INTRODUCTION

A home is not just a place, *it's a feeling*

Every house needs to feel like a home that you can love. Let On Tap help you create and realise your vision for a functional and beautiful home. At On Tap you'll find everything you need, with first-class service, top-quality products, and expert advice to help you achieve your dream home.

At On Tap we offer:

- Extensive product ranges
- SABS-approved products
- Comprehensive product warranties
- Stock availability
- Delivery

But, most of all, we offer specialist advice and fast, friendly and efficient service.

The bathroom and kitchen are two of the most important rooms in any home. On Tap can assist you with designing and furnishing these rooms to be modern, stylish and functional.

Visit www.ontap.co.za for more information on our extensive products, or head down to your nearest On Tap store for expert advice and recommendations.

SAVING WATER SAVES LIVES

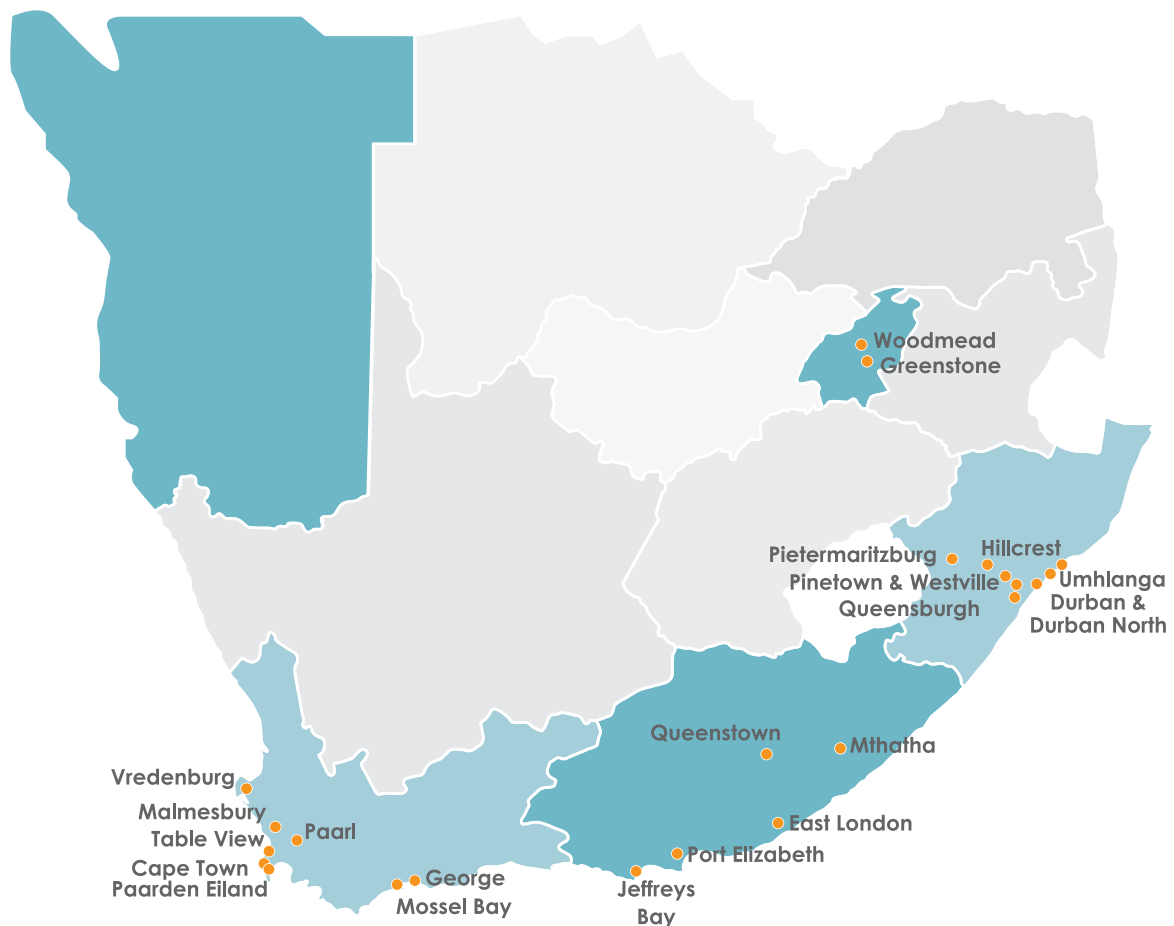

Do your bit to help the environment with our **TOP 10 WATER-SAVING TIPS:**

- 1 TURN OFF THE TAP**
Avoid leaving the tap running unnecessarily especially when shaving, brushing your teeth, or washing dishes.
- 2 DUAL FLUSH TOILETS**
Opt for water-saving toilets in your home, to minimise water use with every flush.
- 3 DON'T FLUSH UNNECESSARILY**
Don't flush away dirt that could go into a bin.
- 4 SWEEP AND SAVE**
Use a broom to sweep away dirt in your yard or driveway instead of hosing it away.
- 5 SHOWER, DON'T BATH**
Take quick showers instead of baths to use significantly less water.
- 6 LOAD IT UP**
Always use your washing machine or dishwasher with a full load to avoid wasting water and electricity.
- 7 FIX THE LEAKS**
Locate and fix all leaking taps and pipes.
- 8 USE WATER-SAVING GOODS**
Change your fittings to water-saving versions (e.g. water efficient shower heads, taps, etc.)
- 9 AERATE YOUR WATER**
Use aerator taps and save water without sacrificing any water pressure.
- 10 RE-USE WATER**
Collect rain water in buckets or a small tank for washing your car or watering plants.

FC-940

Single lever mixer with 150mm throw wall spout and sliding wall flange. Flow rate: 1.9 l/min. Optional 6 l/min aerator.

DID YOU KNOW?

