Welcome to Lewis and Clark Trail

Lewis and Clark Trail State Park is a 37-acre camping park with 1,333 feet of freshwater shoreline on the Touchet River. Like an oasis in the middle of the desert, this lovely forested park on the banks of the Touchet River refreshes visitors with its unusual vegetation and geology surrounding arid grassland.

Rich in history, the park has interpretive displays with information about explorers Lewis and Clark and original area homesteaders. A large reader board can be found in the day-use area.

Tubing, wading and fishing are popular activities at the park. Rainbow trout fishing is most common in the Touchet River.

Overnight accommodations

The park offers several options for overnight stays. There are 24 standard campsites and four primitive campsites available April 1 through Oct. 31. Maximum site length is 50 feet (very limited availability). Between May 15 and Sept. 15, the online reservation system is solely used to reserve standard campsites. From April 1 to May 15 and Sept. 15 to Oct. 31, campsites are available on a first-come, first-served basis.
