## // GET TO KNOW US

**Federale Stene (Pty) Ltd** was established in 1958 and has been a leader in the clay brick industry ever since. The company was acquired by the **Lutzkie Group of Companies** in 2006 and still proudly operates under the group until the present day.

GROUP OF COMPANIES

The company employs more than 200 people and is involved in various empowerment initiatives. Broad Based Black Economic empowerment (B-BBEE) is the cornerstone of our employment and business policies, creating an environment where the whole workforce benefits. We are currently a B-BBEE Level 3 contributor.

Our factory manufactures a wide range of genuine clay bricks including plaster, semi face, face and super bricks. All products are SABS Quality Approved and are manufactured in accordance with ISO Standards

**SABS**  
SANS 10400 XA

**SABS**  
SANS 204

**SABS**  
SANS 1575:2007

**SABS**  
SANS 227:2007

# // THE CLAY BRICK ASSOCIATION OF SA

**Federale Stene** is a proud Member of the **Clay Brick Association** and is represented by Johan Humphries (General Manager) on their board of Directors. The **Clay Brick Association of South Africa (CBA)** expands awareness, knowledge and support for clay brick masonry. Members of the CBA are committed to the production and supply of premium products to the building and construction industries, as well as end-users.

The CBA has recently partnered up with the **European Union** in support of the **Switch Africa Green Project** which is a three-year **Sustainability Initiative** for the building industry where the focal point is on promoting inclusive sustainable practices in the South African Clay brick sector. The project focuses on 1-3 sectors in the country with good opportunities for advancing green business and SCP practices.

The country-specific projects address the following cross-cutting themes that were identified as critical:

- Energy Efficiency
- Labeling and Standards
- Water Efficiency and Eco-Innovation
- Sustainable Trade
