SONOS

Effortless listening

Sonos is the ultimate wireless home sound system: a whole-house WiFi network that fills your home with brilliant sound, room by room. Pair two speakers for stunningly detailed stereo sound. Build a surround sound system for immersive entertainment. Easily move the music all around your home and beyond.

Wirecutter

"A wireless speaker system is the easiest way to listen to music, podcasts and other audio entertainment in more than one room at a time, and we think Sonos is the best option."

WHAT HI-FI?

"No multiroom offering is as complete or as pleasurable to live with as Sonos."

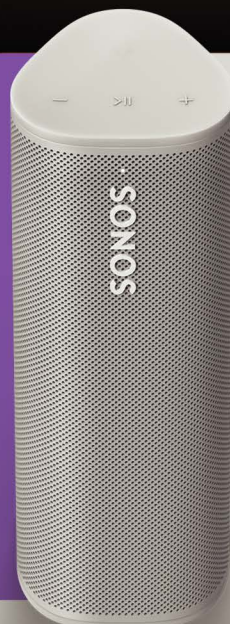

WIRED

"We've reviewed all of the company's wirelessly connectable speakers, from its small shelf speakers to its TV soundbars, and we've recommended every one of them."
