Aside from reports of seeing sleighs & reindeer flying through the skies things have been quiet in the Creston area except for some poachers/road hunters from the Cross Lanes area. When caught by a local resident they said they had permission to hunt on Tom’s Run and down in Beaver Dam. They were reported to the game wardens and others who meet up with these fine fellows should do likewise.

Pauline Cline, age 94, of Davisville passed away. She was the daughter of Allen & Virginia Merrill Vandale and the widow of Owen Cline. She had been a school teacher for 50 years.

The marauding morons from the highway department are out butchering trees along the roadways. On W. Va. 7 there was high dollar rental equipment chopping trees leaving stubs. A couple of miles down the road in the next county there are the dead trees, the result of similar actions a year or so ago. Down on the four lane there are fancy high dollar machines “chewing young trees some 100 feet or more from the berm. Perhaps the new administration will put an end to such nonsense. For certain it is clear that the W. Va. Dept. of Highways has much more money than they know what to do with. When citizens ask for rock on their road and are told “there is

no money” it is now obvious that such is ‘far from the truth’.

Sen. Shelly Moore Capito is now head of the Environment & Public Works Committee of the U S Senate. She noted that she wanted to work with Sen. Sheldon Whitehouse to “work on carbon capture”. One would think that DOGE would put an end to such wastes of funds. Obviously, old habits die hard.

More bad information continues to come out about Dr. Fauci’s wonderful virus that was made in the communist Chinese germ warfare lab in Wuhan. Seems the “rna-vaccine” which was originally a project of the US biological warfare folks, has killed more than the virus.

Ron Mowrey noted that his late brother Tom caught the virus while visiting his daughter, then had complications and never recovered. Dr. Fauci claimed that the “research was worth the risk”.

It might be noted that the Creston correspondent has yet to get over his last round with the GMO virus.

The NYMEX price of natural gas rose to \$3.75/MMBTU which is the highest in some time with talk of the price going even higher. Of course, from a historical perspective these are very low prices. Ergon’s oil price phone number is taking a Christmas Holiday.

Gov. Justice, WV DCR celebrate hiring milestones with 603 graduates in 2024

Gov. Jim Justice and the West Virginia Division of Corrections and Rehabilitation (WV DCR) announced a major achievement for West Virginia correctional facilities with the graduation of 55 new officers and staff. This year, WV DCR has welcomed a total of 603 graduates into its ranks, a nearly 20% increase in the total number of graduates in 2023, when 483 officers and staff graduated from the Division of Corrections Training Academy.

Recruiting efforts, including increased pay scales for correctional officers, continue to pay dividends as staff vacancies continue to decrease in facilities statewide.

"I am thrilled to announce that 603 exemplary individuals have successfully graduated from our Division of Corrections Training Academy this year,” Gov. Justice said "This accomplishment represents a significant milestone in our ongoing commitment to enhancing public safety and service within our communities. The dedication and hard work demonstrated by these graduates is commendable, and we can all take great pride in their readiness to serve and protect our citizens."

The rigorous West Virginia Corrections Academy program equips graduates with a comprehensive curriculum, encompassing vital subjects such as Correctional Documentation, the Prison Rape Elimination Act, Emergency Procedures, Interpersonal Communication Skills, Suicide Prevention, Autism Awareness, Trauma-Informed Correctional Care, Scenario-Based Training and various other pertinent classes.

"Under Governor Justice’s leadership, we are proud to welcome the 89th class of recruits to join our ranks at the West Virginia Division of Corrections and Rehabilitation," WV DCR Commissioner William Marshall said. "Their dedication to public safety and passion for making a meaningful difference in our communities is inspiring. I know they will uphold our mission with unwavering integrity, professionalism and commitment.

The WV DCR oversees West Virginia's 11 prisons, 10 regional jails, 10 juvenile centers, 13 Parole Services Offices, 22 Youth Reporting Centers and three work-release sites.

So what are your New Year’s resolutions? And can you keep them?

