BEING A RESPONSIBLE COMPANY

As a global brand in the bathroom and lighting categories, eco-consciousness is a major driver of Jaquar's operational ethos. From the choices we make during product design, to their production at a large scale, and even how our corporate offices function, being responsible towards the conservation of natural resources, and operating sustainably, is a key aim. And one that we are constantly working towards and progressing on.

Our effort has been to take a 360-degree approach segmented along three core areas:

ENERGY EFFICIENCY

- Green energy for manufacturing
- A complete range of energy-saving LED lighting solutions for Home, Commercial and Outdoor needs
- Generating over 2.59MW of solar power annually at our premises
- 'Net Positive' global headquarters (spread over 48,000 sq m), certified LEED Platinum by the USGBC

WATER EFFICIENCY

- A whole range of certified solutions that offer significantly lower water consumption without compromising performance - from Dual-flush systems and Air Showers, to Pressmatic and Sensor taps, Sensor Urinals, and Flow Restrictor products
- Recycling 100,000 litres of water every day at our LEED Platinum manufacturing unit
- Rainwater is harvested

ZERO WASTE

- Zero Liquid discharge plant
- Zero waste plant
- 100% metal recycling
- Operating with the aim of zero-waste manufacturing across our 8 units spread over 3,30,000 sq m
- Products that offer a long lifespan and are supported by an industry-leading 10-year warranty*

*On bathroom fixtures

ECO-CONSCIOUS.
PLANET-FRIENDLY.

AWARD-WINNING DESIGNERS

Jaquar group products are conceived by internationally-acclaimed designers and made to lead the evolution of bathrooms from functional rooms to inspiring spaces. Jaquar's approach to design, drawing from classical, modern, contemporary and fusion styles, has resulted in many recognitions, including the prestigious Red Dot and IF Design Awards, among others, which illustrate the global appeal of our portfolio.

MATTEO THUN & ANTONIO RODRIGUEZ

Simplified shapes characterize the Laguna collection. Warm colours and excellent material provide a wide range of combinations and result from an intense dialogue between Jaquar and the designers, blending a minimal design with direct functionality.

FEDERICO MERONI

"Arc takes inspiration from the classic Roman Arc which naturally was a point of reference at the beginning of our creative process."

CLAUDIA DANELON

"Tailwater takes inspiration from the natural world, embodied in a beautifully engineered piece of industrial design."

LISA BOSI

"Alive is the meeting point of two different geometries. A rectangular bathtub with smooth edges that make it softer."

PARICHAY MEHRA

"Linea is the epitome of minimalism - a biomorphic design that delivers a Zen-like waterfall flow into your palms; a perfectly serene stream from the half-cut-bamboo style taps."

MICHAEL FOLEY

"Tiaara is a perfect balance of handcrafted and machine made processes. Its segmented assemblies allow for ease of manufacture and access to refined hand polishing of every surface."

GLOBAL CERTIFICATIONS

Jaquar uses the most modern and advanced global technological processes. Its in-house R&D and testing laboratories comprehensively analyse each functional aspect of every product to ensure absolute quality. The result? Products that conform to not only the highest global standards, but are also capable of withstanding the rigours of tough usage conditions.

The Water Regulations Approval Scheme is an independent UK certification body for plumbing products and materials, helping businesses and consumers choose compliant products that keep water safe, clean, and efficient.

The Saudi Arabian Standards Organization (SASO) certificate is necessary to clear customs when exporting to Saudi Arabia. SASO CoC (Saudi Arabia Certificate of Conformity) certifies that the goods have been tested and inspected to meet the needs of the SASO standards.

The SABS product certification scheme for South Africa aims to guarantee the products' quality, safety, and reliability to the consumer. The presence of the SABS certification mark known as the SABS Mark on a product is an assurance of conformity to the specifications.

KC certification, or Korea Certification, is a product certification that ensures the conformity of products to Korean safety standards.

PZH certificates from the National Institute of Hygiene in Poland confirm that the products are safe for human health and environmentally friendly.

SONCAP Certificate (SC) is a mandatory document used by the Nigerian Customs Services for clearance of goods going to Nigeria.

IKRAM QA

IKRAM QA's Product Certification Scheme is based on the International Standard ISO/IEC 17065 for the testing of products and assessment of the quality system involving surveillance of the quality system.

The Mandatory Water Efficiency Labeling Scheme (WELS) is a product certification scheme by the Public Utilities Board (PUB). Under this scheme, the certified products are classified as water-efficient.

ISO 9001 is the internationally recognized standard for Quality Management System (QMS). Organizations use the certification to demonstrate their effective processes and effective people to deliver an effective product or service time after time.

