

A Smarter, Faster E-Scooter

Commute conveniently and safely with the Acer E-Scooter Series 5, a foldable E-Scooter with a modern design, featuring multiple speeds, responsive braking, a shock absorbing suspension system and a clear, bright display.

Innovative E-Scooter Design

The Acer ES Series 5 is foldable for portability, features inner tube routing cable and the large display lets you select speed, check battery power, and see how fast you're going

Multiple Speed Modes

Easily maneuver using various speed modes, from eco mode at 6 Km/hr, standard mode at 10 Km/hr and sports mode at 20-25 Km/hr (depends on countries regulation)

Ride Smoothly

Equipped with foam tires and a shock rear suspension, which reduces shock by 20 to 30% on bumpy roads and a warning light while riding in pedestrian mode

Flat Tire Proof

The rubber tires are flat tire-proof thanks to innovations in rubber tire technology

Long Distance Range

The large battery can handle long distances on a single charge, giving you peace of mind

Double Brake System

The front electrical brake and rear disc brake make for a safer ride, allowing for shorter stop distances in sports mode and all around peace of mind when riding.

Turning Light

Using turning lights while riding your eScooter is an effective way to promote safety and prevent accidents on the road.

Hardware Upgrade

Pass waterproof test IPX5, thoroughly improved the durability and safety.

Specifications

Acer ES Series 5

Model name	AES015	Maximum load	Up to 100 Kg
Dimensions (unfolded)	118L x 49W x 125H(cm)	Clearance	11 Cm
Dimensions (folded)	118Lx 49W x 55H(cm)	Height adjustable handlebar	No
Weight incl. battery	18.5 Kg	Brakes	Front electronic brake & rear disc brake
Motor	36V/350W	Display	LED display
Battery	15Ah	Wheel absorber	Rear suspension
Battery type	Lithium-ionic	Wheels	Inflatable foam tire
Charging	42V/2.0A	Tire material	PU
Full charging time	8 hours	Drive unit	Front wheel drive
Maximum speed	20 Km/h or 25 Km/h (Depends on countries regulation)	Wheel diameter	10"
Maximum distance without charging	60 Km	Waterproof	IPX5
Speed regulation	Yes	Reflectors	Yes
Speed modes	3	Headlight	Yes
Speed modes level	0-6 Km/h; 0-10 Km/h; 0-20 or 25 Km/h (Depends on countries regulation)	Sound signal	Yes
Bluetooth	Yes	Backlight	Yes
Folding mechanism	Yes	Turning Light	Optional
Main material	Aluminum	App	Yes
		App Features	<ol style="list-style-type: none"> 1. Speed unit switch (Km/h or MPH) 2. Cruise control 3. Electric lock 4. Searching alarm 5. Lateral illumination 6. Gear switching 7. Headlight control 8. Checking current & total riding
