THE CLOTHING BANK

Their new lives!

"My family and I lived on a half-loaf every day. Now, I am my own boss. I am debt free. I take care of myself and my children."

~ Nombulelo Magunya ~

"I was taking care of all my siblings. Life was very hard, without money. You taught me to run a business. Now I have a house, a car, and I help others who are unfortunate."

~ Nombulelo Magunya ~

## Giving a hand-up, not a hand-out, with The Clothing Bank

Linen Drawer has been a supporter of TCB since 2013. The vision of TCB is to equip unemployed South African mothers with the skills and resources they need to start small businesses. They learn how to buy and sell clothing (new and second-hand) as a way to eradicate poverty from their families - for good.

### How can customers get involved?

Initially, we collected our fabric waste for TCB, enabling unemployed seamstresses to put the percale and sateen off cuts to good use. When we moved to larger premises, we started a 'basket of preloved linens' that would be donated to TCB throughout the year.

Our shop customers can donate bed linens that have been replaced by newer purchases.

## PANTONE

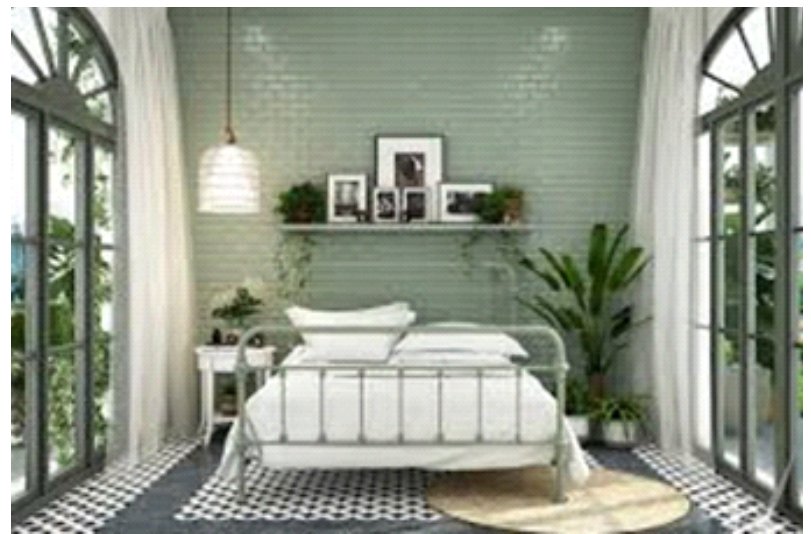

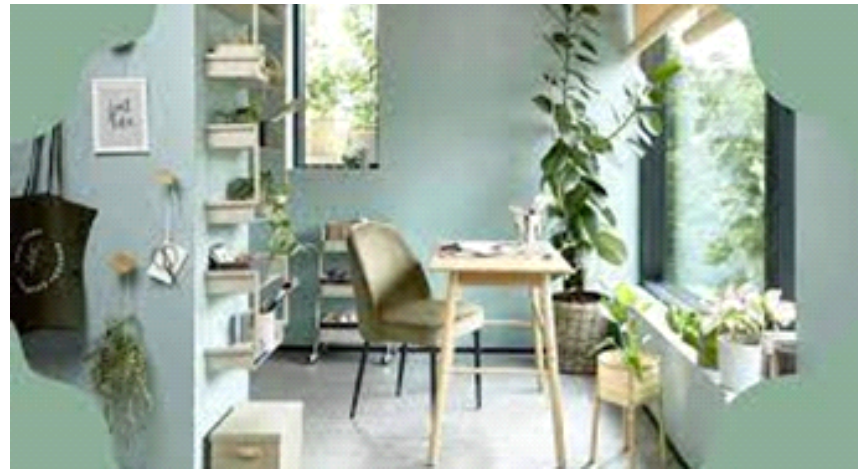

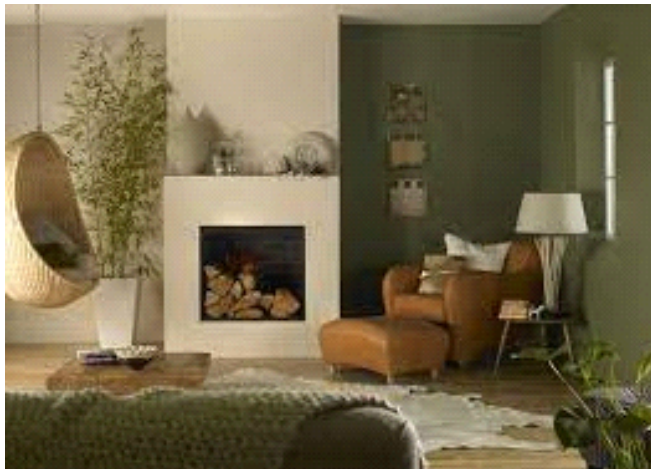