By Gaylen Duskey

New Year’s resolutions?
How do you feel about them?
Frankly I am not sure how I feel because I am not sure that when you make them you are just not setting yourself up to fail.

Here are the top 10 New Year’s resolutions made by Americans and chances are, more than a couple of the top 10 most common resolutions will look familiar to you:

- Exercise more
- Lose weight
- Get organized
- Learn a new skill or hobby
- Live life to the fullest
- Save more money / spend less money
- Quit smoking
- Spend more time with family and friends
- Travel more
- Read more

So, let’s break these down and see how one person – me – will do at them.

Exercise more? It just ain’t gonna happen. Having a heart attack kinda puts a crimp on plans to exercise more. Maybe I will exercise more but it will be by accident if I do,

Lose weight? Until they offer me that second piece of cake this one has a chance. Nah. No way on God’s green earth that this one is doable for me.

Get organized? Why start now?
Learn a new skill or hobby? I am an old, old dog so this one is DOA too.

Live life to the fullest? When you are my age and looking at the grass from the green side you are living life pretty full.

Save money/spend less money? If Donald Trump can do what he says he can do, then spending less may be possible unless the water bill is raised again.

Quit smoking? I don’t smoke so this is a resolution I never need to make.

Spend more time with family and friends? I want to do his one and I hope I can.

Travel more? No really a big thing anymore.

Read more? I’d have to turn into a real bookworm to do this.

Frankly most of America’s top 10 resolutions are of little to no interest to me so I won’t even be making them.

Here are my real New Year’s resolutions:

Live long enough to make New Year’s resolutions for 2026 and beyond.

Turn the Calhoun Chronicle into a good little weekly newspaper that is fair and balanced in its coverage of the happenings in Grantsville and Calhoun County.

Be a big enough pain in the neck to governmental agencies that they would be afraid to hold a meeting without an agenda being published and all the open meeting and sunshine laws being followed. It is the only way to govern.

Do everything, I can possibly do to help bring the pharmaceutical factory to Calhoun County. We need a break, and I really think it is our turn.

Hang in there to see the Los Angeles Dodgers win another World Series, Marshall win a bowl game and Calhoun have a winning record in football.

If I can keep these five resolutions, I will have done what I believe God brought me back home to do.

WHY THE BIG WORDS: I recently used to word nefarious while talking with a friend of mine and was asked what it meant.

I had not thought of that while using the word because I have used the word nefarious umpteen times before in my life and it was no big deal.

Anyhow here are several synonyms for nefarious including nefarious:

vicious may directly oppose *virtuous* in implying moral depravity, or

may connote malignancy, cruelty, or destructive violence.

a **vicious** gangster
villainous applies to any evil, depraved, or vile conduct or characteristic.

a **villainous** assault
iniquitous implies absence of all signs of justice or fairness.

an **iniquitous** system of taxation
nefarious suggests flagrant breaching of time-honored laws and traditions of conduct.

the **nefarious** rackets of organized crime

corrupt stresses a loss of moral integrity or probity causing betrayal of principle or sworn obligations.

city hall was rife with **corrupt** politicians

degenerate suggests having sunk to an especially vicious enervated condition.

a **degenerate** regime propped up by foreign powers

I was told that what I had referred to as nefarious was not nefarious at all.

So, mea culpa.

NOT IMMUNE TO MURDER: I woke up Saturday morning to a blurb on the internet about a shooting incident on Pine Creek. As the day went of the story was updated with two people being killed and two being injured and a man being on the run. The suspected shooter ended up being caught in Fayette County.

It was a shocking day for Calhoun County because murder is not a common happening here.

But they do happen.

The first murder I remember happened on Jan. 5, 1963, when 53-year-old Irene Wilson was stabbed 52 times in her Nobe home.

No arrest was ever made.

My grandfather George Duskey was a murder victim in 1975.

