

SCOTCHGARD™ Aerosol

Fabric Water Shield

Long Lasting Protection

Waterproofs Fabrics

Stocknumbers: 7100228697 / 7100228698

Technical Data

Date: April 2020.

Supersedes: Initial issue.

DESCRIPTION

The product is solvent based aerosol, specially designed to protect upholstery fabrics, canvas shoes, backpacks, clothing, luggage and table linens. Do not apply the product on carpet, leather, finished wood or plastic

PRODUCT BENEFITS

Keeps your things looking good longer!

- Gives fabric repellency to protect against water
- Dries quickly
- Won't change the feel or breathability of fabrics when used as directed

COVERAGE

1 can=1 average size sofa or 2 chairs, or 5 jackets. Coverage varies with size, fabric type and amount applied

DIRECTIONS FOR USE

1. Use only on clean & dry or new surfaces.
2. Do not use on imitation leather, plastic or rubber and protect non-textile parts from overspray.
3. Test for colour fastness. Spray in an inconspicuous area and allow article to dry completely to check for color change. May give fabric a slightly darker, richer tone.
4. Hold can upright 15cm from fabric surface. Overlap spray using

a slow, sweeping motion. Two light coats are better than one heavy coating.

5. Allow to dry between coats.

6. Reapply after every clean or annually to maintain protection.

Durability of protection varies.

SAFETY USE:

Extremely flammable aerosol. Pressurized container. May burst if heated. Vapours may cause drowsiness and dizziness. Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Avoid breathing vapour or spray. Use only outdoors or in a well-ventilated area. Protect from sunlight. Do not expose to temperatures exceeding 50C/122F. Dispose of contents/container in accordance with applicable local/regional/national/international regulations. Repeated exposure may cause skin dryness or cracking. 34% of the mixture consists of components of unknown acute oral toxicity. Contains 7% of components with unknown hazards to the aquatic environment.