With a DVGW (German Technical and Scientific Association for Gas and Water) certificate, product manufacturers, specialist companies, utilities, and experts can demonstrate to their customers and market partners that they comply with the state-of-the-art in their field of activities.

KIWA certificates and reports offer reliable, impartial, objective and internationally recognized evidence that an organization comply with all quality norms as per the European laws and regulations.

CE marking is a certification mark that indicates conformity with health, safety, and environmental protection standards for products sold within the European Economic Area (EEA).

ZNAK - B

ZNAK-B is a collective guarantee trademark. All the products with the ZNAK-B mark are safe, up-to-date, and environment-friendly.

TISI

TISI certificate is a quality certificate of goods issued by the Thai Industrial Standards Institute, which confirms that the products meet the regulated quality & safety standards.

FAUCETS & SANITARYWARE

FAUCETS

Jaquar faucets provide a great experience with their high quality performance. Jaquar's in-house, award winning design team is well integrated in its approach and helps produce over 125000 faucets per day. Our state-of-the-art manufacturing units are backed by a world-class testing lab. That's why Jaquar faucets conform to the highest quality and regulatory standards. Jaquar's passion for perfection reflects in the 10 years of warranty it extends on its faucets. The faucets comprise of more than 20 ranges to suit various design needs, besides a complete range of faucets with single-lever, quarter turn and multi-turn operations.

Soft Water Flow

Advanced Water
Saving Flow Regulator

Aerators

- Devices that mix air with water to give a soft and splash-free flow.
- Our integrated honeycomb-structured aerator, provides lime build-up protection
- Integrated anti-clogging dome screen of the aerator filters sediments and dust particles

Higher Longevity

Operates Smoothly

Optimum Flow
and Temperature

Cartridges

- The heart of every tap, the cartridge is responsible for controlling water supply.
- Jaquar cartridges are half a million cycle tested to give a longer and trouble free operating life of up to 20 years (considering 60-70 operations per day)
- Wide angle of lever provides extra comfort and flawless, smooth operation
- Our cartridge spindle is made of brass instead of plastic, to avoid breakage
- Works smoothly even at high temperatures (85 degrees) and in various pressure conditions (0.5-5 bar)
- Recognised and approved by national bodies NSF-USA, ASME-USA, WRAS-UK, ACS-FRANCE

Higher Durability
(0.3µ Chrome + 10µ Nickel)

Chrome Finish

- Upper shiny protection layer provides a mirror finish to every tap.
- High plating thickness (Nickel: 10 microns and Chrome: 0.3 microns) provides tolerance to extreme climate and water conditions
- 450+ hours of salt spray test ensures our finishes are highly durable and corrosion resistant for a much longer time.

*Unmatched
Warranty

Jaquar's range of products are so precision-engineered and made to such exacting quality standards that they come with a 10 Year Warranty. Offering customers complete peace of mind.

Jaquar Care

Armed with a large service network of trained personnel who offer on-site plumbing guidelines and preventive maintenance services besides regular check-ups, Jaquar ensures uninterrupted bathing pleasure.

*T&C Apply

SANITARYWARE

Jaquar sanitaryware provides you with a wide range of designs and features to enhance your bathroom décor perfectly. Our wide range of Washbasins, offering Wall Hung, Over Counter, Under Counter and Counter-top installations are well coordinated with Jaquar's exquisite range of taps. Moreover, our water closets with single piece, coupled with wall mounted options, fit into your coordinated design and installation parameters perfectly. They are user-friendly, as well as two push-button activated dual-flush technology provides you the choice of using 3 ltr or 6 ltr flush options.

Features

Anti-Germ Glazing

Anti-Bacterial Glaze is an additional Fluoro-Polymer in glaze. It is applied on Jaquar WCs and Wash Basins through a special process and provides the following benefits:

- It forms a strong hydrophobic shield which prevents the build-up of bacteria and germs
- Ideal for India's humid weather conditions
- Renders the surface durable and highly repellent to dirt, oils and liquids
- Facilitates easy removal of hard water deposits

Clean and Odour-free WCs

The interior portion of the traps of water closets are glazed

- Ensures the trap does not collect dirt or give out odour
- Prevents dirt from sticking inside the trap
- Facilitates easy flushing and waste removal
- Ensures clean and odour-free bathroom

Soft Closing Detachable UF Seat Cover

Load bearing capacity of over 150 kg (seat cover and bushes) • Shape and texture of the seats unaffected by temperature variations • Does not absorb room temperature therefore, the seats are neither too hot nor too cold to touch • Surface is resistant to stains and strong dyes • Does not deform or peel-off with use • Special buffer oil is used in the hinges for lasting functionality • Soft-close action to eliminate noise of falling of the cover • This is guaranteed for 5 years • Adjustable speed of falling of the cover within a range of 1 to 15 seconds that lead to silent operations

Stringent quality parameters

Load Bearing Test of 400 kg for WC & 150 kg for WB • Autoclave Test for Craze Resistance

- Chemical Resistance Test to negate the possibility of stains
- Spectro Photometer Test for colour stability
- Flushing Tests: (a) 100 Ball Test (b) Ink Test

After Sales Service

Large service network for complete peace of mind.

