

Twist® Roller Blinds

Distinctive style with privacy and light control

Luxaflex®

Great products start with great design

We like easy. Easy style, easy to use, easy to live with, and easy to love. Which is why for over 60 years we've been continuously innovating our unique made to measure window treatments to ensure they demand attention for all the right reasons. Our Twist® Roller Blinds range is the perfect example. By gliding the solid and translucent bands of fabric over one another, you can create your perfect, precise level of sun control and privacy throughout the day. Enjoy the benefits of natural light without glare, manage the view in and out of your home and make a confident design statement in one.

A clever, contemporary style in an elegant, easy to use window treatment.

Add the right 'twist' to your home

The true beauty of fabrics takes center stage in our new collection giving you even more ways to create your perfect look.

TEXTURE & TONE

The distinctive style of our Twist® Roller Blinds shows off the luxurious shimmers, textured weaves and refined sheer fabrics to their best advantage. Create a bold contrast or a harmonious blend between stunning fabric textures and colours to get the look you love.

COLOUR & DESIGN

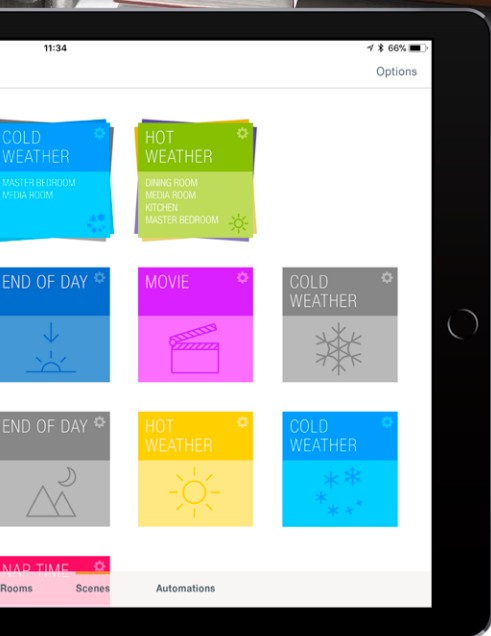

Encapsulating the latest trend colours through to classic neutral hues, our range of gorgeous colours has something to flatter every design taste and decorating palette. Earthy greens, pastel blues to pleasingly powerful pinks and mauve tones work especially well with our new designs.

A photograph of a dining table set for two, positioned in front of a large window covered with Luxaflex Twist ClearView roller blinds. The blinds have alternating solid dark grey and sheer light grey fabric bands. The table is a light-colored wood, and the chairs are upholstered in a muted green fabric. On the table, there is a glass bowl of olives, a small glass bowl of nuts, a glass of white wine, and plates with a modern geometric pattern. The scene is lit with soft, natural light from the window.

VIEWS TO THRILL

Our latest innovation, Luxaflex® Twist® ClearView™ Roller Blinds use gossamer-light sheers to ensure your view on the world is clear and sharp. The solid sections can be gently moved to overlap the ClearView™ sheer fabric bands, so that light and privacy can be varied as your needs and moods change.

DESIGNED WITH SAFETY IN MIND

We consider child safety a top priority. Making child safe products for homes is an integral part of our design philosophy. From endless chain to fully motorised systems, Luxaflex® offers many innovative lifting systems designed with safety, comfort and beauty in mind.

ENDLESS CHAIN

The endless chain operation comes as standard with Twist® Roller Blinds and is easy to use and meets EN child safety regulations for internal blinds. The endless chain is supplied with a child safety tension device that is secured to the wall.

At Luxaflex® our window treatments start with **great design**.
Light control, **energy efficiency**, and the convenience of **motorisation** are just some of the innovations that enhance the beauty of every room, every day – made to measure with a **five-year guarantee**.
