The Reassurance
of Endurance.

Handcrafted
for life

Iconic, and Everlasting.

Get ready for everlasting love with our curated collection of the world's most Instagrammable sinks. **Shaker butler sinks by Shaws** of Darwen. Created to be the focal point of contemporary Victorian and farmhouse-style kitchen moodboards. Each iconic sink is painstakingly handcrafted, then dated, numbered and stamped with the insignia of the master crafter. And, unlike most love affairs, a Shaws Shaker Sink is in it for the long run. Rather reassuring, we think.

Our showrooms are open 7 days a week.

Prices are valid while stocks last and subject to change. Prices include VAT.