Uniform Standard

Uniform grades of products available for retail and projects.
No differentiation in terms of product quality, design and colour.

Rimless WC

Innovative, hygienic design that makes flushing efficient and cleaning effortless.

10 Years Warranty

Blind Installation

Design that adds to the aesthetics of the WC.
No side windows for installation. More hygienic and clean.

Tornado Flushing

Silent Flushing. Cleans entire toilet rim and bowl more effectively, reducing water consumption.

LAGUNA

An Iconic Form With Timeless Simplicity

Designed by
MATTEO THUN & ANTONIO RODRIGUEZ

“The complexity of simplicity”, as Matteo Thun defines it, is the search for a design solution. Enduring simplicity of form, in a cohesive collection of materials, colour and combinations that create wonderful opportunities for magnificently finished spaces.

THE MOODS OF LAGUNA

URBAN OASIS

Urban Oasis is all about high-end simplicity, elegance and sophistication.

LUXURY ALLURE

Luxury Allure brings together fine textures, and the tactile pleasures of quality materials.

COLOUR CHARISMA

Colour Charisma brings a fresh breeze of Mediterranean flair to the bathroom.

WOOD HAVEN

Wood Haven creates harmony through subtle, natural material combinations.

If you wish to place orders for the different colour finishes of this range shown above, just replace the colour code in the middle of the product code with the colour code of your choice. For instance, in the product code LAG-CHR-91005B, 'CHR' notes Chrome Finish. If you wish to order the same product in Black Chrome, replace 'CHR' with 'BCH'. Thus the product code will be LAG-BCH-91005B.

Note: The finishes depicted here are only indicative and may differ from that on the actual product.

ARC

Controlled Fluidity, Smooth Architecture
And Balanced Proportions

THE DESIGN LANGUAGE OF ARC

Designed by
FEDERICO MERONI

"In architecture, you find this in the classic Roman Arc, which, naturally, was a point of reference at the beginning of our creative process."

The simplicity of the Arc combined with the complexity of a morphing section. One volume that play with the reassurance of a familiar geometry and the surprise of the water which, very naturally, in your hands.

INSPIRATION AND SKETCHES

The Arc collection of bathroom products draws inspiration from modern sculpture and the craftsmanship and precise detailing of fine silverware. It is a design that expresses an appreciation for form, function, subtlety of texture and quality of materials.

If you wish to place orders for the different colour finishes of this range shown above, just replace the colour code in the middle of the product code with the colour code of your choice. For instance, in the product code ARC-CHR-87011B, 'CHR' notes Chrome Finish. If you wish to order the same product in Gold Dust finish, replace 'CHR' with 'GDS'. Thus the product code will be ARC-GDS-87011B.

The finishes depicted here are only indicative and may differ from that on the actual product.

If you wish to place orders for the different colour finishes of this range shown above, just replace the colour code in the middle of the product code with the colour code of your choice. For instance, in the product code OPP-CHR-15011BPM, 'CHR' connotes Chrome Finish. If you wish to order the same product in Gold Dust finish, replace 'CHR' with 'GDS'. Thus the product code will be OPP-GDS-15011BPM.

The finishes depicted here are only indicative and may differ from that on the actual product.

If you wish to place orders for the different colour finishes of this range shown above, just replace the colour code in the middle of the product code with the colour code of your choice. For instance, in the product code ORP-CHR-10011BPM, 'CHR' connotes Chrome Finish. If you wish to order the same product in Gold Dust finish, replace 'CHR' with 'GDS'. Thus the product code will be ORP-GDS-10011BPM.

The finishes depicted here are only indicative and may differ from that on the actual product.

If you wish to place orders for the different colour finishes of this range shown above, just replace the colour code in the middle of the product code with the colour code of your choice. For instance, in the product code ALI-CHR-85011B, 'CHR' connotes Chrome Finish. If you wish to order the same product in Gold Dust finish, replace 'CHR' with 'GDS'. Thus the product code will be ALI-GDS-85011B.

The finishes depicted here are only indicative and may differ from that on the actual product.

QUEEN'S PRIME

Regal Elegance Of The Victorian Era

A MAJESTIC LEGACY

Designed to evoke the regal elegance of the Victorian era, the original form of the Queen's range has now been updated for the modern era with graceful lines and a sleek, slender, updated silhouette.

HAMPTON

"Bridge the past and the present with a lighter palette of wood and pastels, along with crafted embellishments."