Dezincification Brass (DZR Brass) is the name given to brass that has a good resistance to dezincification-type corrosion, which is experienced by normal hot working brasses. The resistance is imparted by the adherence to SABS specifications for chemical composition and careful process controls. These brasses are found in most taps and plumbing fittings.

TAPS & MIXERS

MIXED TIDE BASIN MIXER

MT00010

Corrosion resistant brass. Chrome finish.

MIXED TIDE ONE HOLE SINK MIXER

Kate Woburn.
Size: 1665 x 760mm.

RONA BATH

O1-FP-BM194-NNNL
Rona oval bath. White.
Size: 1700 x 900mm.

TANYA BATH WITH HANDLES

O1-FP-BM335-NNHL
Tanya 1700 with handles. White.
Size: 1700 x 700 x 390mm.

TANYA BATH WITHOUT HANDLES

O1-FP-BM335-NNNL
Tanya 1700 without handles. White.
Size: 1700 x 700 x 390mm.

TIP

We recommend any non-abrasive bathroom or kitchen cleaner, however care should be taken with some products as they can damage the metal drain parts inside the bath. Abrasive cleaning products will cause the disappearance of the gloss finish over time.

BETTE

30 Year Master Craftman's Guarantee
outlasting and outshining the rest

Stronger and more durable than other material baths, BETTE baths are manufactured in Germany from titanium steel and are finished off with the unique **BETTEGLAZE®** enamel surface, that is resistant to scratching and UV light, so they will not discolour or lose their shine as time goes by.

BETTE STARLET BATH

1450 (1750 X 800 X 420MM)

The one piece visual masterpiece that is pressed from titanium steel and masterfully crafted in Germany.

BETTE FORM BATH

3710 (1700 X 750 X 420MM)

Quality and beauty combined to create stunning built-in baths.

BETTE STARLET BATH

1630 (1800 X 800 X 420MM)

With a symmetrically shaped inner body and comfortable back profiles, this spacious bath is well suited for two people.

BETTE ONE BATH

3313 (1800 X 800 X 420MM)

The symmetrical cross section, precise corners and wide all-round rim underline the clear-cut, purist design.

BETTE LUX BATH

3440 (1700 X 750 X 450MM), 3441 (1800 X 800 X 450MM)

Crafted with a sharp corner radius and a strictly geometric bath rim, yet with soft bath body lines to form an organic shape.

BETTE LUX OVAL BATH

3465 (1700 X 750 X 450MM), 3466 (1800 X 800 X 450MM)

The design lines are elegantly slender within the oval shape and fluid interior, featuring a narrow rim that blends seamlessly.

