DISTINCTIVE, COMPELLING & PURE RAW LUXURY

Artep is a multidisciplinary art & design studio based in Cape Town, under creative direction of Petra Maierhofer.

The body of work embraces a wide range of designs that prioritises simplicity in appearance and a deep appreciation for premium materials, along with traditional artisanal and handcrafted methods. The unique identity and creative vision are evident in custom-made pieces.

IT'S MORE THAN
DÉCOR, IT'S A LIFESTYLE.

Bold to minimalistic - our
design language is
intentionally universal and
unique.

ELEVATED BUT
CASUAL TO THE CORE.

Every design aims to convey a fundamental message through its sleek and refined silhouette, emphasising the natural beauty of materials and a harmonious presence within the space it occupies. The outcome is a thought-provoking blend of modern design and the expression of a truly individual experience.

Living Inspired Interiors - Tanya Solomon

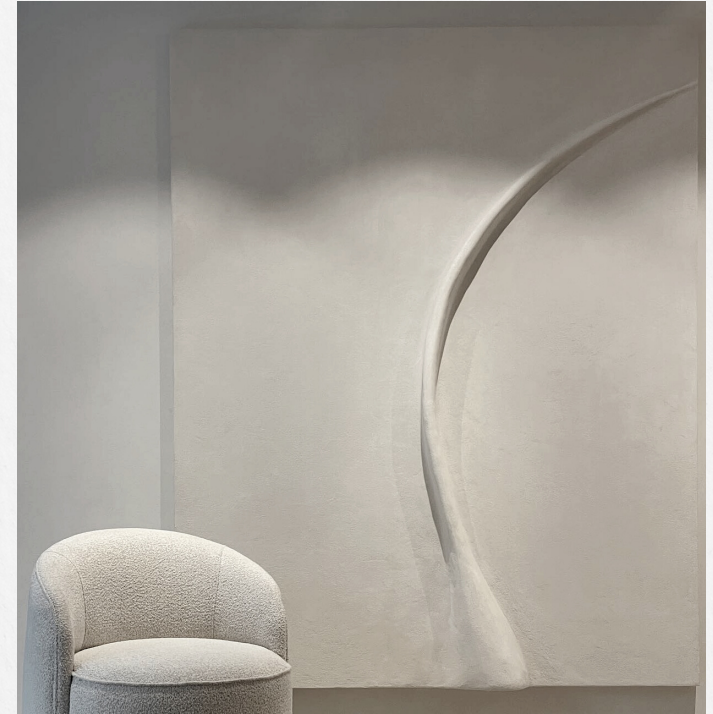

Great design and great relationships come from collaboration. We take pride in working closely with our clients to design something beautiful together.

Clifton Project - Karen Stanek Interior Design

At Artep Studio we create installation artwork custom designed for your specific project. We combine various styles and use dramatic scale changes to offer new interpretations of classic designs as well as new renditions from urban culture.

*The Sourcing Lab - Collaborative Design
Showroom & Materials Library*

*We cooperate with homeowners, interior
designers, architects and hospitality industry.*

Transforming your home or corporate environment is very simple: either choose from one of our existing designs, send us your ideas, or let us assist with a visual concept based on photos of your space.

Functional art in interior design combines practicality and artistic expression, transforming everyday objects into visually appealing and useful pieces that enhance the aesthetic value of a space.

These pieces can range from sculptural furniture with unique forms and materials that create dramatic visual effects, to extraordinary mirrors, decorative wall panels, headboards, or room dividers incorporating artistic patterns, or textures.

BEHIND THE BRAND

Artep Studio was established in 2020 by Austrian born Designer and Creative Director Petra Maierhofer. Her studio approaches each project by observing and investigating the cultural context of a space to understand its intrinsic character and materiality. Regardless of the scale of the project, there is an attention to detail in the delivery of a design concept, driven by personal commitment to Petra's professional practice.

The intention is to explore innovative paths by balancing contrasts such as classic and modern, industrial and organic, sculptural and simple, shading and light.

FLUIDITY AND MOVEMENT.

The studio's intuitive approach embodies designs that are uniquely influenced by elements found in architecture, practical needs, and a genuine curiosity in human behaviour. It is a concept and conviction in a slow aesthetic centered on quality, sustainability, and durability.
