

THE NATUZZI  
WAY TO  
*relax.*

NATUZZI  
EDITIONS

# WELCOME INTO A NEW WORLD: *yours.*

This collection was inspired by a dream shared by many: carving out a private space even in contexts of increased “sharing” such as those imposed by the situation we are experiencing. An oasis in which to retire and work in peace, enjoy a book, listen to music, or just take some time for yourself.

# A COLLECTION FOR PURE *relaxation.*

Heaven exists, in five different models. Five reclining armchairs that will transport you to another dimension, that of pure relaxation. A collection that brings together the work of our style center, the skilled hands of our master craftsmen, and over 60 years of unmatched experience and know-how.

Batticuore

Until

Istante

Levante

Angelica

# ITALIAN DESIGN. ITALIAN *soul.*

We're from Italy and we bring the true soul of Italy to the world. At the same time, we talk to the world and listen to it, reacting and adapting to different needs. In this collection we've put Italian design at the service of comfort - so you no longer have to choose one or the other. Together in harmony, these two factors make a difference you can see and judge for yourself.

# OUR IDEA OF *personalized* COMFORT.

With more than 100 colors, upholstery options in both leather and fabric, different sizes, these recliners allow everyone to express themselves through their homes and find customized comfort in our “tailored” products. Our motto, “Crafted for Humans”, is about precisely this: have our best, and have it your way.

# LEVANTE

With its new, refined design that hides the mechanism even when it is open, Levante combines elegance, great attention to detail and incomparable comfort.

Manual adjustable headrest

Dual power motion recliner

Smart touch buttons

Available in leather and fabric

Two different sizes: King and Queen

Rechargeable battery pack optional
