WHY ORIGIN QUARTZ?

Our stone comes with a limited lifetime warranty which guarantees no manufacturing defect for a period of fifteen years from date of installation in residential properties and a ten year warranty for manufacturing defects in commercial settings.

Our surfaces are supplied on our companies core principles: Stock Availability, Quality, Competitive Pricing and Excellent Service. This ethos drives our operations and product offerings, positioning us as a premier supplier of Engineered Stone in the wholesale market.

Origin Quartz specialises in surfaces that imitate the appearance of natural stone while offering enhanced durability and performance. Our products are designed to provide hard-wearing surfaces which are suitable for various applications such as: kitchen countertops, bathroom surfaces, flooring, wall cladding and custom furniture.

Benefits of using engineered surfaces:

- Durable
- Non-porous
- Low-maintenance
- Competitive Pricing
- Variety of colours & designs
- Easy to install
- High scratch resistance
- High stain resistance
- Excellent long-term investment
