

113 SERIES PEDESTRAIN FENCE (Self-Lock Type)

PEDESTRAIN FENCE (SELF-LOCK TYPE)

Manage Pedestrian Flow Successfully and Make Effective Protection.

PRODUCT DETAIL

Features & Benefits

Brief Introduction

The self-lock pedestrian fence is specially designed for those who would like to save efforts on fence installation. This fencing is more convenient than the clamp type pedestrian fence in terms of installation.

Produced from low carbon steel wire, the self-lock pedestrian fence is quite durable and the additional M-bending treatment increases its transverse strength as well. The fence surface is pre hot dipped galvanized and then polyester powder coated, making it resistant to rust and corrosion.

Due to the self-locking feature, the fence is installed without accessories. However, you will get a UV resistant rain cap to match the longer use.

Protection Level

Applications

Functionalities

BEAUTIFUL DESIGN

This pedestrian fence is distinguished by its arc shape top which is embedded with beautiful diamond lattices along the top edge. That makes the fence more than a barrier to keep pedestrians away from vehicles. It's also an artificial decoration of the city.

EASY TO INSTALL

Compared to clamp pedestrian fences, self-lock pedestrian fence panels are much easier to install. You just need to settle the fence panels along the posts without using any clamps for fixing.

MULTIFUNCTIONAL

This self-lock can be applied for multiple uses like guiding pedestrians to the safe points to cross the road, controlling human traffic during major events, and marking separate queuing areas. Anywhere you can imagine for human traffic management, there is pedestrian fencing.

AVAILABLE COLORS

All colors are available here for the self-lock pedestrian fence panels, however, the Dark Green of RAL6005 is highly recommended as it's quite popular among our customers.

PEDESTRAIN FENCE (SELF-LOCK TYPE)

PANEL				POST	
PANEL HEIGHT	PANEL WIDTH	WIRE THICKNESS	MESH SIZE	POST TYPE	POST THICKNESS
1486	2000 2200 2500	6.00/5.00 8.00/6.00	200*50 200*60	100*70 SELF-LOCK	1.00 1.20 1.50