BETTE COMODO BATH

1250 (1700 X 750 X 450MM), 1251 (1800 X 800 X 450MM)

A rectangular bath with a 20mm narrow rim, symmetrical oval interior and a comfortable back profile.

From the makers of Bathroom Butler comes LIQUIDRed

Featuring inspired design, quality engineering and a unique wall mounting system that's probably stronger than your walls. And LIQUIDRed is so affordable that it will transform your bathroom without leaving you in the, er...red.

BATHROOM ACCESSORIES

The harder it tries not to get noticed, the more it does.

A number of features are getting the Bathroom Butler range of Heated Towel Rails talked about in bathrooms all over the world. Such as the different controller options of PTSelect switch and TDC Timer. The distinctive design and use of high-grade stainless steel. And the Dry Element Technology that facilitates rapid heating to provide hygienically dry bath towels all year round.

You don't use any old soap.
So why use any old soap rack?

A soap rack from Bathroom Butler is special for many reasons – not just because it's available in the latest rose gold finish. Part of a range of superbly crafted bathroom accessories, it sets new standards in the materials used, manufacture and design. Even its RIGID Loc mounting system has revolutionized how our accessories stay attached to the bathroom wall no matter what.

2610006 WHITE - 2610007 STAINLESS

Instant boiling water for tea, coffee, and cooking.
Size: 250 x 150 x 431. 12-15 cups at one time.
Concealed plumbing and electrical connections.

ZIP 5L HYDROBOIL

2610008 WHITE - 2610009 STAINLESS

Size: 318 x 150 x 460. 25-30 cups at one time. Concealed plumbing and electrical connections.

DLT LUXTUB WASHTROUGH

2560004

Stainless steel single bowl inset washtrough.
Size: 600l x 500w mm. 38mm waste fittings sold separately.

LDL LUXTUB WASHTROUGH

2560001

Stainless steel, wall mounted/drop-in washtrough. Size: 600l x 500w mm. 38mm waste fittings sold separately. Optional brackets.

SIRX WASHTROUGH

2560003

Stainless steel wall mounted/inset washtrough.
Size: 500l x 450w mm. 38mm waste fittings sold separately.

WASTE DISPOSER 0.75HP

1340005

Safely and hygienically dispose of food scraps in an instant. 3/4HP, 2700 RPM motor. Integrated air switch.

LARGO BUTLER BIN

1340004

Discrete area to store utensils and to dispose of food waste. Plumbed to rinse away excess waste. Pop up lid. Box size: 151 x 255mm. Bin size: 151 x 122mm.

INSET BIN

1340003

Sits neatly in the counter top. Food waste disposed of quickly and hygienically. Stainless steel lid and 12 litre synthetic bin.

SPAZI PLUMBING KITS

1120008 - 1120009 - 1120094

Space saving plumbing kits facilitate outlet connections. Fully adjustable. Available for single, double and triple bowl sinks.

INOX CRÈME

1120047

250g tube. Cleans, shines, polishes and revitalises stainless steel.

KWIKOT ELECTRIC WATER HEATERS

Kwikot 600 Dual and Superline Dual 400 high-pressure water heaters are manufactured from mild steel and thermo-fused porcelain, enameled for longevity and hygiene. The 600 Dual has a 5 year warranty on the inner tank and the Superline Dual 400 a 5 year, or optional 7 year, warranty on the inner tank. All have a 2 year warranty on the Safety Valve and Drain Cock and a 1 year warranty on the element and thermostat. All water heaters are renewable energy ready, for a solar retrofit or heat pump.

Kwikot electric water heaters can be installed horizontally or vertically and must be installed in compliance with SANS10254 Installations and Maintenance of Electrical Storage Water Heaters, an SABS approved pressure control valve, drip tray and vacuum breakers. All water heaters are IPX4 rated, meaning that they can be installed outside if need be. The maximum wall mount water heater capacity is 200 litres.

