- Dimensions: 240x472x400 mm

PHILIPS

Wireless subwoofer

420 W max. 8" woofer Dual wOOx passive radiators, Philips Wireless Home System, Sustainable Muirhead leather

Highlights

Spine-tingling bass

This Fidelio subwoofer brings spine-tingling bass to movies, shows, and music. A down-firing woofer and advanced dual passive-radiator design ensure rich, perfectly timed low frequencies fill any room. You'll add a whole new dimension to everything you watch—or listen to.

Head-turning looks

This head-turning subwoofer beautifully matches the Fidelio FB1 soundbar. The bevel is trimmed in anthracite Muirhead leather, while the top surface is in brushed metal. The visible elements of the twin passive radiators are detailed with metallic material, which softly catches the light.

Philips Wireless Home System

This Play-Fi-compatible subwoofer lets you build your perfect home theater sound. Connect to a

Fidelio soundbar to deepen the impact of movies and music with perfectly controlled bass—free from distortion, even at high volume. Add paired wireless speakers and create a true surround-sound setup.

Intelligent bass

Good things happen when this Fidelio subwoofer pairs with a Philips soundbar, speakers, or TV*. The sub recognizes what it's paired with and automatically takes control of the lowest frequencies, freeing paired components to concentrate on mids and highs. The result: even more richness and detail.

RCA connection

Connect this subwoofer to your existing home cinema setup, or to select non-Play-Fi-compatible TVs, via the RCA port.
