, “I am thankful for West Virginia weather.”

I don’t like it much but I will put up with the cold and snow any day instead of a hurricane. The weather patterns have changed so much in the last few years and we are experiencing weather we never had here before. We are having straight line wind events, tornadoes and massive flooding in some regions that I don’t remember happening when I was younger.

Time goes by and we forget a lot of little things but things that are happening now have me questioning if they are natural or not. So many people are talking about manipulation of the weather that it has my head spinning.

The Parsons Advocate

Do we believe things or do we play ostrich and stick our heads in the sand? **Momma Said**, “If our heads are in the sand that means our backsides are in the air and powerful people can be getting away with a lot of bad stuff.”

We, as a society, prefer to turn a blind eye to things that are uncomfortable to discuss, to things that we feel are “above our pay grade” so to speak. Maybe we need to wake up and start asking more questions about what is happening to us, are we being manipulated into not believing what we are see is happening? **Momma Said**, “Maybe we should be asking the five most relevant questions, who, what, where, when and why.”

Prospective purchasers must perform such independent investigations with respect to the Property as they deem necessary prior to bidding on the Property.
12. The purchaser is responsible for, and the Property is sold subject to, any environmental matter or condition, whether latent or observable, if any, that may exist at or affect or relate to the Property and to any governmental requirements affecting the same. The Property will be sold subject to any building or housing violations, easements, agreements, restrictions, terms, rights of way, filed and unfiled mechanics’ and materialmen’s liens, covenants, conditions, rights of redemption, liens and all other encumbrances having priority over the aforesaid Deed of Trust, if any, lawfully affecting the Property, whether or not of record, including but not limited to environmental conditions (including without limitation possible wetlands, riparian rights, critical or protected areas, and the presence of protected or endangered species) and all applicable federal, state and local laws, ordinances and regulations lawfully affecting the Property.

The purchaser shall be responsible for compliance with all applicable laws in the disposal of any such items of personal property, including West Virginia Code § 38-1-17, to the extent such statute applies.
17. The Successor Trustee reserves the right to adjourn the sale, for a time, or from time to time, without further notice, by announcement made at the time and place of the sale described herein.

Tygart Valley Wrestling Federation to Invade Battler's Knob

WWE Professional Wrestling Hall of Famer Teddy Long will serve as General Manager when the stars of the Tygart Valley Wrestling Federation invade Battler's Knob on Saturday, Oct. 26 at 7 p.m. in what fans say could be the biggest land battle to hit Philippi since the Civil War.

A Halloween themed event, the evening promises to be filled with family fun and entertainment including a costume contest, concessions, vendors, 50-50 raffle and several opportunities for fans to meet the professional wrestlers. Everyone is encouraged to dress in their favorite Halloween attire.

Known for his various catchphrases including "Holla Holla Holla" and "Now hold on just a minute playa," Theodore "Teddy" Long reached the top echelon in professional wrestling after being inducted into the WWE Hall of Fame in 2017. During his 40 year career, Long worked for several promotions including the National Wrestling Alliance, World Championship Wrestling, Extreme Championship Wrestling and the WWE.

Now, Long will try to keep order in the TVWF ring, as several titles will be on the line in what is being dubbed as "Philippi Fright Fights."

In the main event, Marshall Law will challenge Jeff Paul in a grudge match stemming from an incident during Mother's Day Mayhem in Mill Creek. Law, always a fan favorite, serves as a Randolph County Deputy by day and is pursuing his dream as a Pro Wrestler on the weekends. Paul, who's arrogance is widely noted across the state, is working his way back to title contention after falling to TVWF Champion Timmy Danger at Christmas

Mania in Elkins, last year.

In the co-main event, TVWF Tag Team Champions The Golden Pinky Society will face off against The Divine Embrace. The Golden Pinky Society's "Diamond" Victor Griff and "Money" Benjamin Banks have been a mainstay of the TVWF since it began in 2019 and are one of the most popular teams among fans with their "pinky's up" hand sign.

Making their TVWF debut, The Divine Embrace is comprised of the Prophet Daniel Reed and Kari Kobain, along with their manager Curtis T. Love. Hailing from the North Carolina wrestling scene, the trio are known for their electrifying energy and captivating promos.

