CEMENTITIOUS  
DECORATIVE SCREED  
FINISHES

Forming part of the **DECORiTe** range, the **iTe CEMOX** decorative screed finish system carries the **iTe** stamp of quality and reliability. From the bottom up, the system incorporates the latest European technologies, ensuring a super-flat, super-smooth, non-slip surface that carries the well-known **iTe** guarantee. Deriving from a powder form, the **CEMOX** decorative finish is custom made up per order and prepared for simple installation by accredited installers. Simple and effective, **iTe CEMOX** derives from the typical Beton Ciré effect, delivering a unique, urban and contemporary style.

**Italian Flair underpinned with German Engineering.**

*The application of **iTe CEMOX** involves a trained applicator's physical involvement in the process. As such, each **iTe CEMOX** application carries a personal touch that sets it apart from all others.*

*Your **iTe CEMOX** screed finish will be yours, and yours only.*

CEMENTITIOUS  
DECORATIVE SCREED  
FINISHES

With final visual effects originating from a hand-mixed powder pigment, the **iTe CEMOX** system offers four pigment base colours, with the final visual tonality of the chosen pigment being determined by the application of a primer that lightens the appearance of the finished pigment.