KWIKOT 600 DUAL SLIMLINE

Capacities (Litres)	50L	100L	150L
IPX Rating	4	4	4
Element Rating	2kW	2kW	3kW
Anodes	1	1	1

KWIKOT 600 DUAL STANDARD

Capacities (Litres)	100L	150L	200L	250L
IPX Rating	4	4	4	4
Element Rating	2kW	3kW	4kW	4kW
Anodes	1	1	1	2

SUPERLINE DUAL 400

Capacities (Litres)	100L	150L	200L
IPX Rating	4	4	4
Element Rating	2kW	3kW	4kW
Anodes	1	1	1

KWIKSOL DIRECT SYSTEM FOR FROST AND FROST FREE LOCATIONS (ALL AREAS)

This system comprises of a solar water heater installed with an array of vacuum tubes in a Close Coupled System (thermosyphon circulation method). The system is supplied with copper tubing, silicone inserts and thermal pipe lagging to connect the solar water heater to the manifold for the vacuum tubes. The water in the solar water heater circulates through the vacuum tube manifold.

KWIKSOL DIRECT SYSTEM ALL AREAS

50L-100-EF / 50L-150-EF / 50L-200-EL			
Capacity (Litres)	100L	150L	200L
No. Vacuum Tubes	12(1x12)	16(2x8)	20(2x10)

KWIKSOL DIRECT SYSTEM FOR FROST FREE LOCATIONS (COASTAL AREAS)

This system comprises of a solar water heater installed with a flat plate solar collector panel. The system can be installed as a Split System (pumped and thermosyphon circulation method) or as a Close Coupled System (thermosyphon circulation method). The water in the solar water heater circulates through the panel.

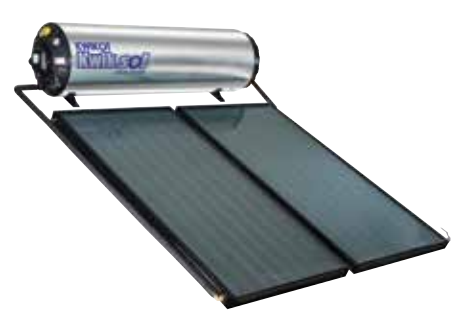

KWIKSOL DIRECT SYSTEM COASTAL

50L-150-DC / 50L-200-DC / 50L-300-DC			
Capacity (Litres)	150L	200L	300L
No. & Aperture Area	1x2m ²	1x2.5m ²	2x2m ²

KWIKSOL INDIRECT SYSTEM FOR FROST LOCATIONS (INLAND AREAS)

This system comprises of a solar water heater installed with a flat plate solar collector panel. The system can be installed as a Split System (pumped and thermosyphon circulation method) or as a Close Coupled System (thermosyphon circulation method). The water in the solar water heater does not circulate through the panel, but remains in the inner tank and is heated through a heat exchanger around the inner tank. A heat transfer fluid indirectly heats the water.

KWIKSOL INDIRECT SYSTEM INLAND

50L-150-IC / 50L-200-IC / 50L-300-IC			
Capacity (Litres)	150L	200L	300L
No. Vacuum Tubes	1x2m ²	1x2.5m ² or 2x2m ²	2x2m ²

KWIKOT DOMESTIC HEAT PUMPS

Kwikot Heat Pumps are one of the most efficient hot water heating systems available, as they utilise the solar heat stored in the surrounding environment. This free environment energy provides approximately 75% of the heat pump's heating energy and only approximately 25% of external energy is required in the form of electricity, to achieve an output of 100%.

HEATTECH

HEATTECH CLASS B GEYSERS

3680048 100L / 3680049 150L / 3680051 200L

Fully certified Class B energy rated geyser. 2mm thick steel inner casing. High pressure system at 600kPa or lower if needed. Renewable energy ready with additional port. High quality thermostat and copper element from Italy. 5 year warranty on inner tank.

HEATTECH TRENDLINE/HIGHLINE GEYSERS

TRENDLINE: 3680022 50L / 3680023 100L / 3690024 150L
HIGHLINE: 3680017 200L / 3690025 250L

2mm thick steel inner casing for peace-of-mind performance. High pressure system at 600kPa or lower if needed. Renewable energy ready with additional port. High quality thermostat and copper element from Italy. 5 year warranty on inner tank.