BALMORAL

"Fusing softer colours and harder surfaces, this bathroom achieves a fine balance of materials and textures."

BUCKINGHAM

"Infuse timelessness with stately greys, classic browns and the inclusion of nature's green touch."

WINDSOR

"Classy, contemporary, clean lines combine with the muted natural tones of tender leaves and young stems."

OSBORNE

"The purity of white and geometric patterns come together to complement the femininity of Queen's Prime."

If you wish to place orders for the different colour finishes of this range shown above, just replace the colour code in the middle of the product code with the colour code of your choice. For instance, in the product code QQT-CHR-7011, 'CHR' connotes Chrome Finish. If you wish to order the same product in Gold Dust finish, replace 'CHR' with 'GDS'. Thus the product code will be QQT-GDS-7011.

The finishes depicted here are only indicative and may differ from that on the actual product.

CONTINENTAL PRIME

Elegance At Its Best

NOW PRIMED TO BE THE PILLAR OF MODERN BATH DESIGN

Designed by

MICHAEL FOLEY

Pillars are unique in being both decorative and structural.

The 21st-century update of Jaquar's bestselling Continental collection takes inspiration from the timeless appeal and eternal solidity of India's ancient pillars.

FLUSHING SYSTEMS

FLUSHING SYSTEMS

In order to bring you the latest and the most advanced bath products, Jaquar, a complete bathroom solutions provider, presents a design revolution—the superbly designed high quality Flush Plates. Besides modern designs that offer a sleek look to bath spaces and outstanding features like water - saving, easy access maintenance and anti-condensation, Jaquar Concealed Cisterns ensure that your bathrooms look spacious, clean and hygienic at all times.

Advantages

Saves Water: Impressive Dual Flush with a provision of 3/6 Ltr flush (Can be adjusted to 2/4 Ltrs)

Less Noise: Technically advanced, silent flush valve and fast-filling hydraulic float valve minimises the flushing sound during usage

Perfect Pan Cleaning: Heavy and even water discharge during every flush at every water pressure

No Damage from Condensation: Has anti-condensation lining wrapping the tank and supply bend to protect damage from masonry condensation

Easy to install and maintain: Jaquar's floor standing frames with concealed cisterns not only provide the benefits of easy, quick and perfect installation but also allow you to choose contemporary wall mounted sanitaryware of your choice for the bathroom.

Features

Easy Installation: Easy and hassle free installation as no chiselling of the wall is required

Load Bearing Capacity: Wall hung WC can be bolted simply and securely to the frame, which can take a load of up to 400 kg

Wide Compatibility of WC: Accommodates different types of wall hung WCs as holes are provided at different heights

Perfect Easy Alignment: Fixed inlet and outlet distance (135 mm from centre to centre) means perfect installation of WC, and pre-defined space for cistern results in perfect flushing every time

Adjustable Height: Adjustable legs (0-200 mm) to allow for variation in heights of WC, as required

If you wish to place orders for the different colour finishes of this range shown above, just replace the colour code in the middle of the product code with the colour code of your choice. For instance, in the product code JCP-CHR-912415, 'CHR' connotes Chrome Finish. If you wish to order the same product in Gold Dust finish, replace 'CHR' with 'GDS'. Thus the product code will be JCP-GDS-912415.

The finishes depicted here are only indicative and may differ from that on the actual product.

i-FLUSH

i-FLUSH

Installed directly in the pipeline, the i-Flush concealed flushing mechanism has multiple aesthetic and design advantages. It also provides a more appropriate mechanism of flushing, using the available water pressure to create better siphoning at the trap and superior clearing of waste.

i-Flush advantages

- Repeated flushing is possible, whereas concealed cisterns will definitely take time to fill up after flushing once
- i-Flush 32 mm can work efficiently at even low pressure (minimum 0.8 bar dynamics)
- Less noise in flushing
- Dual flush - Saves water, a green product
- Easy maintenance, control stop valve can be closed with the help of a T-type key provided along with the product
- Access to control cartridge by removing front actuation plate hence easy accessibility for maintenance

— SHOWERS

SHOWERS

Jaquar showers are designed to deliver a range of experiences, and let you have a shower of your choice every time. Our overhead, hand and body showers complement a wide range of shower systems, catering to your unique showering habits, design and installation requirements.

Our advanced showers are designed to deliver great precision and consistent water distribution to each individual nozzle. Jaquar showers give you a choice of up to 5 different flows matching your mood. Whichever flow you choose, you will be assured of an ultimate experience every time.

Features

Advanced Rubit Technology

A feature that keeps showers clean and increases their longevity. Since the spray jets on the showers are made from elastic silicone, they ensure that no limescale deposits stick to the shower face. Even if they do, they can be easily rubbed off by hand or flannel.

