Distinctive Spaces

INSTAGREEN™ is an instant greening solution for both home owners and businesses.

The benefits include:

- UV stabilised - makes it suitable for indoors and outdoors
- Quick and easy to install
- Affordable
- Decorative
- Enhances a bland area
- Increases privacy by screening neighbours
- Hides unsightly walls or fences
- No waiting for it to grow
- No need to install expensive watering systems
- No associated damp-proofing requires
- No disruption from service teams
- Less of a security risk
- Drought resistant
- Maintenance free

Beautify a bland area

Hide an unsightly wall

Screen neighbours for privacy
