Divine Light Christess-Christ Training - Course Description

Now is the time! This is the time we've been waiting for and if you are here, you are the ones! We are moving fast, onwards and upwards, along the illuminatory path of the Divine Goddess' new age, Yeshua at her side. This is your time and, in case you hadn't noticed, we are in Christess-Christ prime time! 2020 (and for some long before) heralded the beginning of the end, during which time we have been in a process of accelerated collective crucifixion. The progression of crucifixion into resurrection can seem long and insurmountable. As the world weaves its turbulent way through this Christic initiation for the final stages of the Christ age, the teachings of many mystics, ancient and contemporary, assist us to forge the path of light through the tunnels of darkness that have too long prevailed over our times.

Since Yeshua appeared at my deathbed in a series of visionary experiences (more than twenty years ago), I spent years in seclusion being prepared by him for this time. I have been profoundly tested through this process for decades and I am here now to hold your hand and show you the way.

In this course we will be looking at how the true message and legacy as taught to me, and how Yeshua's teachings, more than ever, are relevant in our lifetime. We will be working with the Sacred Veils (my fine art textiles), which are potent portals that open gateways into the Divine Realm, through which the beholder can retrieve forgotten higher aspects of self and connect more powerfully into the Divine, activating the innate divine essence that lies within every one of us.

I will share enlightening teachings through which Yeshua guided, initiated and illumined me, with contemporary mystical practices that are pragmatic, useful and vibrant in a world that urgently needs great inner transcendence, and at the same time is stretched beyond all imagined limitations to the enactment of conscious activism and the embodiment of heart-felt divine connection. This is my invitation to you to learn from some of my personal experiences over lifetimes and especially the last thirty years of the energy, tests, trials, tribulations, testaments and intelligence of the Christed Feminine.

Course Description continued from Page 3

There will be discussion of the re-balancing of the masculine/feminine so that the inner masculine is fully embracing feminine values in leadership and throughout all aspects of our lives as we step into a new world of Divine Goddess Emanations. Above all, this will be an experiential journey. More than study, or stories, this course will guide you, as powerfully as you call it to be, on a vessel of pragmatic mysticism, divine madness (as Rumi called the lightning experiences of divine illumination and inspiration) and sacred knowledge as we sail together to the shores of the promised new era of divine living and love. We'll study the Aquarian vision as seeded by Yeshua two thousand years ago, of the inner Divine Feminine leading the way into a golden age with the full support of the Divine Masculine at her side.

I look forward to taking this journey together and assisting you to pilot your own Christess-Christ light on this incredible divine journey you are about to undertake.