Click Position System

All Jaquar multi-functional showers feature the convenient click mechanism. You can feel and hear the click while changing the function of the shower sprays.

Jaquar Booster Technology

Jaquar Booster Technology creates the sensation of a full shower regardless of the water pressure.

Thermo Insulation

Jaquar's insulated shower systems prevent scalding by not heating up the shower body.

HYDROLITE SHOWERS

A light emitting shower which transforms the stream of water into a beautiful waterfall of light.

- Powerful electric energy for LED, which is generated by waterpower. Does not require any battery or electrical power supply.
- The sensitive shower light changes its colour with change in temperature.
 - Water glows Red when temperature is above 42°C
 - Water glows Purple when temperature is between 32-42°C
 - Water glows Blue when temperature is less than 32°C
- Immersing your body in a heavenly rain, experience nature's downpour.

WELLNESS

Stimulating Invigorating Restorative
Welcome To The Rejuvenation Zone

WHIRLPOOLS

Jaquar proudly presents its own range of whirlpools. Created by specialist designers from Europe and made in Jaquar's state-of-the-art manufacturing facilities. Jaquar whirlpools bring wellness into your home with great style and panache. Their jets project water in a flowing, circular motion, which offers a wide array of health benefits, including relaxation, improved blood circulation and sore muscle and joint relief. Whatever you desire, whether hot or cold water massages, long relaxing soaks or even chromotherapy, a Jaquar whirlpool gives you all these and more. Easy to use functions flawlessly switch water modes for your benefit.

Hydromassage

A gentle jet stream massage bath that stimulates from the surface of the skin onwards. The deep tissue massage stimulates blood vessels and nerve endings and relaxes your body's entire muscular system.

Air Massage

An infinite number of air bubbles provide a caressing sensation on the skin and allow the water's soothing warmth to penetrate deeper into the body's tissue. This sensational feeling, akin to weightlessness, is accompanied by a deep experience of healing warmth

Chromotherapy

The use of various coloured lights offers additional therapeutic benefits when used in conjunction with the whirlpool's massage. These include:

Green: has harmonious effects on the digestive system.

Yellow: radiates sun-like warmth on the body.

Blue: is calming and soothing and lets you float away into your dreams.

Red: infuses energy and vitality, giving lost strength to the entire system.

Features

The unbeatable product features are:

- Brilliant surface of acrylic
- Antibac® hygienic surface
- Increased chemical resistance
- High break strength
- Long life
- Excellent design possibilities
- Easyglide® layer
- Low specific weight
- Recyclable
- Repairable

BATHTUB LAYERS

Special transparent acrylic top layer has a high chemical resistance to: cleaning agents, perfumed foams, household detergents, body care products. It prevents surface defects, crazing/cracking, decolouration and colour fading

Special polymer for better mechanical resistance to impact and the temperature

Polyurethane layer is recyclable and usable ecological material with high insulation that retains the temperature for a longer period than FRP

Safety Vacuum Breaker

This is one of the important safety features installed in Jaquar whirlpools. In case of blockage in the suction point the motor switches off automatically.

No Bacteria Formation

Fresh water everytime. The water pipes connect via Y-shaped housings, creating a bow which ensures the complete drainage of water. Unpleasant odours and, even worse, bacteria are thus avoided.

Environment Friendly

The pipes are made from special Food Grade PVC. These pipes have an anti bacterial coating on the inner side so that even if some drops of water stay behind after the tub is drained, there won't be any bacteria formation in the water droplets.

3 Tier Test

Each and every Jaquar whirlpool goes through a functional test with hot water after which it is tested on a European test machine for earthing resistance, insulation test and a high voltage test.

Easy To Use

The electronic keypad control activates all the hydromassage functions, to regulate airpool intensity. All electronic parts can be installed and removed on site, thus making after-sales, what it should ideally be - a service !

Water Jets

The effectiveness of the hydromassage is enhanced by the water flow which can be adjusted in intensity and direction to suit personal needs, in order to gently massage delicate areas.

Airpool Jet

The airpool jets provide a gentle and delicate massage on your spine, which increases the sensation of warmth in the body and has beneficial effects on the back. The air bubbles open the insulation layer by oxygenating the body.

PMMA Sheet

Jaquar whirlpools are made of the highest grade of PMMA acrylic sheets.

Air Suction Valve

To enable suction of atmospheric air, and distribute it to each and every water jet to boost the jet pressure.

FREESTANDING BATHTUBS

Bathtubs are far more than just bathing. They can be an oasis of peace and calm. Jaquar's freestanding bathtubs set the mood perfectly for those precious moments of relaxation with their beautiful lines and curves, which invites you to step in and indulge yourself at the end of a long day. For those who have the luxury of space in their bathroom, a chic, freestanding Jaquar bathtub placed away from the walls makes a stunning statement of style and class.

