

# **DIVINE LIGHT, VEILS OF CHRISTESS-CHRIST TRAINING**

**Now is the time!**

## **Intro & Course Outline**

This is the time we've been waiting for and if you are here, you are the ones!

### **CLASS 1 - THE DIVINE FEMININE RENAISSANCE**

The Divine Feminine/Christess aspects of the Christ.

-  We will be journeying together to study and experience the divine feminine renaissance which is currently well under way.
-  With the symbolism of the Temple Veil, "Unveiling the ChristHeart" we will be exploring the metaphysical aspects of personal and collective heart-opening and heart-break that are taking place and how through that process the veil lifts to become the crown.
-  I will be sharing excerpts from The Book of Sahra, Jesus' Secret Wife, and other writings of mystics, ancient and contemporary.
-  I'll take you through some guided meditations and healing visualisations to facilitate your own unveiling process, as well as sharing insights and tools.

### **CLASS 2 – AMETHYST ANGEL INITIATION & ILLUMINATION**

-  We will explore and deepen psycho-spiritual awareness of conscious living and creating, and the process of divinisation, through the journey of the nine phases of the Amethyst Angel Initiations & Illuminations. There is no escaping any of them and they each comprise the initiations of our times. They all apply to oneself and the acceptance of ones' own shadow selves, to other lives and karma, as well as to those by whom one is surrounded and the world collective.
-  I will be assisting you to achieve greater illumination and realisation, how to transform past lives cellular and soul memory, other lives and future lives (for which we are already preparing in this life) and karma.
-  I will show you how utterly significant, vital and absolutely relevant it is, now more than ever, to liberate oneself from previous limitations of human bondage to create a higher plane of existence, a harmonious way of living and being by passing through this initiatory rite and transcending into its illumination.

### **CLASS 3 – THE TEMPLE OF ISIS, CHRISTESS-CHRIST CONSCIOUSNESS (AND IT'S RELEVANCE IN THIS DAY AND AGE)**

- ✚ I will develop practical enlightenment around the application of Christ/Christess Consciousness as it pertains to daily living, inner transformation and moving into the new paradigm, working with writings on Isis from “The Book of Sahra, Jesus’ Secret wife” as well as some stories from “The Aquarian Gospel of Jesus, the Christ”.
- ✚ We will contemplate some of the truer (less corrupted by controlling religions) teachings and lessons of Yeshua’s life, as well as those of his secret wife, Sahra.
- ✚ We’ll also examine the 7 Veils of Isis, the connection between Isis & Osiris, Yeshua & Sahra, and the ways their teachings and stories overlay.

#### **CLASS 4 – SAHRA & THE FIRE OF GRACE**

- ✚ I will share more of Sahra’s story, her journey as a role model for our time, and her role as Divine Feminine Higher self of humanity.
- ✚ We will be deepening the lesson with prose from other writers, modern and ancient sacred texts, to re-illuminate your awareness of the lost aspects of your own sacred feminine (applies to both men and women), the wounding, and the reclamation of this divine birthright.
- ✚ You will learn how to balance and manage the physical and psycho-spiritual demands of kundalini rising of The Divine Goddess’s Age, the true nature of which has been widely mistaught and mis-interpreted from ancient to contemporary mystery schools and teachers, east and west.
- ✚ And I will prepare you to handle the energy when the Fire of Grace touches your life, (which anyone on this path will experience sooner or later, probably sooner in accordance with the divine promise for these times).

#### **CLASS 5 – THE AQUARIAN CROSS, ONENESS**

- ✚ I’ll be sharing teachings and visions of the unity of the divine in the light of true understanding of the real meaning of Christ consciousness for our Age, Oneness, and the coming together of all races, religions and creeds as an ascended world family of light.
- ✚ I’ll teach more about the divine feminine rebalancing and its manifestation power and working with tools to come into more potent Divine Alignment.
- ✚ We will contemplate the truer (less corrupted by controlling religions) teachings and lessons of Yeshua’s life, as well as those of his secret wife, Sahra.
- ✚ We’ll have experiences and stories of sober but profound hope, envision and activate within the consciousness of humanity enshrining its own inner divine nature, and how we realise justice, compassion and harmony in our own lives.

#### **CLASS 6 – HEART OF THE LIONESS & THE ROSE**

- ✚ Heart of the Lioness, one of the names Yeshua used for his beloved, Sahra, is more than ever apposite for our times. She embodied the energy we are all called upon at this moment, right now, to delve deep into our innermost being in order to find the courage, sacred power and mystical strength of the Lioness's heart. We will look at the talents and traits for which Yeshua named Sahra Heart of the Lioness, and explore how to find this consciousness and energy within ourselves and unleash its mystical power.
- ✚ We will be working with Magdalene energy, of Sahra and Mary, her sister, and the potent symbolism and energy of the rose, which is the flower Yeshua used as the symbol for Sahra and Mary Magdalene.
- ✚ With readings from The Book of Sahra and other mystical teachings, we'll see how Sahra and Mary lived the initiations and illuminations of the great mystics of all times, and how this has been suppressed during the patriarchal age, how we access it within ourselves and how we can manifest that appropriately into the world at this time.
- ✚ We will study and take some experiential journeys into this power we are called upon and why it is so important for the shift we are going through and the future of humanity and the world.

\*With each class you will receive a digital/printable copy of the poems and writings referenced.

