# How our trees are made

Our trees are handmade by our team of specialists. It's a 'family' secret but be assured you will love the results.

## Did you know?

Our tree trunks are made up of natural wood branches. By using specialised trunks, we achieve a life-like look and feel.

Available in three different colours. We can use a combination of these colours to create your own custom design.

# Standard vs Ornamental

You may be wondering what the differences between our ornamental and standard cherry blossom trees are, so here are some insights into what these are.

They are both available in pink and white and are fantastic additions to any home, office or retail space.

## Ornamental

1. Thicker trunk
2. Wider canopy
3. More blossoms
4. Can be custom made
5. Height options from 1.5m to 6.0m high

## Standard

1. Thinner tree
2. Upright tree
3. More cost-effective
4. Height options are 1.2m /1.5m /1.8m

# Portfolio of Work

## Standard

## Ornamental

## Custom built Ornamental

# Price List

The prices below are starting prices for the different heights and stay the same for each cherry blossom colour requested. If you would like a custom-made tree with a specific height and width, we will quote you accordingly.
