## 412 SERIES CASTED BOLLARD

### CASTED BOLLARD

Create Demarcation Between Vehicle and Pedestrian Areas.

#### PRODUCT DETAIL

#### Features & Benefits

##### Brief Introduction

As a stylish and practical street furniture solution, cast iron bollards are working well with modern-style surroundings to offer long-lasting protection in residential and urban landscapes.

Our cast iron bollards are finely polished from nodular cast iron. Roval zinc rich paint, undercoat, and topcoat are applied to the bollard body successively to provide a better surface.

The decorative cast iron bollards work effectively in creating demarcation between vehicle and pedestrian areas, directing and controlling traffic. Our cast iron bollards are highly praised by customers from the Middle East and Europe.

#### Protection Level

#### Applications

#### Functionalities

## DURABLE

Made from high quality nodular cast iron, the root fixed bollards are excellent in impact resistance and ductility. The additional Roval zinc rich paint layer makes it even resistant to corrosion. All the combined factors promise a long-lasting and durable cast iron bollard.

## DECORATIVE

With embossed decorative patterns, those cast iron bollards will offer long-term protection to residential and urban landscapes meanwhile work well with both traditional and modern style surroundings.

## LOW MAINTENANCE

Three layers of protective coatings are applied to the finely polished cast iron bollards, making them resistant to rust and corrosion thus needing low maintenance.

## AVAILABLE COLORS

All colors are available here for the cast iron bollard, however, we recommend Jet Black of RAL9005 as the reference color since it's classical and ordered most by our customers.
