FREEDOM BEGINS AT HOME

At VOX, we believe that true freedom begins at home and that how we live greatly affects our lives. That's why we thrive to constantly develop and deliver complex interior solutions - matching collections of furniture, doors, floors and wall systems. We believe that a beautiful and functional interior is the beginning of a happy home where everyone can be themselves.

YOU CAN BE A DESIGNER TOO!

Check out our original platform for creating and arranging interiors - VOXBOX. It's a simple and intuitive on-line app for designing interiors. Try out different furniture layouts and see how they can be positioned in your rooms. Post your project and share it with your friends and family. Your ideas can inspire others.

How to use VOXBOX?

Start by giving the room's dimensions and put the door and windows in the right place. Then choose wall colours and then select furniture and accents. Let your ideas run wild - feel free to experiment and change arrangements and don't worry - VOXBOX will let you know if a given configuration is possible or not. Save your project on your account. You can reopen it and make improvements later on. On top of that, at any time you can generate a printable high-resolution image of your design. Your project can be shared with other VOXBOX users or on social media.

YOUNG VOX JUNIOR COLLECTION

At VOX, we care about the balanced development of children and youngsters in all aspects of their lives. We carefully watch young people to design furniture that encourages them to explore, create, rearrange and experiment. Our furniture grows with it's users and allows children to build their own unique world full of hideouts and dens.

SPOT YOUNG COLLECTION

SPOT invites you to a world of childhood play. Inspired by hours spent playing outdoors on swings, building secret forts and playing hide and seek, it brings your room a dynamic energy that's embedded in its slender, levitating shapes and swinging organizers.

FOR WORK, PLAY AND STUDYING

Can a bed be a bookcase and a wardrobe at the same time? Of course! The SPOT bunk bed comes with storage compartments for clothes, two sliding hangers and two bookcases.

DESK AT THE CENTER OF ATTENTION

A double-sided desk is ideal for siblings doing homework or for four friends playing board games. You don't have to place the desk in the corner or against a wall - you design your room and decide which spot is best for it.
