SELECTION**

## QUALITY

From the first design sketch to the final product to after-sales services: Our customers can rely on our Made in Germany sense of perfectionism.

*"No.1 most trusted brand in the sanitary industry" –  
Wirtschaftswoche, 2017*

## TECHNOLOGY

We constantly drive innovation to enrich your everyday water experience, delivering smart solutions on the path of the digitization of water.

*"Top 50 companies to change the world" –  
Fortune Magazine, 2017*

## DESIGN

Our highly awarded design DNA's recipe for success is simple: Merging the contemporary and the timeless into products that feel like they were designed just for you.

*Over 400 design awards won since 2003*

## SUSTAINABILITY

Water is our passion. We care about every drop and our CSR commitment goes even beyond one element alone: We strive to protect all of our planet's resources for future generations.

*CSR Award winner of the German Government, 2017*

## GROHE SMARTCONTROL

SmartControl kitchen puts precise control at your fingertips. Instead of a lever you start and stop the water flow by pushing the button on the spray – great for those moments when you have your hands full as it can be operated just by your wrist or elbow. To control the flow just turn the valve, changing smoothly from an eco-flow to a powerful jet.

To adjust the water temperature, turn the valve at the body gently to the left or right. The pull-out spray head design gives you great flexibility, and with this feature available in three designs and 11 attractive finishes, the perfect model for your kitchen scheme is at your fingertips, too.

### MAGNETIC DOCKING

Thanks to powerful integrated magnets the pull-out spray head retracts easily and smoothly to the perfect position every time after use.

## TYPES OF SPOUTS

Our range of spout options let you combine comfort and convenience with great design flexibility. Our spouts come in a variety of heights, from a compact low spout for small spaces to a high spout perfect for filling pots, as well as in a choice of U-, C- or L-shape to perfectly suit your style. Need even more flexibility? Our spouts that swivel or feature pull-down spray heads offer extra reach, power and performance for busy kitchens.

## POWERFUL SPRAY FUNCTIONS

Get some power behind your daily tasks with GROHE's range of professional and pull-out sprays. Enjoy an increased operating radius for maximum convenience, and on many models you can also switch between two spray functions for even greater flexibility. The GROHE EasyDock function with glideflex hose ensures the spray docks smoothly back into position, and on some professional spray models GROHE EasyDock M uses a magnet to guide the spray head back into place effortlessly, every time. When your work is done enjoy the easy-clean advantage of GROHE's SpeedClean feature – available on all pull-out sprays with two spray functions – that lets you clean limescale from the head with a simple sweep of your finger.

### PROFESSIONAL SPRAY

Features a 360° spring arm and easy switching between the spray and mousseur.

# GROHE PVD

Made-to-last surfaces ranging from precious matt to shiny like a diamond. The special recipe to success lies in our long-lasting surface quality. GROHE uses state-of-the-art technology to deliver exceptional quality finishes.

The physical vapour deposition (PVD) process ensures that the surface composition is three times harder than chrome, delivering glistening gold or sophisticated stainless steel finishes. As well as being harder, the surface is also ten times more scratch resistant than chrome, so it can be cherished for a lifetime.

**GROHE StarLight Chrome**

**Chrome**

**Nickel**

**Brass**

**3 x MORE SURFACE HARDNESS THAN CHROME**  
**10 x MORE SCRATCH RESISTANCE THAN CHROME**

# GROHE QUICKFIX PLUS

## INSTALLATION IN A BREATH

The new GROHE QuickFix Plus technology brings a new era in terms of installation of kitchen faucets. The unique and not comparable GROHE QuickFix Plus system enables an ultrafast setting up without any tools! Up to 70 % less time consumption for the installation!

# GROHE BLUE HOME: WELCOME TO YOUR PRIVATE WATER SOURCE

When was the last time you truly tasted water? When you took a sip that left you thirsting for more? That's what happens after your first encounter with GROHE Blue Home: a beautiful and intelligent system that transforms simple water into pure thirst-quenching pleasure, and your kitchen into a meeting place for thirsty friends.

First the sheer elegance of the tap catches the eye. But when you take a look behind the scenes, you'll discover the secret of GROHE Blue Home: the cooler – and the reason why drinking water will never be the same again.

## GROHE OPENWATERHEATER

In kitchens that are a long way from the central hot water supply, small boilers directly under the sink are really common. In these specific cases a special kitchen mixer is required. Hot water can run immediately and this solution offers you the perfect flow in combination with open water heaters.

Available on following lines:  
Minta, Eurosmart Cosmopolitan

 (K7, Eurocube, Essence, Minta, Eurosmart)  
 not suitable for combination with open water heater

## GROHE FOOTCONTROL LIBERATES YOUR HANDS

GROHE FootControl taps can be turned on with a simple tap of your toe on the base unit to leave your hands free and your tap spotless. This new level of kitchen convenience makes it easier than ever to fill heavy pots and clean the dishes or your hands while also leaving the tap hygienic and germ-free.
