Our company's mission is our commitment to provide a professional and high-quality level of service with an experienced team guaranteed to fulfil the requirements of our valued clients to their complete satisfaction. We achieve this by being accountable, dependable, reliable, honest, and committed.

Our clients choose pool covers for a variety of reasons, be it SAFETY, STYLE, SAVINGS, HEATING or EVEN JUST TO KEEP THEIR POOLS CLEAN. Our pool covers can accommodate the majority of pool shapes and sizes.

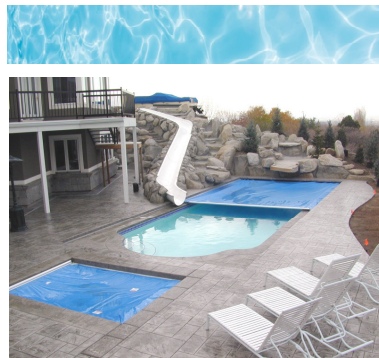

Introducing **Pool Cover Pro**, the pool cover specialists who are extremely passionate about pool safety.

I made the decision to start my own company in 2018.

Over the years, I attribute my success to building lasting relationships with clients, builders, architects, suppliers, and manufacturers.

I have personally and very successfully completed over 1,000 pool cover installations all over South Africa, Swaziland, Zambia, and Namibia since 2005.

In addition, I am the only "Pool Cover Systems (USA)" certified installer and service technician in South Africa, thereby ensuring a certified installation and approved annual service, to ensure warranty continuity.

Our collaboration with both international and local manufacturers and suppliers ensures that our clients receive products of the highest quality which meet global standards. The warranties have industry leading guarantees to give you peace of mind when choosing our products and services.

Upon partnering with the industry leaders in pool cover automation, rest assured, detailed construction drawings will be supplied to all relevant parties involved, updates on the progress of your project will be communicated every step of the way and our unmatched after-sales service will ensure you are entirely satisfied with your new purchase.

We would be more than happy to conduct an assessment at your premises, offer advice on what would work best for your particular needs and furnish you with an obligation free quote. So take the plunge and give me a call on my .