Tucker Stomps Southern 62-12

By: Adam Freeman

The Tucker County Mt. Lions hosted long-time rival, the Southern Garrett Rams, this past Friday night. It was senior night for nine Mt. Lion football players on a perfect night in Parsons. It was a game that was never close and never in question as Tucker produced five turnovers on defense, had a 100-yard rusher, 100-yard receiver and a 250-yard passer on offense as well as producing a special teams touchdown via a punt return. Tucker scored on its two opening possessions on a 5-yard run by Jared Reall, its second, off a 91-yard screen pass from Sam Marks to Garrett Wilfong. With neither two-point conversion successful, Tucker was up 12-0. Sam Marks would add another score before the end of the 1st quarter with a 1-yard touchdown plunge. The conversion was good, and Tucker was up 20-0. The second quarter started off with another touchdown from Marks to Wilfong, this time from 11 yards out. Marks would throw another touchdown in the second, this one via an 86-yarder to Reid Kisamore. With the conversions, the Lions were up 36-0. Jared Reall would get in on the action before the break on a 7-yard run into the end zone. The two-point attempt failed, and Tucker was leading 42-0 at

halftime. Reall would keep the party going to start the second half with a 67-yard scamper to pay dirt. The defense would continue its shut-out, and special teams would join the scoring barrage, as senior, Trevan Bonner, would take a 52-yard punt return to the house. With the score Tucker was up to a 56-0 lead. The Rams would get on the board in the third pushing the score to 56-6. Sophomore Lucas Barb would do his part by adding a 74-yard touchdown scramble to the goal, to end scoring in the third quarter as the score was 62-6. The Mt. Lions would not score in the fourth and the Rams would add one more score to make the final 62-12. Tucker's Sam Marks was 9 of 12 passing for 280 yards and 3 touchdowns to 1 interception. Garrett Wilfong had 3 catches of 109 yards and 2 touchdowns, Jared Reall carried the rock 12 times for 126 yards and 3 touchdowns. The Mt. Lions defense got interceptions from Reid Kisamore and Keyleen Eichelberger as well as fumble recoveries from Gavin Nestor, Josh Crossland and Lucas Barb. With the win, Tuckers record remains unblemished at 8-0. The team will have their bye week this week and return to play at Petersburg the following week.

Wildcats Lose Heartbreaker to South Harrison 16-14

Wildcats 8th Grade Cheer & Football (Photo by Angie Teter)

By: Adam Freeman

This past Thursday the Tucker Valley Wildcats hosted the South Harrison Hawks on the Wildcats 8th Grade Recognition Night. Tucker Valley will move 11, 8th grade football players to the high school program next season. South Harrison would start the contest with the football and take the ball down the field for an opening drive touchdown. The Hawks would complete the two-point play and South Harrison was up 8-0. The Wildcat's offense would struggle in the first half only managing seven plays on offense to start the game. The defense, however, would manage to keep the Hawks out of the end zone again before the break. Coming out of the half the Wildcats would get it going on offense with a combination of power run plays from Branson Hyre and Jonathan Tuttle. Hyre would break a 26 yarder and punch it in on the next play from 6 yards out, with the two-point conversion successful the game was tied at 8 halfway through the third. The Hawks would answer on a 41-yard rushing touchdown and a successful two-point play to put them back on top 16-8.

After a few back-and-forth series the Wildcats would have the ball down 8 with under four minutes to play in the game. The drive consisted of powerful running from eighth grade back Branson Hyre behind his offensive line consisting of Wade Boyles, Joel "Money" Jones, Isiah Boyles, Asher Kisamore and Isiah Lipscomb. The Wildcats punched in the score with under 90 seconds to go in the game needing just the two-point conversion to tie it up. Tucker would again lean on Hyre and that offensive line, this time as the hole opened wide enough for Hyre to walk into the end zone his feet became entangled with his offensive lineman, and he fell short of the goal line. Making the score 16-14 which would be the final score of the contest. The Wildcats saw an outstanding effort from eighth grader Jonathan Tuttle who delivered several monstrous blows in the game on both sides of the ball, fellow eighth grader Branson Hyre led the way on the ground for the Wildcats with two rushing touchdowns. The Wildcats fall to 4-2 on the season with one regular season game left to play. Tucker will travel to Long Drain Middle School this Thursday kickoff is set for 6:00 pm
