large seat**

Sliding tablet

Storage space
Space underneath side surface
for personal belongings

HIVE H.01

Small size work space with just a sliding tablet

One side open

HIVE couch

Shut out the world for a while

It's great teaming and working together. But sometimes you need some space to yourself – or just you and a colleague. Hive has what you need: a large comfy seat, multi-adjustable table, reading lamp, power outlets, lockable storage for your stuff...

Concentration meets inspiration

Okay, let's get this out there. Hive is not a desk. And it's certainly not a booth (hell no!). Think of it as your personal retreat amid the office buzz (with anti-noise materials to keep that buzz at bay). Hive is great for working and thinking on your own. Or with a colleague when set up side by side. Kind of cool, huh?

Double work space with one shared back wall and two side surfaces with lockable drawer

Two work spaces with one shared back wall and shared side surface

Happiness by design

The happier you are the more beautiful you become

It's time to lighten up a bit. No, check that, to lighten up a lot. Banish ugly and uncomfortable office chairs to the scrapheap of history. To replace them with beauty, comfort, brightness and joy. So we invented ChairClub: German design meets South African engineering and production. Boom! Beautiful chairs and big smiles.

German quality and style

First we asked award-winning German designer Stefan Brodbeck to create office chairs that would throw out the office-chair rulebook. Youthful, happy and no-compromises comfortable. He got it.

Proudly made in South Africa

Then we asked our team in South Africa - product development, manufacturing, marketing, logistics, quality control and many others - to build our chairs to the highest global standards. They do.
