WELCOME TO UNEARTHED HOME DECOR!

We are a wholesale supplier of quality, trend-forward, and artisanal decor and homeware, all handcrafted right here in South Africa. We are a family business led by an aunt and niece duo, both with an unwavering dedication to design and love for sustainability.

We place a strong emphasis on ethical practices and local support, collaborating with independent artisans who are masters of their craft. When you purchase a product from us you can trust that you are not only investing in quality pieces but also contributing to the growth and success of our talented artisans.

Our commitment to sustainability can also be seen in the materials we use. Working with Blue Gum wood, an alien vegetation that poses a threat to indigenous flora and water resources, we play our part in conservation efforts while creating beautiful, sustainable products.

We seamlessly blend global trends with a unique African touch. Rooted in the Wabi Sabi philosophy, we celebrate imperfections and cherish the ever-changing beauty of nature. Natural cracking and variations in size and colour are not flaws but integral parts of the aesthetic.

We are excited to embark on a creative journey with you, bringing the essence of South African craftsmanship and the spirit of Africa to homes and spaces worldwide. Let us inspire and elevate your decor offerings with our unique and soulful collection. Together, we can weave magic and create unforgettable experiences for your customers.

With love,

Sam & Marijke