BUILT-IN BATHTUBS

The more common and practical choice in bathtubs, the built-in or 'drop-in' bathtub is preferred wherever space is at a premium. Because they are placed adjacent to a wall and tucked away, built-in bathtubs are space-economical and can also offer additional storage on the surrounding ledges or the walls next to them. Perfect for placing aromatic candles while you soak in the bubble bath and unwind!

SPAS

Spas are a wonderful way to relax and restore equilibrium. Jaquar's spa models are technological marvels whose 'well-being circuits' comprise of various seats and a common footrest in the centre. Each seat is strategically fitted with different types of massage jets in various positions, oriented to massage different parts of the body. By moving from one seat to the other, one can enjoy a complete and satisfying massage that stimulates and relaxes all parts of the body. Cushioned headrests, ergonomic seats and a host of high performance features make this the ultimate home spa experience.

Features:

Touch Control Panel

- Next generation of touchscreen panel made by BALBOA in trapezoid shape
- Modern technology combined with high quality, impact resistant materials
- Responsive, colour touch screen
- Looks and feels like a glass display
- Impervious to water splashes or contamination.
- Simpler, more intuitive navigation

The Aquapure Clean Water System

This system makes safe, clean and clear water easy and affordable. With the Aquapure ozone generator for advanced water clarification and the Aquapure UV steriliser for removing water borne microbes.

Cabinet

- High density polystyrene cabinet
- Looks like wood, eco friendly
- Water Proof
- Weather Proof

Bio-Lok® Microbe Shield

In addition to Aristech Acrylics® excellent gloss and colour retention, our Bio-Lok® surfaces are naturally impervious to microbes, without the need for added chemicals.

Aristech Acrylic

Isn't it nice to know that your Jaquar Spa is made out of the best acrylic available. Rest easy knowing your spa's acrylic is manufactured to handle weather extremes.

The Shell. Matters Most.

Jaquar Spas use Aristech Acrylic shell with High Density PU Insulation foam, a process not found in most other spas. This process includes the curing of the shell in a temperature and humidity-controlled oven.

TOP LAYER: ARISTIC ACRYLIC

SECOND: GLASS FIBRE WITH RESIN

THIRD: HIGH DENSITY PU INSULATION FOAM

Hydro Flow Bearing-less Jets

Jaquar Spas made in ABS with Chrome finish, come with a 5 year jet warranty. Our Hydro flow jets are designed to provide the ultimate water massage experience. The options are extremely reliable even under heavy use thanks to Jaquar's premium quality.

Spa-bottom Drain & Valve

Built-in spa drain and release valve offers ultimate comfort and ease of operation for the user and during maintenance.

Jet Pressure Control

Conveniently located to be adjusted while you are in the spa, our jet pressure controllers allow you to 'dial up' your desired jet intensity so you can maximise relaxation and hydrotherapy.

SAUNAS

A Sauna is a bathhouse or room, usually made of wood, which uses dry heat to induce perspiration, with steam being produced by pouring water on heated stones. Perspiration or sweating is one of the main ways our bodies get rid of the traces of hundreds of toxins that accumulate inside us from pesticides, drugs and manmade chemicals. 15 minutes in a Jaquar sauna can help us sweat as much as we might otherwise do over an entire day or more. And the benefits of this aid in many medical conditions.

SHOWER PANELS

Jaquar's Shower Panels make showering much more convenient, since they can offer all the capability of a shower stall, even in a small bathroom. Body shower jets, hand showers, a convenient shelf for your shampoo and shower gel, and of course an overhead rain shower. Easy to install, Jaquar Shower Panels are a great way to increase the functionality of your existing shower area, as they can fit neatly on to the wall via their wall bars.

Our warranty does not cover certain product consumables like batteries or fragile items like glass

MAINTENANCE GUIDELINES FOR JAQUAR PRODUCT

Kindly follow the guidelines mentioned below to give you the best results and to maintain the finishes and longevity of the product.

- Clean the product with water-soaked soft towel or bathing soap solution once in a day or two to keep the plated surface clean and free from any deposits.
- Don't use any type of cleaning/detergent agents which contain acids or chemicals such as flush cleaner, tile cleaner etc.
- Don't use salt or vinegar-based cleaning agents to remove scale or scale-related stains. They may damage the surface or finish of products.
- Special color combination products should not be rubbed by Emery paper/cleaning powder. This can cause abrasion.

