The image displays four distinct pendant light fixtures from the PHENOMENA collection. On the left is the Capsule Pendant, a translucent green glass capsule. In the center is the Funnel Pendant, a grey glass funnel shape. Below it is the Small Ball Pendant, a translucent amber glass sphere. On the right is the Large Ball Pendant, a translucent pink glass sphere. All fixtures are suspended by thin black cables and feature a central cylindrical stem with a visible light source. The background is a dark, modern interior with a large window and a black metal coffee table in the foreground.
