Categories that bother me...

Sample Idea Web

Why are there only two distinctions?

White / Negro and other Races

Isn't "Negro" an unacceptable (or rude!) term?

Why
classify
by white
AND
country
of origin?

Does this even tell me anything about immigration? The whole thing seems kind of racist.

what was the point of measuring whiteness?

Immigrants could fit into both categories.

Does that mean that the US gov't was still racist? I thought the Civil Rights struggle was over in the '60s.
