DECORATIVE FENCE (CLAMP TYPE)

Amazing Decorative Metal Fences Protect Your Yard Effectively Meanwhile Keep Its Beauty.

PRODUCT DETAIL

Features & Benefits

Brief Introduction

Decorative wire fences are professional fences with a unique contemporary design. The panels are robust yet extremely elegant and decorative.

Decorative wire fences are increasingly used as creative ways to showcase the best features of properties. It's a great way to improve safety and security meanwhile keep the beauty.

Our clamp type decorative fencing is quite popular in the Middle East, especially in Qatar and UAE mainly because of its artistic top arc design.

The special structure of double horizontal wires improves the metal fence's transverse strength, making it more robust.

Functionalities

ATTRACTIVE DESIGN

Decorative fencing from SKYHALL® Fence is featured by the elegant design of the arc top which is composed of groups of vertical wires that form diamond shapes at the top side. Being useful and beautiful, that's what our decorative fencing conveys.

ROBUST STRUCTURE

To make a better structure support, two horizontal wires are welded to a single vertical one, thus increasing the fence's stability largely.

ANTI-THEFT

The way that the top of decorative fence is constructed means it is hard for potential intruders to climb over, thus effectively playing the anti-theft function.

AVAILABLE COLORS

All colors are available here for the decorative fencing, however, we recommend the Dark Green of RAL6005 as a reference because it's the most ordered color from our customers.
