

510 SERIES PICKET FENCE / POOL FENCE

PICKET FENCE POOL FENCE

Accent the Outdoor Swimming Space With Beautiful and Affordable Elegance.

PRODUCT DETAIL

Features & Benefits

Brief Introduction

The maintenance-free metal pool fences from SKYHALL® Fence are designed to accent the outdoor swimming space with beautiful and affordable elegance.

Our pool fence strictly complies with Australian Standard A.S. 1926.1-2012 – Swimming Pool Safety to provide a more secure swimming environment.

You may rely on our pool fence at the pool construction site to prevent unauthorized access. You also apply our pool fence in the private swimming pool. That will prevent kids and pets from falling off effectively when the pool is filled with water.

Protection Level

Applications

Functionalities

MAINTENANCE-FREE

Our metal pool fence is pre hot dipped galvanized and then PVC coated thus the fence won't rust or gather dirt, and little maintenance is needed.

STRONG AND SECURE

The pool fence is welded from pre hot dipped galvanized square tubes, making it the strongest type of fence for pool safety and protection.

ANTI-THEFT

Our metal pool fence is designed in a picket shape, therefore, giving it the other name, picket fence. The sharp fence top can prevent any thieves or intruders effectively.

AVAILABLE COLORS

All colors are available here for the metal pool fence, however, we recommend Jet Black of RAL9005 as a reference since it's quite popular among our customers.

PICKET FENCE / POOL FENCE
