STONEBRIAR Prayer WALK

Pray that abundant grace will be shown to administration, teachers, students, and the parenting community as everyone navigates these unprecedented times.

Pray for students who live in troubled homes—for provision, safety, and the support they need for academic success.

Pray for the safety of student-athletes and coaches as practices and sports seasons resume.

Pray for the peace of mind for students feeling isolated due to cancellation of activities, inability to leave home, or other circumstances out of their control.

Pray for the adaptability of new kindergarteners as they begin school in an environment that will be different and sometimes overwhelming.

Pray for the protection of our school bus drivers, cafeteria staff, maintenance crew, custodial staff, and all who support our faculty and students.

Pray for the health of students with learning differences and special needs so that their medical, emotional, and academic needs will be nurtured.

Pray for the reconciliation of in-person and virtual learning families so that they can feel seen, connected, and encouraged.

Pray for the physical health of on-campus students and staff and their families.

Pray for the mental health and financial needs of students, teachers, administrators, and parents due to changes in school schedules.

Pray for grandparents raising their grandchildren and for the health of multi-generational families.

Pray that believing students and teachers will feel the protective hand of God and live as beacons to the Gospel of Jesus.
