

RFID SECURITY

The Clip Pouch (RFID)

Ideal for everyday use, this ultra compact and discreet 'Hide Away' wallet keeps valuables close at hand and the RFID protection, ensures your cards are safe from illegal scanning.

Unlike ordinary wallets that are usually stored in a trouser pocket, this clip pouch securely attaches to the inside of any belt or waistband. Lightweight and easily accessible, it is the safest way to carry money and credit cards; and as an added bonus it comes with a handy detachable money clip to keep your notes altogether in your pocket.
