K.A.R. 4-34-20(e). Production report

(e) Each primary licensee on a research grower license shall submit a production report to the department within 30 days after the last harvest date for every harvest. Each production report shall include the following, at a minimum:

- (1) The amount of industrial hemp plants, plant parts, grain, or seeds harvested from each research area, which shall be provided as follows:
 - (A) If the industrial hemp crop was cultivated, planted, or grown for the production of fiber, the number of bales and the size and shape of the bales;
 - (B) if the industrial hemp crop was cultivated, planted, or grown for the production of grain or seed, the quantity by weight;
 - (C) if the industrial hemp crop was cultivated, planted, or grown for the production of floral material, the quantity by weight; and
 - (D) if the industrial hemp crop was cultivated, planted, or grown for the production of more than one intended end-use, the information for each end-use as required by this regulation
- (2) the name, address, and, if applicable, the license number of the primary licensee on the research distributor license or an out-of-state individual or business entity that is authorized by an institution of higher education or a state department of agriculture under 7 U.S.C. 5940, as amended, and the laws of the state that transported any industrial hemp plants, plant parts, grain, or seeds that were harvested; and
- (3) the name, address, and, if applicable, the license number of the primary licensee on the research processor license or an out-of-state individual or business entity that is authorized by an institution of higher education or a state department of agriculture under 7 U.S.C. 5940, as amended, and the laws of the state that received the industrial hemp plants, plant parts, or grain for processing.

Please reference the Kansas Industrial Hemp Research Program's Rules and Regulations found here: agriculture.ks.gov/industrialhemp

After completion of the **Production Report** form (page 2), please attach relevant documentation to support the report if necessary.

Examples of supporting documentation may include but are not limited to field maps with GPS coordinates indicating the entry point of the research area where the industrial hemp was harvested.
