THE SOCIAL SECURITY SCAM

The purpose of Social Security.

Let me explain the social security act, the nexus agreement we all have with the king, you were told the social security number is for retirement and you had to have it to work. It sounds like a license to me...and it is. It is a license granted by the president of the U.S. and the queen of England to work in these countries with the U.S. under the trading with the enemy act, as amended on March 9th 1933, as you will see in a moment. The question is, was it for your retirement? What does FICA mean? Federal Insurance Contribution Act? What does contribution mean in law.

Contribution- right of one who has discharged a common liability to recover of another is also liable. The Aliquot portion which he ought to pay or bear under principle of "contribution" A tort-feasor against whom a judgement is rendered is entitled to recover proportional shares of judgement from other joint tort-feasor whose negligence contributed to the injury and who were liable to the plaintiff.

Note- Meaning of tort-feasor means wrongdoer. What did you do to be defined as a wrong doer? The share of a loss payable by an insurer when contracts with two or more insurers cover the same loss. Black's Law Dictionary 6th Edition.

It is a primary method by which the United States / England "contracts" with its customers is through the SS / NI numbers and the payment of payroll taxes after Franklin D. Roosevelt and the US Congress declare bankruptcy contracted with the international bankers and owners of the Federal Reserve, which he presented as a new deal to the American people.

Accommodation indorser- A party who places his name to a note without consideration for purposes of benefiting or accommodating some other way.

Bailey - The person who, by a warehouse receipt bill of lading or other document of title, acknowledges possession of goods and contracts to deliver them. UCC 7 - 102 (1)(a)

Bank - An organisation that is engaged in the business of banking. The term includes savings, banks, savings and loan associations, credit unions and trust companies. UCC 9-102 (a)(8)

Banker- In general sense, person that engages in the business of banking. A narrower meaning, a private person who keeps a bank.

Bar- A partition or railing running across a courtroom. The word BAR is also an acronym which stands for British Accreditation Registry, which means all attorneys in America are collecting money for the British Crown.

Don't believe... read for yourself , article 1 of the Constitution, an esquire is an English gentleman aka squire that collects money for the crown.

File number means the number assigned to an initial financing statement pursuant to subdivision.(a)Of section 9- 519.UCC 9 - 102. (a)36

Financing statement- A record or records composed of an initial financing statement, UCC 9-102(a)39, In some cases the county auditor that details the money / and or goods pledged by one party to guarantee the fulfilment of an obligation to another party.

Notice of Understanding and Intent and Claim of Right

Dear DVLA,

Please read the following notice thoroughly and carefully before responding. It is a notice. It informs you. It means what it says.

It is important that you consider and respond to the notice in substance. The 'nearest official form' will not suffice, and consequently is likely to be ignored by Myself without any dishonor on my part.

On the other hand, there is a time-limit on the notice served. It is reasonable, and if it runs out then I shall take the understanding that you are in agreement with the points herein stated and that you have no objections to any or all of the points contained herein in full accordance with my Rights in Law.

It is my understanding that notice to one is notice to all. Should you not be in a position to respond with clarity to the points stated herein it is my understanding that an officer of your choosing will be delegated the task of response and the name of said person will be made known to Myself.

For these reasons it is recommended that you carefully consider this notice and respond in substance, which means addressing the points raised herein.

Failure to respond to this offer and to do so completely and in good faith within 14 (fourteen) working days will be deemed by all parties to mean you and your principal or other parties agree in full to the points made herein and wholeheartedly accept this claim.

I now draw your professional attention to the following points wherein "DVLA" should be taken to read "the DVLA or any associated agency".

It is my understanding that when a thing becomes registered with a body, the body it is registered to, or with, takes title ownership of said thing. It is my understanding that in this case the thing in question is a device for use to aid roaming commonly called a vehicle by the DVLA.

It is my understanding that a person who registers a vehicle gives up the right to own the vehicle in exchange for equitable title, i.e. the right to keep, or look after, or store, or use what is now in point of fact, the property of DVLA.

It is my understanding that in doing so the keeper must abide by the rules of society or corporation or body to which the vehicle is registered.

Consequently it is my understanding that subsequent keepers are not owners. As stated in section C4c of the registration certificate which states: "The registered is not necessarily the legal owner."

It is my understanding that this vital information is not fully and plainly disclosed on the contract known as the V5 Registration Certificate. For a contract to be valid it must contain FULL disclosure. It follows that since this vital information is not shown clearly on the contract it must be deemed that the contract is null and void.

It is my understanding that upon 1st registration a vehicle known as JB13 BKZ was registered with DVLA

It is my understanding that DVLA took title ownership of the vehicle known as JB13 BKZ at the moment of 1st registration.

It is my understanding that when the vehicle came into possession of Myself, believing to be the new owner, I was in point of fact only buying the right to use and not the right to own the property of DVLA and that this vital information was kept from being disclosed to Myself on the contract.

In consequence:

I hereby serve notice and state clearly, specifically and unequivocally, that under the laws and customs of England, which Her Majesty Queen Elizabeth II has sworn to protect, I make claim to what is rightly, justly and lawfully mine.

I claim full lawful rights, allodial title and ownership of the conveyance known to DVLA as JB13 BKZ, in my possession and the use of it freely on roads and highways and on private land, acting with reasonable care and responsibility to 3rd parties so long as I am not acting or involved in commerce. (Commerce being defined as buying and selling of goods for the benefit of the operator of the conveyance).

I claim full lawful rights, allodial title and full ownership irrespective of any faulty understanding as expressed above.

NOTES

All tradable securities must have a CUSIP NUMBER so it can be offered to investors. Birth certificates and National Insurance numbers/ Social Security applications are converted into government securities; assigned a CUSIP NUMBER; GROUP INTO BUNDLES and then are marketed as a mutual fund investment. Upon maturity, the profits are moved into a GOVERNMENT CESTUI QUE VIE TRUST and if you are still alive, the certified documents are reinvested. It is the funds contained in this trust pays all our debts and nobody tells you that because the Elite consider those assets to be their property and the Government is responsible for the management of those investments.

In the UK all National insurance, medical, and everything under the health service...free bus pass etc are all financed by the trust. The government makes you pay taxes and a portion of your wages to pay for these services, which they can take anytime for any reason since they cannot access the CESTUI QUE VIE TRUST TO FINANCE THEIR WARS, or to bail out wall street.

The public is encouraged to purchase all kinds of insurance protection, when in fact the TRUST pays for all physical damages; medical cost; new technology and death benefits. The hype to purchase insurance is a ploy to keep us in poverty and profit off of our stupidity because the Vatican owns the controlling interest in all insurance companies.

You may receive a monthly statement from a Mortgage Company; Loan Company or Utility Company, which usually has already been paid by the TRUST. All OF THESE CORPORATE BUSINESSES DOUBLE DIP AND HOPE YOU HAVE BEEN BRAINWASHED ENOUGH BY THEIR FRAUD, TO PAY IT A SECOND TIME. Instead of paying the statement...nextime...sign it approved and mail it back to them. If they contact you ...ask them to send a TRUE BILL instead of a statement and you will be happy to pay for it.

LET ME EXPLAIN. A STATEMENT DOCUMENTS WHAT WAS DUE AND PAID, WHEREAS A TRUE BILL IS ONLY WHAT IS DUE. BANKS AND UTILITY COMPANIES HAVE DIRECT ACCESS INTO THESE CESTUI QUE VIE TRUSTS AND ALL THEY NEED WAS YOUR NAME , NATIONAL INSURANCE/ SOCIAL SECURITY NUMBER AND YOUR SIGNATURE.