He was 84 at the time and when four young men decided to rob him of his \$31 military pension he hit one with his cane and they beat him to death before trying to burn him on the cook stove. His murder at Richardson is one of the most brutal murders ever committed in Calhoun County, excluding the decapitation of Peter Sauborne during the Civil War and the 50-plus stab wound murder of Irene Wilson in 1963. So murders have been part of the history of Calhoun County since before the county was part of West Virginia but still a murder triggers a shock wave throughout the county.

And I pray that we are always shocked when it happens.

BRIGHTER DAYS AHEAD: From what I have seen for some of Calhoun County High School’s teams brighter days are ahead.

I have watched an extremely young boys’ basketball team – they have one senior, and the rest are freshmen and sophomores – grow up before my eyes early in the season.

They will suffer growing pains no doubt, but they will be good sooner than later. Could they be a .500-or-better team this year?

Maybe.

The schedule is pretty tough, but these kids are growing as a team every time they go out.

Another Red Devils team that is improving as the season progresses is the high school wrestling team that recently finished 11th in the massive Fallen Heroes tournament held in Beckley.

There is one senior on the roster, but the younger wrestlers are progressing so fast that some could find themselves on the winners stand at the LKC, regional and state levels.

Here’s to better things for our Red Devils.

Until next time stay safe but don’t live life in a bubble.

WorkForce West Virginia announces January 8 Statewide Virtual Job Fair

WorkForce West Virginia announced the next date in a series of Statewide Virtual Job Fairs. Both employers and job seekers are invited to participate in the virtual event on Wednesday, Jan. 8, from 1:00 to 3:30 p.m. “Empower your future with WorkForce West Virginia’s Statewide Virtual Job Fairs. We welcome West Virginia employers and job seekers to come together to create success stories,” said Scott Adkins, Acting Commissioner of WorkForce West Virginia. “Since we began offering these monthly events, more than 11,500 West Virginia job seekers have attended to learn more about nearly 18,000 posted jobs from West Virginia employers located all around the state. These virtual job fairs have resulted in nearly 106,000 booth visits with 2,939 participating employers.

Registration is required for both interested employers and job seekers. Register as a job seeker for the Jan. 8 Statewide Virtual Job Fair. When attending the event, job seekers are encouraged to dress professionally and have a calm, clutter-free background. The Virtual Statewide Job Fair portal features a Job Seeker Training video, a list of participating employers and channels for attendees to register and log in. After registering for the first time, new employers will create a “Virtual Booth” to connect with job seekers. After completion, this booth will be available during subsequent job fairs. Register as an employer for the Jan. 8 event. For more information about WorkForce West Virginia and the Statewide Virtual Job Fairs, visit www.workforce-wv.org or contact wfvvjf@wv.gov.

Red Devils set to play South Harrison

Calhoun hasn't had much luck against South Harrison recently, but that could start to change on Tuesday. The Calhoun Red Devils are taking a road trip to square off against the South Harrison Hawks at 5:45 p.m. Both come into the game bolstered by wins in their previous matches.

Calhoun took a loss when they played away from home on Saturday, but their home fans gave them all the motivation they needed on Friday. They enjoyed a cozy 55-41 victory over Van.

Calhoun's win was a true team effort, with many players turning in solid performances. Perhaps the best among them was Micah Allen, who posted 11 points in addition to seven rebounds and five steals. Those 11 points gave Allen a new career high. The team also got some help courtesy of Cooper Morris, who dropped a double-double on 13 points and ten boards.

Micah Allen leads Calhoun over Van

After having lost a blowout in their previous game against Man, Calhoun was happy to have turned things around on Friday. They strolled past the Van Bulldogs with points to spare, taking the game 55-41. The Red Devils have seen this before: they got the W the last time they saw the Bulldogs, too.

Multiple players turned in solid performances to lead Calhoun to victory, but perhaps none more so than Micah Allen, who posted 11 points along with seven boards and five steals. Those 11 points gave Allen a new career high. The team also got some help courtesy of Cooper Morris, who dropped a double-double on 13 points and ten boards.