You need to protect your product from:

1. **Water Scaling:** Due to presence of minerals and salt in water, scaling is formed on the product if it is not cleaned regularly. The products should be cleaned gently at regular intervals. Also, take extra care to clean the edges and corners of the products because these areas are more vulnerable for scale settling. Clean the aerators from time to time for a perfect foam flow of water from the fittings. The property of water being used is very important for your plumbing installations (Pipes etc.), as well as for your own hygiene. The hardness of water should not exceed 300 400ppm.
2. **Acid Fumes:** When we clean the tiles or floors in the bathroom with cleaning agents which contain acids or chemicals, acid fumes are formed. Because the basic material used in the products is brass, brass being an alloy of copper reacts with these acid fumes. With this reaction, a green colour layer is formed on the products resulting in damage to the outer finish or coating.
3. **Scratching while cleaning:** Scratching or scrubbing occurs due to hard nature of cloth or coarse cleaning powder being used for cleaning. Use a gentle fluffy soft cloth for cleaning the surface.
4. **Atmospheric conditions:** This condition applies mostly to salt content in the air in coastal areas, sometime the air reacts with brass and black spots emerge on the surface of product. Therefore, the product is required to be cleaned regularly. At the time of installation of these products, cover the products with the cloth covers provided in packaging or with polythene till the time you actually start using them.

CARE AND CLEANING GUIDELINES FOR SANITARYWARE PRODUCTS

Vitreous china sanitaryware products are fragile in nature and need to be handled with care (to avoid personal injury) at all times during its storage, handling, installation and use thereafter.

- > The wash basin and water closet are heavy and it is recommended that two persons hold it while it is being fixed.
- > Carefully inspect the new product for damage before installation.
- > Risk of product damage. Over tightening may cause breakage or chipping of vitreous china.
- > Risk of external leakage. Do not lift or rock the bowl after placement.
- Always test product cleaning solution on an inconspicuous area on the product before applying it to the entire surface.
- Do not allow cleaners to sit or soak on the product.
- Use a soft, dampened sponge or cloth to clean. Never use abrasive material like a bristle brush or scouring pad.
- Wipe surfaces clean and rinse completely with water immediately after applying cleaners.

WARRANTY TERMS & CONDITIONS:

1. Warranty is offered by Jaquar & Company Pvt. Ltd (hereinafter referred as company) as warranty on all its products as per warranty period ONSITE. The warranty period varies from product to product. Kindly refer Warranty Certificate for details.
2. The foregoing warranty constitutes Jaquar's sole warranty and Jaquar gives no warranty, express or implied, including warranties of fitness for a particular purpose and warranties of merchantability and there are no warranties which extend to use of the company's Products for the purposes beyond description and further company neither assumes nor makes nor authorizes any person to make representation that the product is of any particular quality or standard or is suitable for any particular purpose.
3. This warranty shall be governed by the laws of the land wherein the sale of the product is affected. The Courts within whose territorial jurisdiction such sale is affected shall have the exclusive jurisdiction to entertain any dispute regarding or arising out of this warranty and/ or the sale of this product. Any claim of defect or replacement or any other complaint under this Limited Warranty Certificate shall be made to such Official Distributor/ Dealer Provider of the Company in the Country where the sale is finalised. The warranty for this product shall be valid only if the product has been purchased through an Official Distributor/ Dealer.
4. This original certificate must be preserved by the customer and produced whenever required.
5. During the warranty period and under normal use, if the product / component / part is found to be of faulty due to manufacturing defect, the same will be repaired or replaced upon production of this warranty certificate, without charges either for part or labor or both, the decision of company official will be final for fault qualifies for warranty.
6. Warranty remains applicable only if the products have at all times been used strictly in accordance with the terms of this warranty and has not been improperly or negligently handled and is not maintained in accordance to maintenance guidelines given.
7. In the event of non-availability of components or parts due to any reason whatsoever Company or its Authorized Service provider or the Dealer will not be responsible or liable for any delay that may be caused to service/repair of the Products; no claims financial or otherwise will be entertained.
8. Warranty on Wellness Products against defects in material or workmanship as follows: Company will repair at no charge for parts only or, at its option, replace any product or part which proves defective because of improper workmanship and/ or material, under normal installation, use, service and maintenance.
9. Company and customer agree that company will not be liable for any damages whatsoever arising out of use or inability to use its Company's Products. Jaquar bears no responsibility for incidental or consequential damages arising out of use or inability to use Company Product.
10. Company and customer agree that Company shall have no liability for any cargo loss, loss of use or any incidental or consequential damages arising out of this order which are alleged to have been caused by any of the goods delivered hereunder.
11. By purchasing this product, customer agrees to Company's aforesaid warranty on the product.
12. Company neither assumes nor authorizes any person to assume for us any other obligation or liability in connection with sale of this product.
13. Under no circumstances shall Jaquar be responsible for any incidental or consequential or any other damage or cost or expense, including but not limited to loss of profit or removal, transportation, handling or re-fixing costs and expenses.
14. Customer and Company agree that customer's sole remedy for any defects in goods hereunder shall be limited to the repair or replacement at the Company's option within warranty period after delivery of such goods to the first purchaser, of any defective goods, of which notice of defects is given by the Customer to the Company in accordance with terms of this warranty certificate. The part/product against replaced part/product will be property of Company.
15. Company Shall not be liable to Customer claiming the warranty under the terms of condition of this Limited Warranty Certificate, due to defects caused by rodents/pets or in the events of force majeure. The Force Majeure means any disaster, act of God or the public enemy, any accident, explosion, fire, storm, earthquake, electric storms, tornado, flood, casualty, lockout, strike, labour conditions, unavoidable accident, nuclear explosion, national calamity, or any other circumstance or event or by any enactment of law, or by order of any legally constituted authority, or by any other similar cause of the Company or beyond the reasonable control of the party relying upon such circumstance or event.
16. Company and customer agree that Jaquar bears no responsibility for incidental and / or consequential damage arising out of use and for inability to use a product. Company liability will be limited and restricted to the product replacement/value of the product sold. Company under all circumstances shall not be liable to uninstall the defective product or installed replacement product. In case replacement is the only option then the customer has to hand over the defective product to the seller from whom it was purchased and take the replacement product from there.
17. In order to claim warranty, this Limited Warranty Certificate, duly filled, stamped and signed by the Dealer must be submitted along with product on which warranty claim is made to attending authorized service personnel.