HEATTECH COMPACT GEYSERS

3100704 10L / 3100705 10L UNDER / 3100706 15L
3100707 15L UNDER / 3100708 30L

Point-of-use geysers great for water and energy saving. Italian made for quality and durability. Versatile installation with over and under basin option. Fast heating and retains heat longer with up to Class B energy efficiency. Easy to install and easy to maintain. 5 year warranty on inner tank.

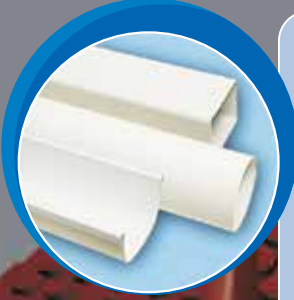

HEATTECH HEAT PUMPS

3685008 3.2KW / 3685009 5.0KW / 3685010 7.2KW

Save on energy with the newest and most energy efficient water heating technology available. Intelligent LCD screen controller giving you maximum control to suit your needs. Precisely engineered to deliver increased efficiency and reduced noise levels. 3 year warranty on the compressor. 2 year warranty on the water circulation pump.

RAINFLO GUTTER & DOWNPIPE SYSTEMS
SANS 11

- 0 4m or 6m Rainflo D-shaped gutter
- 1 Rainflo gutter bracket
- 2 Rainflo round outlet
- 3 Rainflo stop end
- 4 Rainflo expansion bracket
- 5 Rainflo offset bend
- 6 3m round downpipe
- 7 Rainflo round downpipe connector
- 8 Rainflo round holderbat
- 9 Rainflo round shoe

