323 SERIES RBT RAZOR WIRE

RBT RAZOR WIRE

Upgrade Your Metal Fences to a Higher Security Level With RBT Razor Wires.

PRODUCT DETAIL

Features & Benefits

Brief Introduction

RBT refers to reinforced barbed tape. RBT razor wire is actually the reinforced straight version of concertina razor wire.

At SKYHALL® Fence, the RBT razor wire is made of low carbon steel wire. A number of sharp razors are placed at equal distances on the RBT razor wire. Its surface is pre hot dipped galvanized to fight against corrosion thus providing longer service.

The RBT razor wire can be added to the top of fences as a spare part or used alone as security fencing. They are quite popular among worldwide markets, especially India.

Protection Level

Applications

Functionalities

HIGH SECURITY

The multiple blades of RBT razor wire are designed to prevent intrusion and will result in serious cuts to anyone attempting to trespass. Hence, they are widely used in some places where high security is needed.

SUITABLE FOR VARIOUS FENCES

RBT razor wires could be combined with various fences like chain link fences, palisade fences, welded wire fences to become a high security fence system.

DIVERSE RAZORS

Various types of razors are available at SKYHALL® Fence for the welded razor wire mesh to be used in different projects.

COST EFFECTIVE

Due to the lightweight and durable low carbon steel material, RBT razor wires do not wear down easily. This will cut your cost on fence maintenance largely.

SURFACE TREATMENT

RBT razor wires are pre hot dipped galvanized to fight against corrosion and provide longer service.

RBT RAZOR WIRE		
CORE WIRE DIAMETER	RAZOR BLADE THICKNESS	RAZOR TYPE
2.0-2.5	0.3-0.6	BTO-10 BTO-13 BTO-18 BTO-22 BTO-25 BTO-27 BTO-30
SURFACE TREATMENT	PRE HOT DIPPED GALVANIZED SS316 SS304 SS410	

CUSTOMIZED specifications acceptable.