\*There will be transmissions and attunements from Yeshua and Sahra's secret place in the Sahara and, no doubt, a few surprises (as there always are when working with Yeshua!

\* Based upon the Sacred Order of Light, Energy & Information mandala, I have created a special one for participants of this course. You will receive a downloadable, printable copy of the Yeshua/Sahra SOLEI 17 mandala which you can use for your lifetime to powerfully accelerate the activation, attunement and embodiment of Christess/Christ.

I look forward to taking this journey together and assisting you all to pilot your own Christess/Christ light on this incredible divine journey you are about to undertake.

## Note to participants from Swan:

We are moving fast, onwards and upwards, along the illuminatory path of the Divine Goddess' new age, Yeshua at her side. This is your time and, in case you hadn't noticed, we are in Christess/Christ prime time!

We'll study the Aquarian vision as seeded by Yeshua two thousand years ago, of the inner Divine Feminine leading the way into a golden age with the full support of the Divine Masculine at her side.

2020 (and for some long before) heralded the beginning of the end, during which time we have been in a process of accelerated collective crucifixion. The progression

of crucifixion into resurrection can seem long and insurmountable. As the world weaves its turbulent way through this Christic initiation for the final stages of the Christ age, the teachings of many mystics, ancient and contemporary, assist us to forge the path of light through the tunnels of darkness that have too long prevailed over our times.

Since Yeshua appeared at my deathbed in a series of visionary experiences (more than twenty years ago), I spent years in seclusion being prepared by him for this time. I have been profoundly tested through this process for decades and I am here now to hold your hand and show you the way.

In this course we will be looking at how the true message and legacy as taught to me, and how Yeshua's teachings, more than ever, are relevant in our lifetime.

We will be working with the Sacred Veils (my fine art textiles), which are potent portals that open gateways into the Divine Realm, through which the beholder can retrieve forgotten higher aspects of self and connect more powerfully into the Divine, activating the innate divine essence that lies within every one of us.

I will share enlightening teachings through which Yeshua guided, initiated and illumined me, with contemporary mystical practices that are pragmatic, useful and vibrant in a world that urgently needs great inner transcendence, and at the same time is stretched beyond all imagined limitations to the enactment of conscious activism and the embodiment of heart-felt divine connection.

This is my invitation to you to learn from some of my personal experiences over lifetimes and especially the last thirty years of the energy, tests, trials, tribulations, testaments and intelligence of the Christed Feminine.

There will be discussion of the re-balancing of the masculine/feminine so that the inner masculine is fully embracing feminine values in leadership and throughout all aspects of our lives as we step into a new world of Divine Goddess Emanations.

Above all, this will be an experiential journey. More than study, or stories, this course will guide you, as powerfully as you call it to be, on a vessel of pragmatic mysticism, divine madness (as Rumi called the lightning experiences of divine illumination and inspiration) and sacred knowledge as we sail together to the shores of the promised new era of divine living and love.

### **About Swan:**

*Dr. Swan A. Montague is the founder and creator of Divine Light Trainings and SOLEI 17 {The Sacred Order of Light, Energy & Information 17}. Her mission is The Sacred World Renaissance & the manifestation of The Thousand Suns Lotus.*

*Swan was given 3 months to live 20 years ago when master healer/teacher Yeshua appeared at her death-bed instructing her to clear seals on realms of secret knowledge. Thereafter she spent 12 years in almost total seclusion learning and writing about his secret life and sacred knowledge and healing from Yeshua.*

*She has presented, created temples for, and collaborated with many leaders and celebrities, including Andrew Harvey, Ervin Laszlo, Eben Alexander, Raymond Moody, Lynne McTaggart, David Hawkins, Agape Church, Steven Sadleir, Sinead O'Connor, Jill Purce, Bruce Lyon, Baba Dez, Deva Premal & Miten and many others. She is called 'Thunder & Lightning Medicine Woman' by Native Americans who say she has the medicine the world needs for these times, is known for her practical mysticism, aiding people to transform lives and is one of the world's leading experts on karma.*

*Author of Caviar for the Soul and Amazon best-seller The Book of Sahra, Jesus' Secret Wife, Swan is currently in the Sahara where she is completing a contemporary mystical novel and an anthology of psycho-spiritual insights based around the current collective conundrum of 'why is this happening to me?' From her secret oasis in the desert where Sahra and Yeshua spent some of their days together, you will be able to receive and benefit from the vibratory frequencies of their consciousness and time.*

*The Veils: Nearly 30 years ago, Swan spontaneously began creating the unique art form, Sacred & Temple Veils. As an interior designer, she was searching for art that was unique, multi-dimensional, textural and beautifully divinely. In a state of deep meditation, she set her eclectic collection of silks and icons, jewels and crystals from India, Bali, the Indians of the Americas and indigenous cultures from around the world around her, and in a revelatory moment she began to create patterns and forms on the silks with her sacred objects. Sacred Veils and Temple Veils are now housed in private and corporate collections in England, Europe, the U.S and Australia.*

*Veils are layers of antique saris (many from Varanassi, the most sacred place in India) and eastern silks, embellished with jewels, crystals, icons and feathers. Each one is unique, hand crafted and the result of long hours of meditation and communion with the divine. The Veils create palpable fields of divine energy, emanating and pulsating highly sacred blessings, healing and divine love into their environment, touching the souls of all who are in their presence and bathing the beholder in a gentle but potent wave of beneficent wellbeing and a remembering of his/her own innate sacred connection.*