The Home of Beautiful Bathrooms and Kitchens

WARRANTIES & GUARANTEES

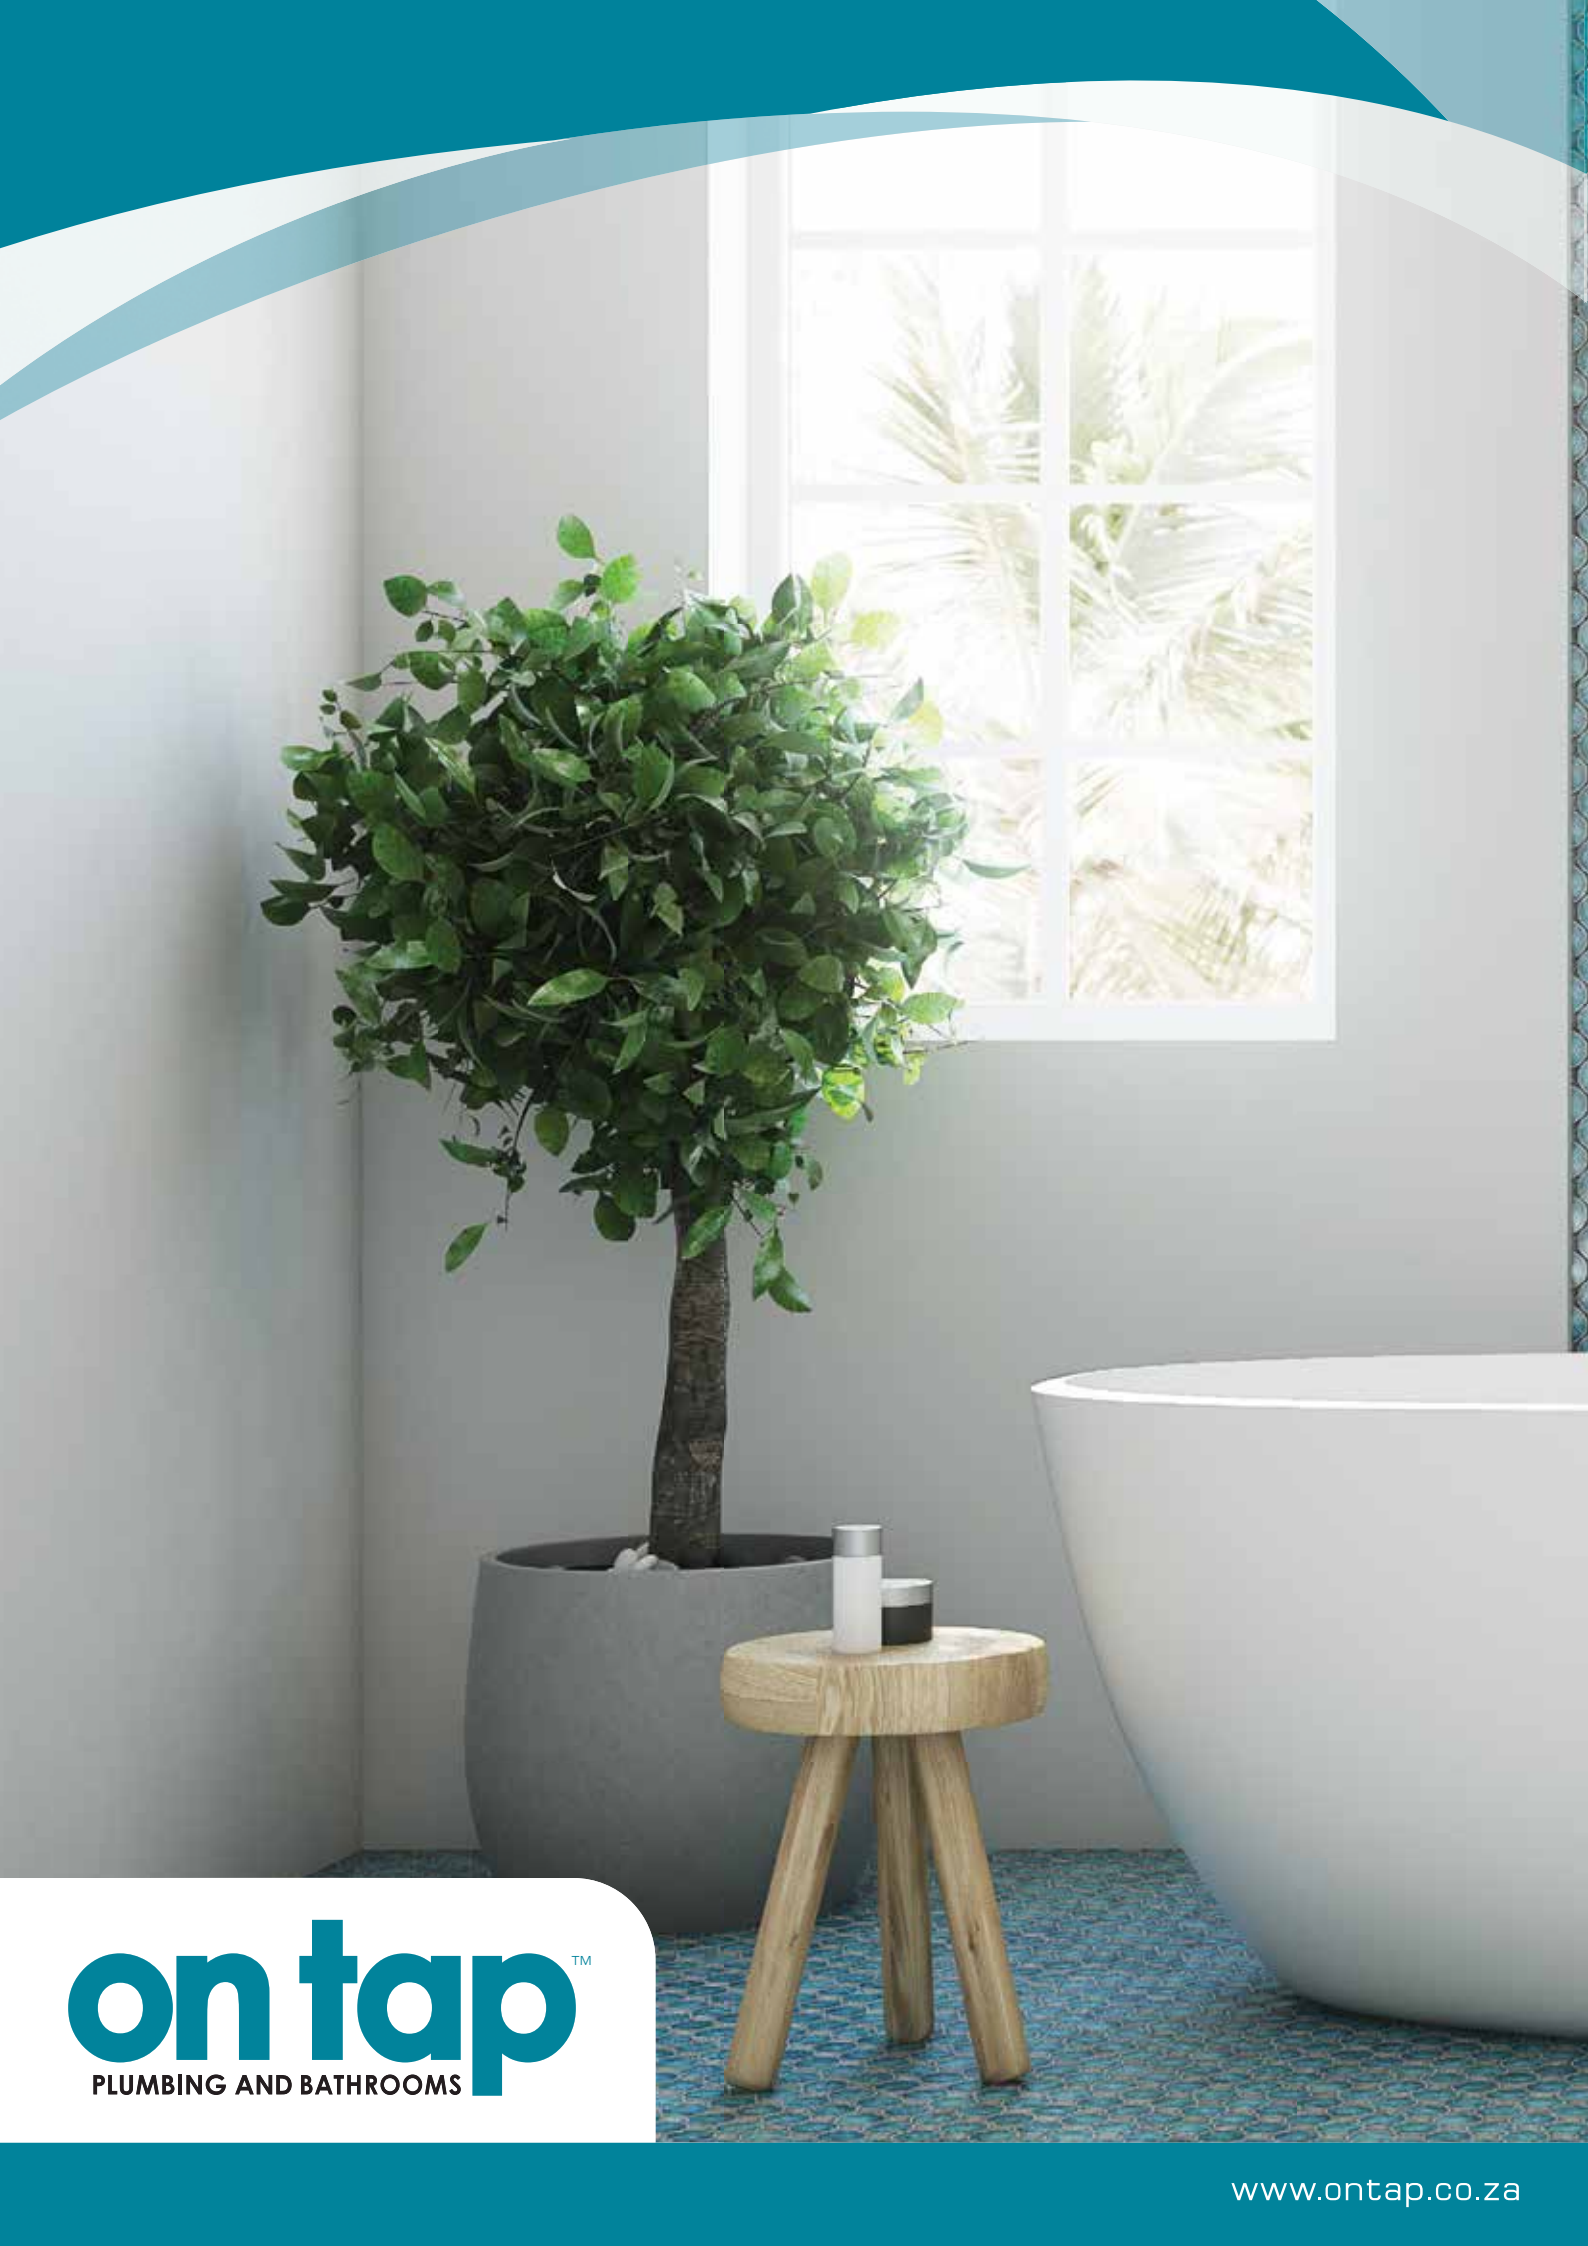

HANSGROHE	15 year warranty on taps and cartridges.
BLUTIDE	15 year guarantee against manufacturing faults. The guarantee excludes normal wear and tear.
COBRA	10 year warranty on taps and mixers, wastes, capillary and compression fittings. 3 year warranty on shower heads.
ISCA	10 year warranty on taps and mixers, wastes, capillary and compression fittings. 3 year warranty on shower heads.
FRANKE KITCHEN MIXERS	2 year warranty on mixer cartridges. 10 year warranty against manufacturing defects (body).
FRANKE SINKS	5 year warranty on Fraganite sinks. 25 year warranty against corrosion from date of purchase (except SA94 sinks). 2 year warranty against manufacturing defects (SA94 sinks only).
FRANKE HYDROBOILS AND HYDROTAPS	ZIP HydroBoils - 1 year against manufacturing defects. ZIP HydroTaps - 2 year against manufacturing defects.
HEAT TECH GEYSERS	5 year warranty on the inner cylinder. 2 year warranty on the TP valve and drain cock. 1 year warranty on the electric components. 1 year warranty on gaskets.
