Roomba Combo®

Robot Vacuum and Mop

Our most powerful vacuuming and mopping

The Roomba Combo® j9+ tackles dirt wherever it hides using innovative dual rubber brushes, an Edge-Sweeping brush for walls and corners, 100% stronger suction power¹, and powerful scrubbing action.

30 days hands-free clean

The Clean Base® Auto-Fill Dock empties 60 days of debris and refills the robot's tank for up to 30 days, so you can enjoy truly hands-free cleaning for longer.

Mops hard floors, keeps carpets dry

With D.R.I. (Dry Rug Intelligence) and the Auto-Retract Mopping System, you can trust your Roomba Combo® j9+ robot vacuum and mop to keep your rugs dry.

Does the planning. Does the cleaning.

Dirt Detective, powered by iRobot OS, learns from cleaning history so your robot can automatically prioritize rooms, adjust suction, and the number of cleaning passes.

Double scrub mopping

With SmartScrub, your Roomba Combo® robot imitates real mopping, passing back-and-forth with downward pressure to tackle messes.
