	NP EN ISO 9001 CERTIFIED COMPANY	BI-OFFICE WHITE BOARD CLEANER Safety Sheet	Page: 1 / 4 Revision no.: 00
---	---	--	---------------------------------

1. Identification of the Product and Manufacturer

Name of Product: BI-OFFICE White Board Cleaner

Manufacturer: Centro Técnico de Estudos Químicos, Lda

Address: Rua de Monchique, 126, 4050-394 Oporto

Telephone: 22 3394180

Fax: 22 2005735

Poison Treatment Centre: 808 250 143

2. Product Composition

Name: BI-OFFICE White Board Cleaner

Type of Product and Use: Detergent for cleaning and treating white boards, conference easels and other magnetic boards.

Composition: Aqueous solution containing secondary alcohol and anionic tensioactives.

Main Ingredient: Isopropyl alcohol.

Concentration of Main Ingredient: < 5%

CAS Number of Main Ingredient: 67-63-0

Risk phrases: R10 - Flammable

R36 – Irritating to eyes

3. Identification of Dangers

Main Dangers:

Product is not identified as dangerous.

Safety Phrases:

S2 – Keep out of the reach of children.

4. First Aid

4.1. Contact with eyes

Wash with running water at room temperature, keeping eyelids apart, for around 15 minutes and then use normal saline solution if available. If symptoms persist, see your local ophthalmologist.

4.2. Ingestion

Rinse out the mouth and drink small quantities of water.

DO NOT FORCE VOMITING.

---	--	--	---------------------------------

4.3. Inhalation

Leave the area. Breathe fresh air.

4.4. Contact with the skin

Remove any clothing which has been contaminated and wash it with plenty of soap and water.

5. Fire Fighting Measures

Recommended extinguishing devices: Polyvalent powder extinguishers, foam extinguishers, nebulized water extinguishers.

Extinguishing methods to be avoided: None

Precautionary measures: The usual for avoiding fires when in the vicinity of chemical products.

6. Measures to be taken in the Event of an Accidental Leak

6.1.1. Personal Precautions

Avoid deep inhalation of product fumes.

6.2. Environmental Precautions

Avoid disposal of the product directly into watercourses or the sewage system.

6.3. Cleaning Methods

Place as much of the spilled product as possible into a container. Wash the site where the spill occurred with water.

7. Handling and Storage

7.1. Handling

Technical Measures:

No special care is required when handling the product.

Safety Recommendations:

The usual for handling chemical products.

<div data-bbox="277 128 393 199" style="border: 1px solid black; padding: 5px; text-align: center;"> CTEQ </div>	<div data-bbox="444 107 578 220" style="border: 1px solid black; padding: 5px; text-align: center;"> NP EN ISO 9001 CERTIFIED COMPANY </div>	BI-OFFICE WHITE BOARD CLEANER Safety Sheet	Page: 3 / 4 Revision no.: 00
---	--	--	---------------------------------

7.2. Storage

Technical Measures:

Avoid places that are very hot or that may cause the product to ignite.

No special precautions are required.

Incompatibilities:

No incompatible products are known of.

8. Control of Exposure / Individual Protection

It is recommended that inhalation of the product fumes be avoided.

No special protection is necessary.

9. Physical and Chemical Properties

Appearance: Transparent liquid.

Odour: Characteristic.

Solubility: Totally soluble in water.

pH: 6.5 ± 1.5

Density at 20°C (Kg/m³): 0.995 ± 0.01 (NP1669)

10. Stability and Reactivity

Product stable under normal conditions of usage. High temperatures may cause instability.

Products derived from thermal decomposition: CO₂ and some NO_x fumes.

Materials to be avoided

Strong oxidants, flames and sources of ignition.

11. Toxicological Information

12. Ecological Information