LECICO	1 year warranty on all mechanisms. 2 year warranty on all sets. 10 year warranty on all taps. 20 year warranty on all ceramics.
LIBRA	10 year warranty on all baths. 20 year warranty on baths with Amazonite coating.
KWIKOT ELECTRIC AND GAS GEYSERS	Kwikot 600 Dual - 5 year warranty on the inner cylinder/tank. Kwikot Superline 400 Dual - Optional 5 or 7 year warranty on the inner cylinder/tank. Kwikot Prisma Classique - 5 year warranty on the inner cylinder/tank. Kwikot Gasmate - 2 year warranty.
KWIKOT HEAT PUMPS	Kwikot Kwikpump Heat Pumps - 2 year warranty.
KWIKOT SOLAR SYSTEMS	Kwikot Kwiksol Solar Water Heating Systems - 5 year warranty on the inner tank, solar panels, manifold and vacuum tubes (tube breakages not covered).
KWIKOT BOILING WATER DISPENSERS	Kwikot Kwikboil - 1 year warranty.
KWIKOT PRESSURE CONTROL VALVES	Mono and Multi Valves - 2 year warranty.
BATHROOM BUTLER	10 year limited guarantee on stainless steel bathroom accessories with RIGID Loc mounting. 10 year limited guarantee on stainless steel.
LIQUIDRED	5 year warranty on bathroom accessories with Wonder-Mount.
GIO	3 year warranty on plumbing and accessories (excluding bathroom furniture).
VICTORIA & ALBERT	25 year guarantee on baths and basins. 2 year guarantee on waste kits.
CLEAR CUBE	1 year warranty against manufacturers defects (excludes cabinet water damage).

TERMS AND CONDITIONS:

Warranties and guarantees shall apply in the above-mentioned scope and are subject to prerequisites. These will only be effective as from the date of purchase, from a recognised stockist, and proof of purchase will be required. Supplier liability is limited to the repair or replacement of faulty products only (excludes installation) and will not cover consequential or subsequential damages. Wear and tear parts are all excluded from all warranties and guarantees.

NOTE:

The above Terms and Conditions are basic conditions from Suppliers. Please ensure that you check specific supplier and product warranties and guarantees at the time of purchase.