PLEASE NOTE THAT, DUE TO VARIATIONS AMONGST COMPUTER MONITORS, ACTUAL COLOURS MAY VARY FROM WHAT APPEARS ON YOUR SCREEN.

Colours from the NATURE palette are, to coin a pun, a natural choice when it comes to décor schemes!

The various shades work so well together that the temptation is to use them exclusively. However, they look wonderful paired with white, black or other anchoring shades.

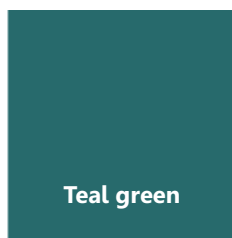

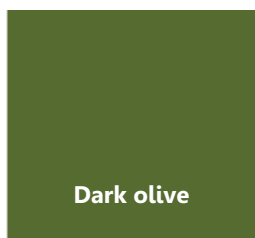

These wonderful colours can affect any mood you want to create. Pair them with black and the result is moody and superchic; whereas paired with white a fresh crisp look is achieved. They bring restfulness to any room as they soothe the eye and spirit.

# NURTURE NATURE

By using these colours that appear naturally in our surroundings we immerse ourselves in NATURE and rejoice in being part of the whole.

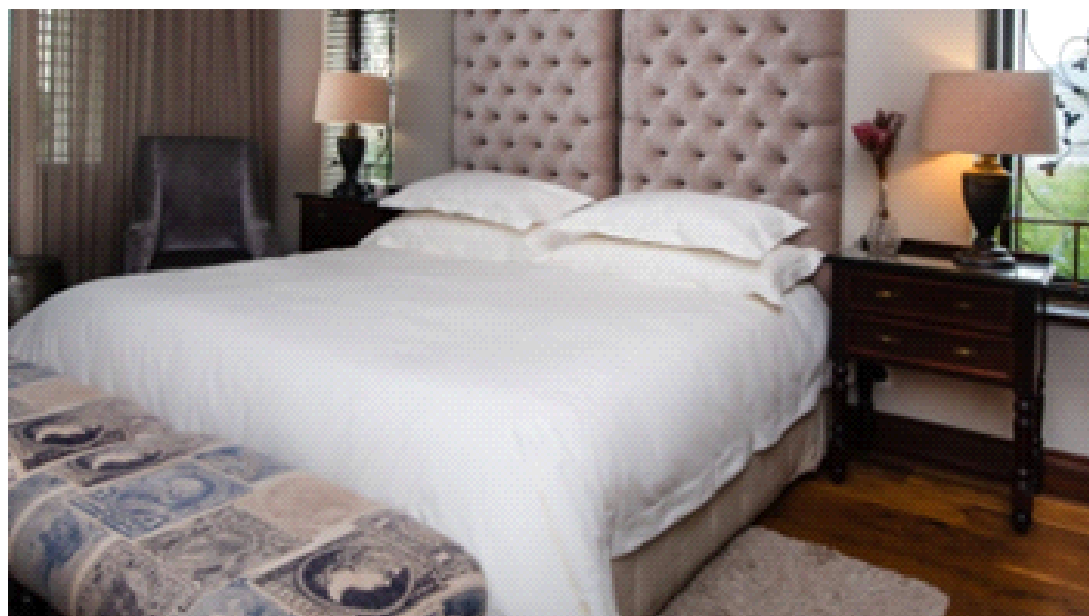

We are so lucky to be surrounded by beauty in South Africa. Each area is unique and splendid. No two places can be said to be alike, as endlessly varied and interesting vistas appear as you travel through the country.

Small touches of natural colours pay homage to our earth mother.

Everything matches and colours harmonise beautifully.  
The NATURE colour palette is effortless inspiration