NOTWITHSTANDING THE ABOVE, THE FOREGOING WARRANTY SHALL NOT APPLY TO THE FOLLOWING:

1. Any defect or damage caused to the product due to natural wear and tear;
2. Any defect or damage arising from reasons attributable to the purchaser/ third party, including without limitation willful actions, negligence, mishandling, improper storage, improper fitting, misuse or improper repair, faulty installation, negligence, accidents and repairs by unauthorized person or maintenance practices and/ or used in a manner contrary to any written instructions provided by Jaquar; however the certificate entitles the customer to seek training for his plumber from nearest Jaquar office.
3. Any other defect or damage occurring or being notified after the expiry of Warranty Period, including but not limited to any latent defect.
4. The problems arising from inadequate water pressure, water impurities or improper care and cleaning and Voltage fluctuations
5. In line water filters, should be used with Faucets so that any damage to ceramic cartridges without the use of in line filters will void warranty
6. Intentional and Accidental use of cleaners containing abrasive cleansers, ammonia, bleach, hair dye, acids, waxes, alcohol, solvents, bath oil, bath salts or other products not recommended for Color and Coating and due to Improper cleaning or cleaning with coarse cloth also for fading of any material due to sun or chemical exposure
7. Any goods which after delivery hereunder have been repaired or modified or altered by anyone other than that has been authorized and approved by the Jaquar.
8. This warranty does not cover installation or any other labour charges associated with the job work or re-installation of Jaquar products.
9. When the product is not operated in accordance with the instructions concerning use and operating.
10. Damage to any products based on or resulting from installation or repair, misuse or abuse or alteration or adjustment, whether performance by a contractor, service company or yourself.
11. Damage resulting from failing to reasonably clean, care for or maintain a product.
12. This warranty does not cover the damages as a result of disaster such as fire or acts of God, including flooding, earthquake, or electric storms and other Force Measure

Notwithstanding the above, the foregoing warranty shall not apply to the below mentioned conditions Related to Geysers:

1. Element bust and component failure due to calcium deposition.
2. Claim related to Shock coming from Faucets due to improper earth line.
3. Any damage to the unit, if safety valve & Proper rating of MCB was not installed.
4. Poor Installation resulting from not following and implementing the standard instruction and guidelines issued with product.
5. Leakage due to Poor quality of Braided hose, angle valve, in out knob if not from Jaquar Brand.
6. In extreme cold condition drain out water from water heater through safety valve after use. Don't allow water to freeze in the tank.
7. If anode rod, the consumable, is not replaced with new anode rod

Notwithstanding the above, the foregoing warranty shall not apply to the below mentioned conditions Related to Concealed Cisterns, Bathtubs, Whirlpool, and Steam Enclosures & Glass Shower Enclosures for the following:

1. Damage to the finish of fittings or accessories caused by the use of cleaning solvents/chemicals or improper cleaning methods.
2. Damage resulting from the use of chloramines, excessive concentration of chlorine in water.
3. Damage in shipping, handling or transportation. Please inspect the unit prior to installation to ensure the unit is free of any defect or damage.
4. The warranty does not cover glass breakage or the coating on the glass. By its nature, all glass has the potential to shatter; therefore, Jaquar use only toughened safety glass.
